F. E. HOLMAN & CO., - - 52 King Street.

A GOOD IDEA.

Our experience goes to show that merchants who continue to sell goods at 50 per cent. below cost cannot stay in business very long; therefore we have always made it a point to buy our furniture as low as possible and sell them at a small profit, always taking care that the customer gets good value for his money. We are satisfied and think our customers are, too, that this is a good, old-fashioned way to do business. There is no need of having to deprive yourself of new and up-to-date furniture, while it is so cheap. If you want any description of furniture call around and see us.

MANITOBA SCHOOLS.

THE GOVERNMENT HAS TAKEN NO ACTION AS YET.

These Election Figures—Movements of Ministers. (SPECIAL TO GLOBE.)

OTTAWA, Aug. 10.

The following statement appears in the evening papers here and has its origin in United Canada: "The compilation of the commission to be appointed to inquire into the question of the Manitoba schools is a subject attracting attention just at present. It has already been stated that the commissioners will probably be Sir Oliver Mowat, Sir Henry Joly de Lotbiniere and Hon. R. W. Scott. It is also understood that the position of secretary of the commission has been offered to Mr. H. J. Cloran, late crown prosecutor of the city and district of Montreal, who recently contested the county of Russell." There is not the slightest foundation for any of the statements in the above paragraph. The Manitoba school question has not been considered yet; any way, Mr. Cloran, who did his best to ensure the success of the Conservative candidate in Prescott, is not likely to be offered anything but reproaches.

Figures of the vote of the last general election, purporting to be official, have been published simultaneously in the Montreal Gazette and Toronto Mail. It may be said at once that these figures are not official. No official put a hand to them. Indeed, one example will show that they are not only not official, but wrong. The Gazette gives the Liberal vote in British Columbia as 8,821; the Mail puts the Liberal vote in that province as 8,821, whereas the vote really was 8,821. In Ontario the Liberals are credited with no vote at all in a dozen counties. For instance, in Glengarry, where Mr. J. Lockie Wilson accepted the Liberal platform, where Mr. Laurier had spoken for, and where the Liberals voted for him, the published statement credits the Liberals with not a single vote. The fallacy of the whole thing could be further exposed were it worth while. It is sufficient to show the errors pointed out above and to repeat that the official figures will be presented to Parliament in a few weeks. They have not yet been compiled. Hon. Robert Watson, commissioner of public works in the Manitoba government, is here. It is said he favors Mr. Martin for the interior portfolio.

The earnings of the C. P. R. this year up to August 1st were \$10,745,000, against \$8,870,000 in a similar period last year. The Grand Trunk main line figures were \$5,750,000 and \$5,825,000.

Mr. Sam Hughes, M. P., in the last issue of his paper, the *Warrior*, informs his readers that there is news from the *Etanaka* City to the effect that "the Pope favored Mr. Laurier in the late election, and those clergy, few though they were, who favored the Conservative candidates are likely to be disciplined."

Mr. Tarte, Minister of Public Works, and a couple of officers of his department, left for Alexandria Saturday to look over the progress of the reformatory there. Mr. Tarte returned to the city to-day.

Lt. Col. Borden, Minister of Militia, arrived in the capital Saturday, accompanied by Mr. S. W. Brown, of Halifax, who has been appointed private secretary to the minister.

A pretty scandal has been discovered in connection with the renting of a house by the department of public works from Mr. P. B. Baskerville for the purpose of the geological survey department. Mr. Baskerville, who was once a Conservative M. P. for Ottawa, received fifty per cent. more rental than the place ever brought.

Dr. Horsey, who ran as the Liberal candidate in North Grey in 1891, is here. He called on the premier.

A ROLLING BOAT.

Marked Innovation in Marine Architecture—Type of Sixty Miles an Hour.

WASHINGTON, Aug. 9.

The State Department has received reports on the new rolling steamboat designed by a prominent engineer, Catherine Basin, which is attracting the attention of prominent experts in the shipbuilding line. By this marked innovation in marine architecture a speed of about sixty miles an hour is promised, which closely approximates that made by the fastest express trains on the continent. The rolling boat, as the name indicates, will not slide, as is the case with ships now in existence, but will roll on the water by means of huge hollow wheels or rollers. The vessel consists of a large platform holding boilers, machinery, saloons, cabins, etc., and is supported on each side by movable hollow wheels. Power is used partly to propel the whole by means of a screw or paddle wheel, but principally to propel the rollers. Basin claims to get rid of water friction and resistance with a minimum of expense and power to attain a fifty knot rapidly. The results he has obtained with a model four feet long on the lake at Vincennes has encouraged him to undertake experiments on a much greater scale and he has under construction at St. Denis a dockyard a rolling boat of 250 tons displacement, to be driven by 1500 horse power, which will be utilized by a screw and three pairs side rollers, each about thirty-three feet in diameter. This boat will make her first trial trip in a few weeks on the Seine, and thence across the channel and up the Thames to London.

CONDENSED DESPATCHES.

Lady Emily Tennison, widow of the late Lord Alfred Tennison, the poet, died at her residence at Aldworth this morning of congestion of the lungs.

The condition of Sir John Mills, president of the Royal Academy, who is suffering from the effects of the operation of tracheotomy performed upon him some time ago, is extremely critical.

THE WEATHER.

WASHINGTON, Aug. 10.—Forecast for New England: Fair weather to-night and Tuesday, except thunder storms in southern portion to night; southwesterly winds; slightly cooler in Massachusetts Tuesday morning.
