HE HAD MARRIED AGAIN.

A Deserted Wife Discovers Her Faithless Partner.

CHICAGO, Aug. 17.

A morning paper says: After a search of sixteen months, during which she visited nearly all the principal cities in the middle and eastern states, Mrs. Fannie Pollock last night found her husband, Alex. Pollock, in this city, and had him arrested on a charge of bigamy. Pollock deserted his wife and two children while they were changing cars in Ottawa, Canada, leaving them penniless. On Jan. 23, Pollock was married to Rosa Linker, at Buffalo, N. Y. With his new wife, and accompanied by her father and mother, Pollock came to Chicago and purchased a jewelry store and was conducting the business under the name of Jacob Saxe, assumed by him prior to his marriage with Rosa Linker.

CLARKE WALLACE WON'T DO

For the Leadership of the Conservative Party.

[SPECIAL TO GLOBE.]

OTTAWA, Aug. 17.

The *Citizen* (Conservative) this morning has an article on the leadership. It says: "But as for Wallace being the leader of the Conservative party in parliament, that is a matter for the Conservative members to decide in caucus on Wednesday next. The question is not likely to give much trouble. Mr. Wallace has intelligence and a good deal of force of character and few, we should think, would seriously consider him to have any qualifications for a party leader. In fact, Mr. Wallace can scarcely imagine himself intended for such a position."

At a social gathering held in Jefferson, Ia., upon a lawn Thursday night, one of the guests lost a stick pin, a valuable jewel. The loss was not noticed until the lady was about to depart late in the evening, and neither she nor anyone else had the slightest idea where or when it had been lost. During the night the hostess dreamed she saw the pin in the grass by a chair, and so vividly was the vision impressed upon her mind that in the morning she went to the lawn and found the jewel in the grass exactly as she had seen it in the dream.

THE DISTRIBUTION of the Munyon rheumatic remedies is to take place at the GLOBE office to-morrow, commencing at nine o'clock.

FIRE ALARM BOX 231 has been removed while No. 4 Engine house is being repaired, and will not be in use for some days.

ACCIDENT.—While riding in from Loch Lomond this morning P. B. Holman fell from his bicycle and badly cut one of his knees. It is feared the accident will shut him out of further racing this fall.

TEMPLE OF HONOR.—Mr. D. McNally, of this city, has been at Niles, Ohio, in attendance at the annual meeting of the Supreme Council of the Temple of Honor and Temperance.

ROTHESAY COLLEGIATE SCHOOL.—Mr. Lorne Campbell, a graduate of the Windsor, Ont., Collegiate Institute, has been notified of his appointment to the teaching staff of Rothesay College, Rothesay, N. B.

DEATH OF AN OLD RESIDENT.—The death is announced to-day of Mr. John Howe, father of Mr. Jonas Howe and Mr. J. D. Howe. Mr. Howe was in his 87th year. He came here from Ireland about sixty-five years ago.

BROKE A WINDOW.—The actions of an intoxicated young man caused some excitement about Mill street at noon to-day. He raised a row in John Walsh's saloon, and being ejected he broke the glass in the door with a dinner kettle. He was around the street for over half an hour acting in a most disorderly manner.

METHODIST MINISTERS MEET.—The regular weekly meeting of Methodist clergymen was held in Centenary school room this morning. The attendance was large and the reports from the churches were encouraging. Rev. Mr. Tait, of British Columbia, was present and delivered an interesting address on the state of Methodism in the west. A hearty vote of thanks was extended to Rev. Mr. Tait at the conclusion of his address.

MASONIC.—An exceedingly interesting meeting of Albion Lodge was held this forenoon, inasmuch as it was a morning meeting. It was attended by a large number of craftsmen. Dr. Walker, W. M., presided, and the fellowship degree was was conferred on four candidates.

The annual meeting of the New Brunswick Consistory, R. & A. Masters, will be held at Masonic Hall this evening.

GROCERS' PICNIC.—The Isle of Pines, on the St. John river, will to-morrow be the scene of a great gathering. The grocers of the city are to hold a picnic there, preparations for which have been underway for over a month. Nearly all the large wholesale and many of the retail grocers will close their stores, and the attendance is sure to be large. The chief attraction is the big boat race, for which several very fine crews are entered. The first steamer will leave Indiantown at 9 o'clock, the second at 10 o'clock and the last at 11.30 o'clock.

HORTICULTURAL EXHIBITION.—A meeting of the associate directors of the Horticultural Association was held in the Board of Trade rooms this morning, Mrs. W. H. Tuck presiding. It was decided by the ladies that they would take charge of the refreshments at the exhibition of flowers commencing on the 25th, and committees to look after the tables were formed. Mrs. R. Keltie Jones was elected permanent chairman, and with Mrs. A. H. Hanington will be at the head of the committees. The ladies will meet at the rink on the morning of the 25th inst.

THE BRIDGE AT LONG WHARF.—There is probably no private by-way in the city that is more used, and that is more convenient, than the bridge at Long Wharf. It is used almost entirely by the people of High, Acadia, Camden and other streets in the North End. This being the case it is no wonder that there was a good deal of feeling when it was rumored that the bridge would be taken down. There was a stipulation, however, in the order that if a light was placed on it the bridge need not be removed. Mr. Robert Carson, who erected the bridge, took the matter up and as quickly as possible a light will be placed on the bridge. It is also the intention to make some repairs and otherwise put the structure in good condition.

THE LABOR QUESTION.—A committee from the Ship Laborers' Union and Messrs. Robert Reford and Thomas Nairn, of the Donaldson S. S. Line, met on Saturday and talked over the labor question for the coming winter. The only point that they could not agree upon was in reference to working by the hour instead of by the day. So far the laborers seem to be willing to alter the rules of the union so as to comply with the working of the different hatches and other matters that were in dispute last year. The laborers state they are willing to deal fairly with all steamboat lines. President Thomas Burns had an interview with the above gentlemen to-day, but nothing was done. They are, however, putting into writing an agreement which will be submitted to the committee this afternoon. It is to be hoped that all the matters in dispute will be amicably settled.

"ON SOUTHERN SOIL."—The company which is to present this play in the Opera House will give its first performance here on Friday evening. Mr. Cross, the advance agent, says the failure of the company at Halifax was due to the unavoidable absence of some of the company, whose places had to be filled by understudies. Since then the company has attained its full strength, and, at Truro, the first town visited after leaving Halifax, nothing but good words was heard of the performance. In fact the Truro engagement was but for one night, but so interesting did the play prove that the manager was asked to extend the engagement and repeat the play the following evening. This was done and the success of the first performance was duplicated. "On Southern Soil," which was a success last season, has since undergone changes which have even enhanced its good points.

COMPLAINTS are sometimes made of the roughs who hang around the roads leading out of the city and annoy people by interfering with their progress. On Sunday evening Mr. Edward Murphy and one of his employes were returning from Loch Lomond, where they had been spending the day with their families. When a little beyond Lawton's the wheel of the carriage was seized from behind, and a man was noticed trying to hold the carriage back. Mr. Murphy struck at the rough with his whip and the resistance to the wheel was quickly stopped. The horse then started ahead quickly, when another man on the opposite side of the road was seen. He ran rapidly along and endeavored to catch the horse, but was unsuccessful. Mr. Murphy does not know whether the men were trying to frighten him or whether it was a bona fide "hold up." The experience was disagreeable, however, and something should be done to stop the rowdyism.
