DAMAGE BY STORM.

A SECTION OF ONTARIO HAS SUFFERED.

Orange Meeting—Manitoba Schools—The Vancouver Disaster.

[SPECIAL TO GLOBE.]

CHATHAM, Ont., Aug. 11.

The loss sustained by the farmers throughout this county during the prevalence of the storms of Saturday, Sunday and yesterday reach probably $75,000 on buildings, harvested crops, implements and horses. Besides the ruin wrought by lightning rains have destroyed a great acreage of the corn, barley and beans. The victims of the electric storms number two score; the losses average $2,000. In forty years there has never been the like of these frightful thunder storms in this district.

TORONTO, Aug. 11.

N. Clarke Wallace, Dr. Sproule and Major Armstrong, of St. John, N. B., were in the city yesterday attending an executive meeting of the Orange Mutual Association, the beneficiary funds of which are in splendid condition. Wallace and Armstrong left today for Shawville, Que., to address an Orange gathering there to-morrow.

A special from Victoria, B. C., says mosquitoes swarming have become so bad in Chilliwhack Valley, one of the most fertile farming districts in the province, as to have developed a veritable plague. Twenty families have been driven from their homes in Sardis Settlement on the Fraser River. Haying has been entirely suspended, as farmers find it impossible to work among the dense cloud of insects.

The *World's* Winnipeg despatch says: Members of the Manitoba government intimate that they expect very soon to receive Mr. Laurier's commission, but decline to discuss the outcome. Greenway, however, declares most emphatically that no principle of national schools shall be interfered with. Catholic clergy have gone on record as declaring that nothing but Catholic separate schools will satisfy the minority. So putting the two declarations together one is at a loss to see how Premier Laurier is so confident of a settlement within six months.

QUEBEC, Aug. 11.

It was seven o'clock this morning before the Vancouver was moored at Louise Basin. There was a large number of spectators on the wharf, and it was easily seen she suffered much more damage than the Lake Ontario. It will take some time to repair, it is feared. The letter mails were forwarded to New York and will be forwarded by the Teutonic tomorrow, while the newspapers will be sent to New York to-night. Only one passenger left the Vancouver to take the Teutonic; the others wait over for the Scotsman, on Sunday next.

LONDON, Ont., Aug. 11.

James Griffith, R. C. A., died suddenly. On the formation of the Royal Canadian Academy Griffiths was one of the sixteen painters selected from Canada to be Royal Canadian Academician. He was born in England in 1814.

FATAL HEAT.

New York Still Sweltering—Fifteen Deaths Last Night.

NEW YORK, Aug. 11.

There is no abatement in the fatal heat and the death list continues to grow. The appalling mortality of the past several days has created a feeling of apprehension in all quarters. The hospitals are crowded with cases of prostration and funerals are met everywhere. Last night was close and uncomfortable.

In the crowded quarters of the city many persons passed the night on roofs, fire escapes, backyards and front stoops. Day brought no relief and the thermometer began to climb almost from the moment the sun made its appearance. In fact, this, the seventh day of continued heat, bids fair to outstrip those that have gone before.

It was hotter by one degree at 8 this morning than at same hour yesterday. The suffering in the early hours of to-day was rendered even more intense than the day before by the humidity, which had risen from 58 to 65 per cent. at same hour.

Returns received at police headquarters to-day show there were fifteen deaths and fifteen cases of prostration due to heat during the night.

FOUL PLAY FEARED.

The body was found floating yesterday. When last seen he had a large sum of money with him. There are no indications of suicide and his friends suspect foul play.

YOUNG WOMAN KILLED.

HORSE TOOK FRIGHT AND RAN AWAY,

Upsetting the Cart and Killing the Occupant.

[SPECIAL TO GLOBE.]

CHARLOTTETOWN, P. E. I., Aug. 11.

A dreadful accident, resulting in the instant death of a bright young woman, occurred at Last Point yesterday. The daughter of Mr. Joseph McEachren was the victim. The few particulars received last evening were that the young woman, aged 19, who had only recently returned home from abroad, went with a little boy on a cart to a spring for two casks of water. While on the way the horse took fright and ran away, upsetting the cart and instantly killing Miss McEachren. The sad occurrence has given a great shock to the entire community.

THE METEOR LEADS.

LONDON, Aug. 11.

