St. John Globe

ST. JOHN, N. B., JULY 21, 1896.

## THE POPULISTS AND DEMOCRACY.

The endorsation of Mr. Bryan, the Democratic candidate for the Presidency of the United States by the Populist party would weaken him with the Democracy generally, but it would strengthen him in those States in which the Populist cause is strong. As a rule the Populists are disposed to take Bryan. A leading member of the executive committee of the party said at St. Louis on Friday that if the Democrats would give the Populists their fair share of the votes in the electoral college the thing would be done, and that as far as possible difficult questions between the two parties would be ignored, the basis of arrangement being the number of votes to be allowed in the body which chooses the President. Despatches to the press here to-day indicate that this was not followed, but that the Populist action took other lines. In fact, the demand was that the Democratic ticket should be recast, and that a Populist candidate for the vice-presidency should take the place of Mr. Sewall. At the present moment it looks as if no arrangement between the two parties is likely, but it is admitted all round that many of the Populist voters in all of the States will support the Democratic nominee for President.

## TROUT FISHING.

Mr. Climo's letter opens up a subject which has been discussed in this province with considerable vigor ever since the policy was adopted of handing over the control of the lake fishing—or a great portion of it—to those who could or would purchase it. Of course, the persons who purchase these fishing privileges are quite within their right and upon them there is no responsibility further than to pay what they engage to pay and to protect the property for which they pay as the law permits. But we have always regarded the plan of shutting out the people from fishing in the streams and lakes of the province and the handing over of the public right to a few individuals as a most objectionable thing, as interference with a natural right and as tending to create in this province a system of game laws such as have created class privileges of a most objectionable kind in other lands. It is argued that the fish are protected by this plan, but, so far as the great bulk of the people is concerned, the fish might as well have no existence if the people are not to be allowed to catch them, and all of the protection that is given is for the benefit of the few owners. The fish might very easily be protected under another system to the general advantage. In the neighboring State of Maine the waters are open to the whole people who desire to use them, and there are as many fish in the lakes of that state as there are in the waters of any similar country.

## SPAIN AND CUBA.

The effort to break up the rebellion in Cuba is costing Spain very heavily. A fresh levy of troops has been made, and during August and September 38,500 men of all arms, including a small force of cavalry, will be sent into the country. But as the pressure for troops grows the people feel the burden, a burden which not only takes their money, but their younger population, and there was published lately an account of a tremendous appeal which had been made to the Spanish government by a large number of mothers in Spain to do something to relieve the distress of their families consequent upon the taking of so many of their sons into the army. Nevertheless it seems that the war is popular in Spain. Among recent reports, as giving evidence of this popularity, is one to the effect that in the Asturias the Bishop of Oviedes has headed a volunteer movement which has led to the organization of two battalions of volunteers who will go out to Cuba as soon as the cold weather sets in. There will be four thousand men in this organization, and the battalion so organized will be maintained by popular subscriptions among the people of the province of the Asturias. Should this movement meet with the success which is expected, it is thought that volunteering will follow in all the provinces. Indeed, enthusiastic Spaniards say that by the first of the year, between regulars and volunteers there will be a hundred thousand armed Spaniards in Cuba engaged in the work of breaking up the revolutionary movement.

## INTERESTING RELICS.

Alexander Hamilton set out thirteen trees on Washington Heights, Manhattan Island, to commemorate the thirteen original states of the American Union. Their location is between what are now One Hundred and Forty-second and One Hundred and Forty-third streets, New York. These trees are set out in a small plot of ground about twenty-eight feet square. Probably Hamilton, had he lived, would have transplanted them as they grew, but his death in the duel with Aaron Burr prevented that. Of the thirteen trees nine are absolutely dead. Their crowded condition probably contributed to their comparatively early death. Three have a few green branches which show that there is yet some life in them. Only one is thrifty. The New York *Commercial Advertiser*, which describes these trees, says nothing of their nature or of their species. The paper also says that about the "time these trees were planted General Washington took thirteen ears of yellow corn and stripping the husks braided them together and hung them over the door leading to the billiard room of Earlecliffe, then the Jumel mansion, about one mile distant, in commemoration of the days which he spent at the mansion as his headquarters while the Continental army was quartered on Manhattan Island prior to Washington's retreat from the attack of Lord Cornwallis across the old King's Bridge. The thirteen ears of corn are still hanging just as they were placed by the commander."

