ST. JOHN, N. B., SEPT. 4, 1896.

THE THIRD TICKET.

The sound money Democrats did not waste much time in transacting their business, and the result is that there are now three full tickets in the field. The convention at Indianapolis, yesterday, named ex-Senator John M. Palmer as the Presidential candidate, and Gen. Buckner as the candidate for Vice-President. The platform adopted was in the line of former Democratic declarations on money, tariff and other important questions, and the Chicago platform was distinctly repudiated. The ticket is what is called a strong one, but nobody supposes it has any chance of election. It will, however, assure the return of McKinley. Gen. Palmer is a lawyer by profession, and although seventy-nine years old is an active politician. He has been in politics for half a century. He was elected a State Senator in 1854; supported Fremont for the Presidency in 1856, and Lincoln in 1860; raised the 14th Illinois Infantry regiment, and by gallant service in the civil war rose to the rank of major-general. He was elected Governor of Illinois in 1868, which office he filled for four years. Becoming a Democrat he succeeded in making himself the most powerful man of his party in the state. The selection of General Buckner as General Palmer's colleague shows how completely the feelings engendered by the war of the rebellion have died out. The vice-presidential candidate was a distinguished soldier on the Confederate side.

THE IRISH CONVENTION.

Although the convention of the Irish race at Dublin was not as successful as its promoters and friends hoped it would be, so far as securing a union of the different factions of the parliamentary party was concerned, there is no doubt that it will be productive of much good. A gathering of nearly one thousand representative men from all quarters of the globe, having one object in view, could not sit for three days without doing something toward the accomplishment of their desires, and it will probably be found that there will be a better understanding of the real condition of Irish affairs, and a better conception of what is necessary to be done abroad to help the patriotic movement at home. The published reports of the meetings indicate that there were some exciting scenes, the correspondents apparently giving more attention to those features of the three days' proceedings than to the real work of the convention and exaggerating trifling incidents into riotous acts. Some important action was taken. For instance, a resolution was adopted that it is of the first importance that the Nationalist representatives in parliament should be reunited in one home rule party, in which every supporter of that policy would be cordially received and treated according to his capacity to render service to the common cause. A resolution was also carried, on Mr. Blake's motion, recognizing, as an essential element of an effective party, the hearty co-operation and cheerful subordination of each individual member of such a party. It was also agreed, by resolution, that it was the prime duty of the Irish party to maintain its absolute independence, and to preserve its perfect freedom to oppose anything that the best interests of the national cause may dictate. It was decided that the administration of the Irish parliamentary funds should be left exclusively to the Irish parliamentary party. The convention declared in favor of the granting of amnesty to all Irish political prisoners, and in favor of establishing a Catholic University for the purpose of preserving the Irish language. Other business was done, and on the last day of the convention there was a feeling that much good result would follow. Hon. Mr. Costigan made a speech in which he declared that the assemblage present gave assurance that union had been practically established. He himself would take back a message to Canada declaring that the convention was a genuine and representative meeting of the Irish of the world, convened in regular form and from the proper quarter. The next organized effort will be to bring together the separate parliamentary factions, for the purpose of making a common plan of work, and selecting a new leader. Mr. Dillon has expressed his willingness to stand aside, and the hope is expressed that Thomas Sexton, the gifted orator and writer, may be induced to take his place.

WOMEN'S CONGRESS.

The arrangements for the Congress of the Association of Women, to be held in St. John on Sept. 15th, 16th, 17th and 18th are nearing completion. On the evening of the 15th a reception is to be tendered the visiting association by the president and executive of the St. John Local Council of Women in the assembly rooms of the Mechanics' Institute. The executive sessions of the association will be held at 10 a. m. daily, and the public services, at which an admission fee will be charged, at 2.30 and 8 p. m. At these public meetings the papers will be read and discussed. Among the subjects to be taken up is a paper on "Rudimentary Art in Relation to High Art," by Alice C. Fletcher, of Washington, D. C., who a few years ago made a number of interesting investigations among the American Indians in regard to the musical part of their civil and religious ceremonies: the result of her work formed a series of valuable papers, which were published in the *Century Magazine*. Mary Virginia Keene, of Fort Erie, Ontario, the only Canadian whose name appears on the programme, is to read a paper on "Literature of the New South," which doubtless will be of very great interest, the South having taken a tremendous stride forward in literary attainments during the past ten or twelve years. The members of the Congress will have every opportunity of seeing St. John at its best, as the homes of many of the citizens have been placed at the disposal of the visitors, while the hotels are to entertain others. The Aberdeen is to be the official headquarters of the association while in session in St. John.