The Royal Victoria Yacht Club regatta began at Ryde to-day. There was a fine whole-sail breeze from the northwest. The match for yachts exceeding forty rating for prizes of £70 to the first and £30 to the second was contested by the Britannia, Caress, Satanita, Ailsa and Meteor, the boats starting eastward at ten o'clock. The boats sailed over the long course, from Ryde around a mark boat off Cowes, thence to a mark boat at Spithead on the Nab, and back to Ryde, twice around, about fifty miles.

The yachts finished the first round in the following order: Meteor 1 23.26; Britannia 1.30.44; Ailsa 1.30.45; Satanita 1.31.46.

CAME TO CANADA FOR AID.

Did Rev. Mr. Meriam, of Vanceboro, Violate the Contract Labor Law?

VANCEBORO, Aug. 10.

For some time past efforts have been made by Rev. Morrison Meriam, pastor of the Congregational church, to lessen the sale of intoxicants in Vanceboro. A number of searches were made, but no liquor was found. One of the local saloon-keepers, Capt. Knowles Gordon, was slower, it is said, than the rest in complying with the clergyman's desires.

Sometime later a book agent from Fredericton, N. B., appeared in Vanceboro and St. Croix. He made a house to house canvass, not neglecting the places where liquors were supposed to be sold, and when he had completed his canvass, he left town.

An Aug. 6 papers were served on James Tague, Bartley Searse and Mrs. Mary Hodd, of St. Croix, charging them with selling intoxicating liquors. The charges were made by the Fredericton book agent. Papers were also issued here, through Mr. Meriam, for the arrest of Capt. Gordon. When the trial was called the book agent witness was absent. The trial was postponed, and Mr. Merian went to Fredericton to look him up.

As Meriam stepped off the train at the station, Emigrant Inspector Cunningham informed him that he had violated the contract labor law, as papers had been found on the book agent—really a detective—which proved that a contract had been made between the two in Canada, by which the detective was to receive $2 a day for his work.

As no one appeared against Gordon he was discharged.

THE CRETAN QUESTION.

LONDON, Aug. 11.

A hastily convened cabinet council was held at the foreign office, in Downing street, this morning, at which the situation in Crete was under discussion for two hours.

More Corsets sold by us the first six months of '96 than in any half year since we have been in business. This is the result of having more popular styles than ever and selling them at popular prices.

One dollar now does nearly as much as two used to do in Corset buying.

All dry goods stores sell Corsets, but only a few get the right sorts.

Ours is one of the stores that is fortunate in having the pick of the best makers.

FIGHTING IN CUBA.

Insurgents Alleged to have been Beaten.

HAVANA, Aug. 11.

A government force under command of Gen. Godoy, while convoying a supply train from Minas to Guaymaro, was attacked three times by two thousand rebels under Avelino Rosas. Each time, according to Gen. Godoy, the insurgents were repulsed, with a total loss in the three fights of nineteen killed. The Spaniards lost four killed, and two captains, a lieutenant and thirty-two privates wounded.

Over ten thousand sick solders are in the various military hospitals; of this number 2,200 are suffering with yellow fever.

AN INTERNATIONAL TROT.

BADEN, near Vienna, Aug. 8.

The Baden Trotting Association announces a big international heat race, two in three, over a distance of 2,000 metres (about 1¼ mile), for 1899 and 1900, open to four-year-old stallions and mares of all countries.

The race, which is in honor of the president of the association, is to be called the Prince Solms Preis, and its value will be 40,000 kronen each year. The entrance money is fixed at 500 kronen, payable in five terms. The first instalment is only 30 kronen. Entries for both races closed on Dec. 31, 1896.

This race will be the greatest international trotting event ever given in Europe, and will much encourage the import of high class horses from America.

Calais letter: Our streets are beginning to present quite a foreign appearance these days with the large number of lads from sunny Italy who arrived in town last week to work on the construction of the Washington county railroad. Contractor Mitchell has secured the necessary amount of capital required to carry out the work and is busy sub-letting the work of construction to different contractors. D. McQueen, of St. John, N. B., will superintend the building of the Calais end of the road. Mr. McQueen has already commenced operations. It is the intention of Mr. Mitchell to have the work pushed along as rapidly as possible between this city, Eastport and Machias and the number of workmen will be greatly increased later on.

When a Man

wants to buy a suit of clothes what does he look for? The answer is, in substance, good fit, good quality of cloth and linings, well tailored, good wear, and as low a price as is consistent with the possession of the other good qualities named. When a customer makes a purchase of us we begin right then and there to look for his next order. How? By giving him what he is looking for. That will bring him back nine times out of ten.