The Hudson's Bay Company was able to pay this year a dividend of thirteen shillings per share, against twelve shillings per share in the year previous. This is a good state of affairs, and the result was reached despite the fact that changes in the fashions and milder winters have had an effect in causing a reduction in the value of some kinds of furs. There was some complaint at the annual meeting because of the heavy taxation imposed upon the company in the northwestern country, but it seems that the value of the company's lands is steadily increasing, and much more rapidly than the taxation. According to a statement submitted at the meeting 835,000 acres of the company's farm land, or about one quarter of it, is subject to taxation, though this quantity is steadily increasing as the work of surveying is going on steadily.

Hon. Mr. Mitchell, the new leader of the Local government, made a speech at St. Stephen on Saturday in which he stated that his colleagues in the Local government were unanimous in the feeling that he should be the Premier. He very naturally expressed his satisfaction that the men with whom he had been associated for years took this view. Mr. Mitchell ought to know whereof he speaks, and yet it is well for him to know that there are in this vicinity very positive statements made to the effect that another gentleman, a member of the government, pretty vigorously insisted upon being made Premier, and only yielded on an understanding that he should succeed Mr. Mitchell. After the succession was thus arranged for he was satisfied to support Mr. Mitchell. Mr. Mitchell in his address promised to give sound, honest, economical government to the Province.

Quebec *Chronicle*: We are glad to see in the Toronto *Globe*, the chief organ of the Liberal party in Canada, some sensible and just remarks, deprecating the wholesale dismissal of civil service employes, the moment one government succeeds another. We do not believe it is Mr. Laurier's intention to make the clean sweep which some of his friends say that he will.

The Independents scored in the last Local government appointment. Mr. Knight, the new Chief Game Commissioner, is of that political persuasion.

## POPULIST POLITICS.

### Sewall is not Acceptable for the Vice-Presidency.

ST. LOUIS, Mo., July 21.

The morning before the opening of the two conventions finds little change in the situation so far as the straight out or middle of the road Populists are concerned. They do not appear to have taken much stock of the intimation of the chairman of the national Democratic committee regarding the distribution of representation on the Democratic executive committee. The utmost concession the extremists suggest is the nomination or endorsement of Bryan on a distinct Populist platform of their own devising and the substitution of a Populist of their selection in place of Sewall.

George F. Washburn, of Massachusetts, chairman of the eastern division of the national people's party committee, said to-day that in order to preserve party organization and in the interest of harmony it is proposed to satisfy the western men with the nomination of Bryan, and reconcile the southern people by nominating a leading southern Populist for second place. "We will not permit ourselves to be out-generalled by the manipulators of either of the two old parties. We may unite with the head of the ticket in this way and adopt a platform consistent with our movement. Bryan will be nominated. The western delegates will be satisfied to give selection of the vice-presidential candidate to the southern men. We have not discussed individuals, and I have heard no man's name suggested." Sewall's nomination by the Democrats, Washburn said, was a contradiction and blunder, and the Democrats may be forced to withdraw Sewall from their ticket.

## SENT BACK TO NOVA SCOTIA.

### The Sad Case of Andrew Smith's Family.

PROVIDENCE, R. I., July 21.

The state authorities have shipped Andrew Smith and his family to Nova Scotia, where they have a legal residence. Smith had erected a house at Moshansicut Park, Crinston, and had barely completed it this spring, when he called upon a neighbor and told him that on a certain day he intended to burn his new home. Instead of arresting Smith before he could commit the threatened act, the county officers let him prepare the premises for the fire and watched him while he was applying the torch. The house was destroyed, Mrs. Smith and her two little ones barely escaping with their lives. Smith was arrested as he was leaving the burning house, was indicted for setting fire to his home with intent to defraud the insurance companies, and being brought to trial was, by the state witnesses, including Dr. Keene, of the State Insane Department, proved to be incapable of realizing what he was doing, as he was hopelessly insane. Smith was committed and his family sent to the alms house, as they were in destitute condition. Smith's birthplace was hunted up, his friends communicated with and the family sent to Nova Scotia. He had been a hard-working man. The cause of his insanity could not be determined.