The entire programme of the topics and the authors as submitted to the Local Council is as follows:

1. "Women as Guardians of Social Morals"—Julia Ward Howe, Boston, Mass.
2. "The Use of Chloroform in Obstetrics and General Surgery"—M. B. Moody, M. D., Fair Haven, Conn.
3. "Literature the Precursor of Reform"—Ednah Dow Cheney, Boston, Mass.
4. "Significance of Organization among Women"—Mary F. Eastman, Tewksbury, Mass.
5. "Rudimentary Art in Relation to High Art"—Alice C. Fletcher, Washington, D. C.
6. "House-keeping a Profession"—Caroline A. Kennard, Brookline, Mass.
7. "Recent Movements in Child Study in America"—Frances Stuart Parker, Englewood, Ill.
8. "The Bicycle"—Eva Channing, Boston.
9. "The Relation of Ancient and Modern Philosophy"—Ellen M. Mitchell, Denver, Col.
10. "Use of the Camera in Science, Art and Practical Arts"—Elizabeth Flint Wade, Buffalo, N. Y.
11. Symposium. Titles Suggested—"International Amity a better Protection than Standing Armies." "Phases of the Woman Movement in Industries, Schools, Churches and State."
12. "Literature of the New South"—Mary Virginia Keene, Fort Erie, Ont.
13. "Gymnastics for Women"—Ella V. Mark, M. D., Baltimore, Md.
14. "Value of Early Habits of Observation of Nature to Women"—Maria H. Bray.
15. "Care of Children"—Henrietta L. T. Wolcott, Dedham, Mass.

There are not many men in this country who for forty years edit a newspaper, or indeed have a newspaper to edit at the end of that lengthy period. Such, however, is the happy fortune of Mr. Samuel Watts, editor of the *Carleton Sentinel*, who has just completed his forty years of labor, is in capital health, and still edits his exceedingly interesting and reliable journal. Long may he continue at it.

THE COURTS TO-DAY.

EQUITY.

Mr. W. B. Wallace to-day applied to have a guardian appointed of the infant children of Mary Miller, deceased, and for leave to mortgage their property, in order to pay a present mortgage, which is due, and to retire the outstanding debts of the deceased.

The case of Morris vs. Jack et al ended to-day by the Raymond estate withdrawing their claim for a lien, and an order was made that the whole amount go into the assets of the estate.

Mr. A. W. Macrae for plaintiff, Mr. L. A. Currey, Q. C., for the assignee, and Mr. W. Pugsley, Q. C., for the Raymond estate.

COUNTY COURT CHAMBERS.

Mr. James Hamilton was arrested yesterday on a capias issued out of the County Court, for something over two hundred dollars, at the suit of McIntyre & Townsend. The attorney for the plaintiff made the error of handing to the sheriff his draft copy instead of the true copy of the original writ. The draft copy did not purport that the original was signed by the clerk of the court.

This morning Mr. E. R. Chapman obtained a summons from Judge Forbes to show cause why the writ should not be set aside on this and some other grounds. The summons is returnable to-morrow morning.

In the case of Turnbull et al vs. James T. Carpenter an order was made for the examination of the defendant on motion of S. Alward, Q. C.

PALMER AND BUCKNER.

British Press Opinion on the New Candidates.

LONDON, Sept. 4.

The *Daily News*, commenting upon the nomination of Senator Palmer for President of the United States, says it does not regard Mr. Palmer's candidacy as important.

The *Times* says it expects Mr. Bryan will be beaten, but that he will receive such a share of the popular vote as will encourage the silverites and Populists to continue their propaganda with increased energy. Eventually, the *Times* believes, the main body of the Democratic party will be identified with Populist doctrines.

CHARGED WITH KILLING HIS WIFE.

A Restigouche Frenchman in a Tight Place.

[SPECIAL TO GLOBE.]

CAMPBELLTON, Sept. 4.

Peter Ouillete, living on the Tobique road, beat his wife so unmercifully Tuesday night that she died next day. Both of them had been in town and imbibed too freely and on going home they quarrelled. Ouillete was seen beating his wife on the side of the road. He was arrested by Constable Hackett at his nephew's, Tobique road, last night, and taken to Dalhousie jail to await the action of the grand jury.

SECRET SOCIETY CRIME.

Italian Murdered in New York by the Mafias.

BROOKLYN, N. Y., Sept. 4.

