St. John Globe

ST. JOHN, N. B., AUG. 5, 1896.

CIVIC TAXES.

In a few days the Chamberlain will be engaged in the pleasant task of reminding the citizens of St. John how much of their hard cash they will be expected to place in his hands for the purpose of carrying on the civic government. Just now the Chamberlain's staff is busy making out the bills. To relieve the anxiety of taxpayers while this work is being done, and to give them an opportunity, if they so desire, of calling at once upon the Chamberlain, the GLOBE to-day, as is its annual custom, publishes a list of all persons who pay $50 and over.

The valuation for assessment purposes this year is as follows, as compared with four previous years:

	R. E.	P. E.	Income.	Total.
1892 ...	$12,389,800	$8,260,70	$3 8 5.3	$24,535.80
1893....	12,369,00	8,71,300	3,7 5.500	24,256,700
1894....	12,243,300	7,95,.00	3,621,900	23,770,700
1895....	12,260,500	7,870,.0	3,511,160	23,382,060
1895 ..	12,334,100	7,689,900	3,770,203	23,735,200

It will be seen that the total valuation is a little more than last year. It is less, however, than in the preceding three years.

The total amount of taxes levied is as follows:

Year.	Total Taxes
1892.....	$326,121
1893.....	371,767
1894.....	374.018
1895.....	359 023
1896.....	333.941

It will be observed that the reduction of taxation has ceased, and that a start ahead is again being made. The increase of taxes this year is nearly $5,000, but it is a commencement, and indicates that the T. R. A. principles are being forgotten. The taxes, however, are $11,000 less than in 1894, and $23,000 less than in 1892. The percentage of taxation is $1.46, the same as last year.

The number of ratepayers shows no appreciable change in the course of a few years. The figures are:

Year.	Number of ratepayers.
1892.....	10,490
1893.....	10,464
1894.....	10,440
1895.....	10,513
1896.....	10,455

There is no change this year in the mechanics and laborers' tax, which is $6 38.

The following is a statement of the amounts levied for the different services for 1895 and 1896:

AN ANCIENT FRIEND.

The existence of a sea serpent is still doubted, yet there are persons who claim to have seen it. That their view is not generally accepted is not surprising, for the unbeliever is very prosaic. Lately the serpent was seen by a party sailing in a yacht on the Massachusetts coast. They first noticed the beast or reptile in a large cove on the shore. The monster first attracted attention by whistling, doubtless, as one paper remarks, to keep his courage up or perhaps to be mistaken for a whistling buoy. The eyes, folds, wrigglings, etc., were so clearly observed as to be easily described. A captain bold of Plymouth has risen with a fair explanation of the delusion. While off Cape Ann he saw three white humps rising and falling in the water. He put after them and when alongside discovered that the "serpent-shaped, undulating body" of the monster was made up of three white whales, swimming nearly in procession. The captain's opinion is shared by several fishermen, who saw the same thing. In such a wide field as the sea there will always be objects which at a distance will assume almost any shape, and so long as they are seen by persons with a sensational eye the sea serpent, or other like monsters, will live. At this season of good fishing it is surprising that no one has seen the serpent in Lake Utopia. Perhaps it and the one seen near Cape Ann are identical. To get from the Lake to Cape Ann is surely within the range of a creature possessing the powers of the serpent. The feasibility of the theory needn't be destroyed because when at Lake Utopia the serpent is made up of ducks and when at Cape Ann of whales. The monster evidently adapts itself to circumstances.

The accident of Monday night by which a young woman lost her life is another evidence of the necessity of gates at every level crossing. The crossing where the accident occurred is said to be the most dangerous in the vicinity of St. John. Narrow escapes are reported there very frequently.

Hon. W. S. Fielding, Minister of Finance, was elected in Shelburne to-day. He met with no opposition.

A strange assortment of objects was removed by a surgical operation in an Odessa hospital from the stomach of a Yalta woman suffering from a horrible form of starvation. It comprised a fork, a piece of iron, two teaspoons, a needle, a piece of lace with the crochet needle, two 2½ inch nails, four pieces of glass, eight buttons and a key. The woman is out of danger and the contents of her stomach attract crowds to the hospital museum.

MILITIA APPOINTMENTS.—8th "Princess Louise's New Brunswick Hussars." To be 2nd Lieutenants, provisionally: Charles James Milligan, gentleman, and Isaac Burpee, gentleman, to complete establishment.

COL. DOMVILLE, M. P., was in Sussex last night, and found there a great deal of indignation over the protest made by the Conservatives against his return. It is possible that when matters are carried so far reprisals may be considered in order. A good deal of pressure is being put on the member for Kings to deal with government office holders, but the Colonel is loath to take any steps in that direction.

THE TUCKER COMPANY delighted large audiences both Tuesday afternoon and evening at the Opera House. In the evening "La Belle Marie" was repeated. At the matinee this afternoon "Alone in London" was reproduced, and this evening "Queena" will be presented by request. In this play Miss Tucker and her company made a great hit. Friday night's performance of "Camille" is expected to be the attraction of the engagement.