## HER NARROW ESCAPE.

CHICAGO, July 21.

Last night detectives arrested Jesse Thames, the "longman" of the quartette of robbers recently captured. Thames was en route to Milwaukee accompanied by his affianced bride, Miss Florence Gordon, of Detroit. Miss Gordon says she had not the slightest knowledge or suspicion of Thames' thieving career and expressed herself as much pleased at her escape from marriage with him. They were to be married in Milwaukee.

## SLEPT IN A BED OF POISON.

### Woman Lay Helpless for Three Nights in Crotona Park.

[N. Y. Commercial Advertiser, Saturday.]

Mrs. Fannie Watrous, a young woman of prepossessing appearance, of No. 68 Clinton avenue, New Haven, Conn., who is in the Fordham hospital suffering severely from the effects of contact with poison ivy, is much improved to-day, and the hospital physicians express the opinion that she will recover.

Mrs. Watrous was found last night groaning with pain by a park policeman in a clump of bushes in Crotona Park. She had lain down in a secluded spot to sleep Tuesday night. When she awoke her limbs were frightfully swollen and she was unable to rise, having made her bed in poison ivy. She grew worse and more helpless as the hours went by. The spot was an unfrequented one, and it was three nights and three days before she attracted attention and succor.

Explaining how she came to sleep in the park, Mrs. Watrous told the physicians a pathetic story. She said that her husband without cause and in a fit of anger left her a week ago. She believed that he had gone to his brother's in Pennsylvania, and went there, but his brother had not seen him. She started to return to New Haven and her money became exhausted at Newark. She walked to Jersey City and with her last 5 cents purchased an L ticket and rode to Harlem, and then walked to the place where she was found.

Dr. Salmon, the 107-year-old English physician, has just died at Cambridge. After the battle of Waterloo he crossed to Brussels to care for the wounded.

Great sales prove the great merit of Hood's Sarsaparilla, and great merit enables it to accomplish wonderful cures.

## LOCAL NEWS.

### MASONIC ENGAGEMENTS.

July, 1896.

Meetings will be held at Freemasons' Hall, Germain street, during the month of July at 8 o'clock in the evening, as follows:

Thursday, 23rd—New Brunswick Lodge, No. 22—Emergency Meeting.

POSTPONED.—St. David's picnic is postponed until to-morrow (Wednesday.) See ad.

THE COMMON COUNCIL met this afternoon and passed some orders for the expropriation of land required at Sand Point.

BASE BALL.—The Oak Halls and the Mutuals will play a base ball game on Saturday afternoon next at 2 30 o'clock. The Oak Halls have won the championship of the Carleton League.

WILL REMOVE TO FREDERICTON.—Dr. W. H. Steeves, whose dental parlors have been on Wellington Row for some years, intends to move to Fredericton about the first of August, and will establish himself on Queen street, in rooms formerly occupied by Black, Bliss & Nealis.

THIS EVENING.—Entertainment by Clan Mackenzie in memory of the 100th anniversary of Burns's death.

Sparring exhibition at Mechanics' Institute.

Inspection of the Rifles at the Drill Shed by Col. Maunsell.

THE DOMINION DREDGE went through the falls Monday night on her way to the Oromocto shoals. She will first do some work at Appleby's wharf, Spoon Island. The probability is that if the city requires her services at Carleton she will be allowed to work there.

SHOULD BE SENT HOME.—Eddie Beal, the negro from Halifax who was left here by some fakirs, is still wandering about the streets homeless and destitute. Eddie is probably the homeliest specimen of the negro race ever seen in this city. He is constantly followed by small boys, who are inclined to annoy him. He should be sent home, as he is unable to do anything here to earn a living. He spent Sunday and Monday nights at the police station.