A crime which looks like the work of a Mafia society was committed at the corner of Front and Flint streets, Brooklyn, at a quarter to two this morning. An unknown Italian while standing on the above mentioned corner, was shot down by a volley of gun and pistol shots from a window of a building near by. The man had been shot over the heart and in the stomach and the wounds proved fatal. A squad of police arrested seventeen Italians who were found in the building from which the shots were fired. One of the men arrested said the man was forty-nine years old and a barber, but he did not give his name. He said the barber was a victim of the Mafia.

HAS NOT ESCAPED.

PARIS, Sept. 4.

In response to inquiries provoked by the report that Captain Albert Dreyfus, who has been undergoing confinement in a fortress in French Guiana under conviction of having sold government secrets to a foreign government, has made his escape, the colonial office has received a cablegram from the governor of French Guiana saying, "There is no change in the position of Dreyfus."

Newton F. Hurst, 24 years old, is a grocer's clerk in Buffalo and gets $5 a week wages. Some time ago he invented a car coupler and last week he received a letter from a manufacturer offering him $30,000 in cash and a royalty on all the couplers sold for his invention.

Merit in medicine means the power to cure. The great cures by Hood's Sarsaparilla prove its unequalled merit.

About 20 years ago there were only about 15,000 Jews in Jerusalem; now, however, it is said that the Hebrew population in the City of David numbers between 60,000 and 70,000 souls. Throughout Palestine they are buying farms and establishing themselves in a surprisingly rapid manner.

PROPERTY SALES.—Several leasehold properties are to be sold by Mr. Gerow to-morrow.

MUSIC IN CARLETON.—The Carleton Cornet Band will play on King square this evening.

LADIES' COATS.—Daniel & Robertson have just received from Berlin, Germany, a shipment of four hundred of the newest jackets, capes and children's coats.

THE WANDERERS' SPORTS.—Messrs F. W. Coombs and I. E. Cornwall left this afternoon to compete in the Wanderers' sports at Halifax to-morrow. They were accompanied by W. A. Lockhart, jr.

A DONATION.—Mr. John M. Taylor' treasurer of the Horticultural Association, has received from the Street Railway Company receipted bills for the lighting of St. Andrew's Rink during the flower show, also for advertising on the cars. This is the company's donation to the association and the gift is heartily appreciated.

DAMAGED BY COLLISION.—Sch. A. B. Perry, Capt. Look, Weehawken for Plymouth, coal laden, has been towed to Plymouth in a damaged condition. She was in collision near Pollock Rip Slue with the barque Woodside, and had bows stove in and jibboom lost. The damage sustained by the schooner will amount to about $150.

MARRIED AT PICTOU.—The marriage took place at Pictou, Wednesday morning, of Miss Christina M. Logan and Rev. Peter M. McDonald, M. A. Mr. McDonald is a Presbyterian minister at Wolfville, and is a brother of Mr. E. M. McDonald, the well-known Liberal orator. The happy couple are now in this city on their wedding tour.

SCHOOL MATTERS.—The annual school meetings throughout the province are to be held this year on the second Saturday in October instead of the second Thursday as formerly.

The school license granted to George Bogle, of Petersville, Queens county, on the 1st of July, 1869, has been cancelled because he made false returns for the term ending December 31st, 1894.

THE CITY COUNCIL met in special session at 3 o'clock this afternoon to appoint an arbitrator for the expropriation of the Ring property at Sand Point. Hon. T. R. Jones is slated for the position, the members at a caucus, a few weeks ago, having decided upon him. Messrs. T. Sime and H. A. Drury have selected Mr. George McAvity to act with them in the expropriation of the Mayes property.

WILL BE MARRIED.—David Watson, jr., left Friday afternoon for his home in Montreal, and expects to be on the road again in a few weeks. Next month at Springfield, Mass., he is to be married to Miss Norfolk, the charming young lady who was here a few days ago helping to nurse her fiance after his bicycle accident. The wedding ceremony would have been performed ere this but for the unfortunate accident to Mr. Watson.—*Fredericton Herald.*

HERE NEXT WEEK.—The Ethel Tucker Company are to play a return engagement at the Opera House next week and they are sure to draw crowded houses. Since leaving here they have played to big business at Halifax and were as successful as when here before. The engagement will open on Monday afternoon with "The Pearl of Savoy," followed Monday evening by "The Wages of Sin." Tuesday "Fanchon the Cricket" will be presented. The company play at popular prices.