Dr. Oronhyatekha, the Supreme Chief Ranger, went through on the train this afternoon and was warmly welcomed by the delegates.

WEDDED AT WESTFIELD — At two o'clock this afternoon Dr. Byron S. Price was married to Miss Alma Crawford, daughter of Mr. George Crawford, at the latter's residence, Westfield Beach. The ceremony, which was performed by Rev. S. McCulley, was witnessed by only the relatives and very immediate friends of the bride and groom. The bride was attired in a beautiful wedding gown of white and carried a bouquet of roses. Miss Simpson, of Paddock street, was bridesmaid and Dr. J. H. Scammell supported the groom. After the wedding feast the young couple left for a honeymoon trip to Niagara, Toronto and Quebec, from whence they will go to Halifax. They received many beautiful gifts. The bride's present from her father was $10,000.

THE PICNIC SEASON is now in full blast and almost every organized society is falling into the way of having an annual outing. To-day three large picnics were held.

The Cathedral congregation went to Torryburn. Several trips were made to the grounds and many availed themselves of the opportunity to enjoy a pleasant day. The scholars of the Sunday school, headed by the City Cornet band, marched from St. Malachi's hall to the station. The line extended from the head of Dock street to Canterbury street, and the children in the procession made a very pretty sight.

The Presbyterians of Carleton went to Eagle Rock.

The Reformed Episcopalians of Fairville spent the day enjoyably on the Bay Shore.

To-morrow (Thursday), the St. Luke's church picnic will be held at Watters' Landing.

DECORATION DAY.—On Thursday afternoon the Knights of Pythias will, according to their annual custom, march to the cemeteries and decorate with flowers the graves of those of their comrades who have entered into their rest. The Knights will assemble at their hall at 1.30 o'clock, and headed by a band will march down Germain street to Duke street; along Duke to Prince William; along Prince William to King, and from there to the cemetery via Waterloo street. The flowers will be carried in two barouches. P. G. C. Moulson will deliver an address at the Rural Cemetery, and the Knights will sing the hymns "Forever with the Lord" and "Thy Will Be Done." The graves to be decorated are:

POLICE COURT.

William Rourke, drunk on King Square, was fined $4.

Michael Durnan was charged by Jeremiah Coholan with assault. The case was withdrawn.

Margaret McLeod, of Sheffield street, was charged with drunkenness. Asked to plead, she said she supposed she was and that she might as well say so any way. Officer Earle was called and he showed that Margaret was not only drunk but when the officers asked her to go home, she told them to visit territory where ice is scarce. She was fined $8. She paid the fine, and with a look of disdain swept from the court room.

Alexander McDonald, David Raynes and James Linton were charged with participating in a fight on Douglas avenue. Raynes and Linton were able to show that they were attacked by McDonald and another man named Duffy. McDonald paid $20 fine.

Mrs. Guthro was fined $20 on Tuesday for keeping liquor for sale without a license.

Mrs. Costigan, a licensed dealer on North street, was fined $50 for selling during prohibited hours.

The case against Amelia Francis for violation of the liquor license act was dismissed.

THE LUMBER TRADE.

Dullness in the American Markets and Activity Across the Ocean.

Twelve steamers are now in port loading deals for the English market. One or two square-rigged vessels are taking on lumber for South America, but not a cargo is being loaded for the American market. This is a most unusual condition of affairs. The lumbermen say the American market was never so dull. Notwithstanding this the mills are all busy. Those owned by Americans as well as the others are sawing for the English market. The twelve steamers are, it is said, taking on board a million feet of lumber daily. Many other steamers are expected here and the rush is likely to continue. A prominent lumberman told the GLOBE that, notwithstanding the dullness of the American market, the probability was that the shipments this month would be in excess of any month in the history of the port. This is because of the extensive steamer shipments to England. The steamer business has kept many of the laborers busy. To-day there was no work going on in the harbor, many of those employed having gone to the Bishop's picnic.

PERSONAL.

Hon. Charles Jewett Tyrrell, of Boston, a leader in the United States among the Sons of Temperance, and an authority on constitutional questions, has been visiting in St. John and left for his home to-day. While here he made many acquaintances, and on Tuesday evening visited Victoria Temple of Honor and addressed the members of the society at some length. He is a fluent and interesting talker.

Mr. Fred LaForest, of Edmundston, is in the city.

Miss Susie Ramsey, of Portland, who has been visiting Boston for the past three months, returned home on Tuesday.

Hon. A. T. Dunn went to Fredericton this morning.

Senator McClelan returned to Albert today.

Mr. and Mrs. W. R. McMann left by the C. P. R. this afternoon for British Columbia, where they will in future reside. Mr. McMann was formerly in the firm of L. McMann & Sons. He retired some years ago and has lived at Brookville. The departure of Mr. and Mrs. McMann will be greatly regretted by a large circle of