ACTION FOR WAGES.—In the Police Court this afternoon an action for wages brought by a Norwegian sailor on the barque Bessie Markham against the captain, is being tried. The sailor claims £4 advance. The defence is that the plaintiff was shipped as a substitute for another who had skipped out after his advance was paid.

CONCERT AT CROUCHVILLE.—A garden party and concert will be given to-morrow (Wednesday) evening on the grounds of Mrs. G. A. Robinson, Crouchville. The object is to raise funds to help the East Side Suburban Improvement Society in the work of extending the sidewalk. A splendid entertainment will be given. Busses will leave the north side of King Square. The attendance should be large.

FOR THE CARNIVAL.—The gentlemen negotiating for the Monticello to make the trip to Halifax are receiving many applications for passage, and if a sufficient number is guaranteed by Thursday the boat will be chartered and leave for Halifax on Monday morning. The sea voyage and trip should be very pleasant, and the fare for passage and board during the entire trip is fixed at the reasonable figure of $20. Those wishing to go will kindly leave their names at the Dufferin Hotel as early as possible.

LUMBER PROPERTY PURCHASED.—Messrs. S. H. White, W. W. White and J. E. Moore have purchased the property of the Alma Lumbering Company at Alma, Albert county. This purchase includes the mill, store, boarding house, blacksmith shop and about 33,000 acres of well wooded land. The present owners will operate the mill until this year's operations are wound up. The price paid for the property was in the vicinity of $35,000. This is the third sale of lumbering privileges the GLOBE has reported in a week.

A STRONG COMPANY began a week's engagement at the Opera House Monday evening, presenting "The Planter's Wife." The attendance was large and there were many evidences that the performance was pleasing and satisfactory. The company is playing at popular prices and is the equal of any similar company ever seen in St. John. The specialists, Messrs. Brennan and Westcott, delighted the audience. They are capital song and dance artists and will be features of each entertainment. To-night "Little Lord Fauntleroy" will be played. There will be a matinee Wednesday afternoon.

OF SPECIAL INTEREST TO SHOPPERS.—An important sale of fall dress fabrics in plain colors is advertised in this issue by Manchester, Robertson & Allison. This lot of goods is a special purchase at a price less than the cost to manufacture, and they are offered to the public as long as the quantity may last at a proportionate discount on the regular value of this material. This line of dress cloths will be on sale to-morrow morning in the ladies' cloth and cloak department. Ladies are requested to take the elevator up one floor, or use the new Germain street entrance opposite the market.

WOMEN'S COUNCIL.—Mrs. Boyle Travers presided and Mrs. Thomas Walker acted as secretary this morning at a meeting of the Women's Council called for the purpose of closing up the ambulance accounts. The receipts of Friday's meeting, at which the ambulances were presented to the city, were $45, only $6.50 of which were absorbed in expenses. Votes of thanks were passed to the proprietors of the St. Andrew's rink for the free use of the building; to the St. John Railway Company for light; to the Furness Line for carrying at half freight rates the ambulances brought from England; to the 62nd Fusiliers band for supplying music; to the *Telegraph*, *Sun* and GLOBE for free advertising, and to friends who had contributed to the refreshment table. The ladies were glad to be able to state that they found themselves in a position to meet their liabilities; and the promised but unpaid subscriptions will go quite a distance in providing the patrol wagon should it be found hereafter desirable to go on with that undertaking.

## MUNICIPAL COUNCIL.

The Municipal Council met this afternoon. The Finance and Accounts committee recommended payment of bills aggregating $799.60. Of this $500 was to the Sheriff for the jail; $130 to Registrar J. B. Jones, for 179 marriages, 642 births and 464 deaths; $59.75 to Geo. A. Knodell, and $20.65 to J. & A. McMillan for printing and stationery; $16 to Coroner Robinson; $25 40 to Coroner Berryman, and $8 to Coroner Knight; $4.50 to H. Codner for a box for county accounts; $9 80 to the County Treasurer for postage, etc; $2 50 to Messrs. McAlpine for a directory; $8 75 for telephone; $8 25 to County Treasurer for postage; $6 to the Clerk of the Peace for attending criminal prosecutions. The committee recommended that the assessed value of the property of Daniel Coughlan, Lancaster, be reduced $500.