GO TO DIGBY.—The great event of Monday, Labor Day, is the excursion to Digby in the Prince Rupert of the A. O. H. The trip across the bay is a delightful one, and there is no more delightful place to visit than Digby. The City Cornet Band will accompany the excursion, and will add not a little to the pleasure of the journey. The prospects are that a number of people from Fredericton and St. Stephen will participate in the outing. It is a cheap and pleasant one, and cannot fail to be a success.

FROM AFRICA.—Mr. James H. Tibbits, nephew of Mr. James Tibbits, of Fredericton, arrived there Friday afternoon. He is a native of California, a son of the late Allan Tibbits, and is a member of the California Legislature. About a year ago he went to Matabeleland, Africa, to accept a position as a mining superintendent for a large concern there at a salary of $8,000 per year. He resigned when his year was up, not liking the country, and the company gave him $500 in addition to his salary. He is now on his way from Africa and came this way to see his uncle before returning to California.

CANNED SALMON.—Among the choice dishes that tempt the epicurean palate few have a greater prominence than fresh salmon. The season for this product is limited, but we are now enabled to enjoy the full flavor of the fresh article by substituting the canned, which is now so nicely prepared and of such fine quality that only an expert can tell the difference. The advertising columns advise the trade that Mr. Joseph Finley has just landed a carload, the first of this season's pack, from British Columbia, and he guarantees the finest quality in color and flavor.

TEST YOUR EYES.—Nearly everybody has trouble with the eyes, but few realize the importance of ascertaining the nature of the trouble and getting it corrected. Too great care cannot be given the eyes. Mr. J. A. Sharpe, who recently completed a course at the Ontario Optical Institute, graduating with honors, is now located with his father, Mr. L. L. Sharpe, jeweller, 42 Dock street. He has the requisite knowledge and all the appliances to thoroughly test the eyes, and will do so free to all who call upon him. Everybody should visit Mr. Sharpe. It costs nothing and may be the means of preventing serious consequences, perhaps permanent loss of sight.

SETTLING THE INSURANCE.—There are rumors that a suit will be started by the trustees of the late Mr. B. G. Taylor to compel the Travellers' Insurance Company to pay over $6,000, the amount of the accident insurance held by Mr. Taylor in tickets purchased from the C. P. R. agent in this city, that had not expired at the time of his death. All other companies in which he held insurance are settling their claims except two in England, and against these no action will be taken, as Mr. Taylor in transacting new insurance and in travelling in Canada violated terms of the agreement, thereby vitiating the policies. Mr. Charles C. Coster went to England on Thursday last. His visit is in connection with the settlement of Mr. Taylor's insurance claims.

THIS EVENING.—Hoyt's A Trip to Chinatown at the Opera House. The advance sale is the largest in the history of the house, nearly every seat being sold, and it is fully expected that by 6 o'clock to-night not a seat will be left. Saturday night's house promises to be a record breaker for that night, while judging by the way the matinee tickets are selling, Saturday afternoon will see the largest number of ladies and children in the auditorium that ever graced the building with their presence. The company arrived to-day on the C.P.R. express.

Adjourned meeting of the Sir L. Tilley Memorial Committee at the rooms of Historical Society at 8 o'clock.

TENDERED FIVE CENTS.—There was some amusement in the City Court on Thursday, when a prominent Queen's Counsel, who besides his knowledge of the law is noted for his polished manners and graceful politeness, arose and in the smoothest and most serious way tendered on behalf of his client, a professional man on Main street, the sum of five cents in a suit brought against him by a well-known firm of hatters. The claim was for $3.55, the $3 50 being for a hat and 5c. balance on account rendered. It appears that the hat did not rest easily upon the professional man's expansive forehead, and he instructed the hatter to send for it. Through some mistake they did not do so, and finally brought suit for payment. The polished barrister, in addition to tendering the five cents, offered to return the hat. The tender and costs were paid into court.

THE BOAT RACE.—The St. John and McLeod-Sullivan crews went to Ludgate Lake this morning, and are now comfortably located and ready for their race on Monday. The prospects are the race will be a fine one. Excursion trains will leave Carleton at one o'clock, two o'clock and three o'clock, local time. The race will no doubt draw a large crowd.