They also recommended the adoption of a by-law paying each County Councillor $3 per day for each day in actual attendance at a general or special meeting of the Council.

The committee on hard labor in the jail reported against the petition of the W. C. T. U. for a jail matron. They declared it would necessitate too much expense and declared the male and female prisoners are now satisfactorily separated, the jail well kept and the discipline all that could reasonably be desired.

## POLICE COURT.

Thomas Roach, drunk on Union street, was fined $4.

Wm. Whipple, drunk on Main street, was fined $8.

Gilbert Lauckner, drunk on Mecklenburg street and breaking in the door of John Jeffrey's house, was fined $20 or two months' gaol.

Clyander Conway, given in charge by his mother for being drunk and breaking windows in her house on Sheriff street, was fined $20.

Fred Watson, Wellington Golding and Henry Barry were fined $4 each for violating the hackmen's regulations at the American boat. The fines were allowed to stand.

Fred Forrest, who was also reported, did not appear.

## BURNED TO DEATH.

### THE DREADFUL FATALITY UP THE TOBIQUE.

### Three Children Perish in Flames—Their Mother not Expected to Live.

[SPECIAL TO GLOBE.]

ANDOVER, N. B., July 21.

Word has just been received here of a dreadful fatality which occurred on Sunday morning at Sisson Ridge, a remote settlement about thirty-five miles up the Tobique River.

Hazen Steeves' family moved there from Albert Co. about a year ago and occupied a log house on a new farm. Early Sunday morning Steeves was awakened by finding the house in flames and aroused his wife and those of the family sleeping down stairs in time to escape, though all were severely burned. Two children, five and seven years old, were sleeping upstairs and were burned in the building. The oldest child, a boy of fourteen, was also upstairs, and in attempting to escape fell through the burned stairway into the flames. He was dragged out by his father, but was so badly burned that he died a few hours later.

The mother is not expected to live. Everything they had to wear or eat was destroyed, and great sympathy is felt for their distress. A contribution of necessaries has been forwarded. The cause of the fire is unknown.

## IN THE EQUITY COURT.

### A Number of Interesting Cases Disposed of.

In Carrier vs. Blanchard et al, judgment was delivered by Judge Barker this morning. This was an application to dissolve an injunction, but as only a short time would elapse before the hearing of the case the application was refused, but costs were reserved.

In the estate of Patrick Costin, S. Alward, Q. C., moved for leave to sue on an administration bond. Mr. Costin died early in the nineties and his son Joseph was granted administration. The application is made on behalf of some Halifax creditors. Joseph Costin now lives in the province of Quebec. The bondsmen are Israel J D. Landry and Thos. O'Reilly. Summons was granted.

In the case of Patton vs. Alexander et al, on application of C. N. Skinner, Q. C., liberty was given to prove the case against some infant defendants, viz, Mary A. Alexander, Florence A. Alexander and John B. Alexander at the hearing.

Judgment was also delivered in the case of Smith vs. Smith. This was an application to cut grass on some lands the title to which is in dispute. The application was refused.

In the case of Nealis vs. Jack et al, A. O Earle, Q C., moved to remove one of the trustees, I. Allen Jack, and appoint a new trustee, Nathaniel Nealis, in his stead. The application is made on the ground of the ill health of Mr. Jack and his desire to be removed. Mr. E. H. MacAlpine appeared for Mr. Jack and consented. The application was granted.

In the case of Anderson vs. Anderson et al, on motion of Mr. E. B. Teed the bill was taken *pro confesso* against Jacob Steeves and proved against the defendant infants in the case. The damages were assessed at $1,133 67. Mr. R. W. Hanington appeared for a number of the defendants and consented.