WILL MEET AT DALLAS.—The annual meeting of the Sovereign Grand Lodge of the Independent Order of Oddfellows will be held at Dallas, Texas, this month. The delegates from the Maritime Provinces are: Dr. James Christie, St. John; John H. Sutherland, Halifax, and J. A. Craig, of Yarmouth. The latter goes as a representative from the Grand Encampment. The representatives will join the New England delegates at Boston next week, and there go by special cars on their journey of 1,950 miles. The route selected is the Illinois Central. The party will leave Boston by the Boston & Albany at 7.15 a. m. September 16, arrive at Niagara Falls at 1 50 p. m. next day, and remain there till 5 12 p. m., thus affording plenty of time to see the sights. They will arrive at Chicago at 7 a. m. on the 18th, and leave again at 10 35 a. m.; arrive at St. Louis at 7.04 p. m. and leave there at 8.15 p. m., arriving at Hot Springs at 8 25 a. m. on the 19th, and reaching Dallas at 6.20 a. m. on the 20th.

MARRIED IN ENGLAND.—The GLOBE has received announcement of the marriage in England on August 22nd of Mr. Nathan C. Harrison to Miss Gertrude E. L. Fairbairn, of Buffalo, N. Y. The groom formerly lived in this city, where his father was a contractor. About eight years ago the family moved to England and commenced the manufacture of "Diamond Grit" for polishing granite, in Middlesbrough. They have been very successful, as Mr. Nathan Harrison, the youngest of the family, is the third to have entered matrimony in that time. Shortly after their arrival in England, Mr. Harrison and his brother formed a base ball team which won the championship of England. Their mastery of the game was a revelation to the English players and ere long a league was formed with the Harrison brothers at the head. Their team beat all England and defeated an American team that went over to play against them. Mr. Harrison came to America last year and spent some time in St. John. It was while returning home on the steamer that he met the young lady who has become his wife. Mr. and Mrs. Harrison will reside at Newcastle-on-Tyne.

THE CARLETON IMPROVEMENTS.—The two dredges at Sand Point are doing very effective work, but the task is so heavy that to complete it within a reasonable time a third dredge must soon be procured or night work commenced. It is really astonishing how quickly the Moore & Wright dredge fills a scow, and the government dredge works steadily and thoroughly. It will be at least two weeks yet before the dredge at Point du Chene can be brought here, as the distance by water is long and the progress of towing is slow.

The pile driving is also proceeding satisfactorily, but Engineer Earle says that braces must be put between the long piles. The Council thought if the piles were sunk firmly in the mud that that would be sufficient, but now the engineer's ideas will have to be adopted. A quantity of 100 feet and 150 feet piling has been ordered and is expected hourly.

The improvements are rapidly changing the appearance of Sand Point. Several buildings have been destroyed or moved, and it is thought more will follow. But one house now stands on the southern side of Protection street, where formerly there were half a dozen.

The removal of Mr. Robert Lee's house across the street took three days, but the job was done so thoroughly that not an article was displaced or a pane of glass broken.

THE EXHIBITION.—At a meeting of the executive of the association held Thursday evening, it was resolved that each of the city papers be offered the privilege of having one of their newsboys sell editions of their papers in the buildings. This will, no doubt, be appreciated by the public generally.

It was also resolved that live stock be received on the exhibition grounds during the whole of the day on Tuesday, Sept. 22; that judging commence on Wednesday, 23rd; that hay be provided free for all live stock after Saturday, 26th; that owners of stock be permitted to have their stock sold at auction to be held on Wednesday, 30th, without cost; that removals of live stock be permitted after auction; that an "attendant's ticket" be furnishd without charge to each exhibitor of live stock. Mr. S. L. Peters, of Queenstown, Queens county, will again act as superintendent of the Agricultural building. The services of a competent judge will be secured for the art department. Mr. D. Pugsley was selected to run the restaurant and arrangements were made with him to purchase all the milk he will use from owners of cows exhibiting their cattle at the fair. Mr. Pugsley will also run refreshment booths in the several buildings and on the grounds. The manager reported that repairs and alterations were being pushed forward in a rapid and satisfactory manner. The boilers and altered chimney draft have been thoroughly tested by the superintendent of the machinery department, and found to be in a good condition. Entries are coming in rapidly and all looks favorable for a successful fair.

It is required that all members of the club who possibly can will be at the one mile house at two o'clock sharp, so that they can be placed along the road to warn teams, etc. Teams and pedestrians are requested to give the riders the right of way and not to crowd the road at the finish and spoil the race as formerly.

It is expected that all cyclists, both ladies and gentlemen, will take part, assembling at the corner of King street East and Carmarthen streets, at 10 a. m. sharp, proceeding by way of King Square, Union and Brussels streets to the Park, where a photograph of the parade will be taken.