In Keith vs. Keith et al, Mr. C. A. Stockton moved to confirm the referee's report. The amount realized from the sale of the lands in question was $540.

In the estate of Patrick Lynott, Mr. J. W. Stevens moved to convey certain lands situate in Carleton County. The late Patrick Lynott had certain lands deeded to him by one John Milliard, to whom he loaned some money, agreeing to reconvey the property on payment of the amount loaned. Lynott died before the payment of the money. Milliard is now ready to pay on having the land reconveyed to him. Order made to reconvey the lands on payment of the money by consent of all parties.

The case of Bradshaw vs. Foreign Mission Board was set down, by consent, for Thursday morning at ten o'clock.

The case of Prescott vs. Williams was then taken up. The bill complains that one Samuel Fairweather was seized of a lot of land in Sussex in 1851, deeded the same to Shelton Boles, who in turn deeded certain lands to one William Roach in 1862, which land was a portion of the first lot. Shelton Boles then deeded another portion of the first lot to one James Houston. Boles died without having conveyed any more of the first lot of land, but having given a bond for a deed to one William B. Stills for another portion of it. The plaintiff is the youngest child of said Shelton Boles and asks to have all the property of the first above named lot not sold by Shelton Boles and the proceeds distributed among the heirs or for a partition of said land. The fight in the case is being made by one of the defendants, John Whalen, who claims under deeds from various heirs. The counsel engaged are Mr. L Allison and the Solicitor General for the plaintiffs and Mr. A. W. Macrae, Mr. A. I. Trueman and W. Pugsley, Q. C., for the defendants.

## FREDERICTON NEWS.

FREDERICTON, July 20.

Very Rev. Dean Partridge preached an exceptionally eloquent and impressive sermon in the Cathedral last night on the characteristics of a noble life, in which he referred especially to the deaths of Sir Leonard Tilley and Hon. Wm. E Russell, ex Governor of Massachusetts.

Police Magistrate Marsh gave judgment this afternoon in the case of the Queen vs. Charles Wright, sending the prisoner up for trial at the next sitting of the York County Court, on a charge of carnal knowledge of a girl under fourteen years of age. His Honor had intimated that he would commit the prisoner for trial at the Supreme Court in January next on a charge of attempted rape, (the County Court, which meets in October, having no jurisdiction to try such a charge). The point was raised by the prisoner's counsel, Mr. O. S. Crocket, as to whether, under the criminal code, there could be an attempt to commit rape on a girl under 14 years of age, the definition therein given of this crime applying only to "a woman," and new offences being created by other sections of the code for carnally knowing and attempting to carnally know "girls" under 14 years of age, which latter section, it was contended, was the only one under which the prisoner could be proceeded against.

Evangelists Hunter and Crossley held their farewell meeting at Marysville last night and left to-day for Stanley, where they will hold a few services, after which they will proceed to Loggieville to spend a few weeks' vacation. Over 100 persons expressed conversion last night.

## PERSONAL.

## How to Organize a Church.

During the last twenty-five years we have organized most successfully over 200 churches, and we are happy to say that no note of discord is ever heard within their portals, where sweet harmony only prevails, to the delight of their congregations. The cause of our success is the simple fact that we have supplied them with suitable Organs. Our ESTEY CHAPEL ORGANS, costing from 100 to 200 dollars, never fail to give the best satisfaction in churches of moderate means, while our VOCALION ORGANS, for larger churches, are simply magnificent. They are a perfect imitation in tone and power of a large Pipe Organ, at less than one half the cost and space. With such material, and our long practical experience, we feel confident that we can, better than ever, organize, or re-organize, churches to the entire satisfaction of congregations.

## Building Society

The loan is getting smaller and smaller, and is finally paid off and discharged. The property is freed from encumbrance, and forms for the owner and his family a comfortable home

There is none of the worry and anxiety that is felt by one who is simply a tenant, or whose property is covered by a mortgage which is rapidly eating it up.

One of the oldest and most successful institutions in existence.
