PARLIAMENTARY.

MEMBERS ARRIVING AT OTTAWA FOR THE OPENING.

The Programme—North Grey Election—Conservative Leadership.

[SPECIAL TO GLOBE.]

OTTAWA, Aug. 18.

Members of Parliament are beginning to arrive for the opening to-morrow. Dr. Roche, of Marquette, and Mr. Boyd, of Macdonald; Mr. Davin, of Assinboia; Dr. McLennan, of Inverness; Mr. Copp, of Digby, and Senator Adams are here. Those who desire to see the opening of Parliament by the Governor General should not come to Ottawa for Wednesday, because that function will not take place until Thursday. On Wednesday members will take the oath, and at 3 o'clock will be summoned to the Senate Chamber, where the Deputy Governor, Sir Henry Strong, Chief Justice of Canada, will request the Commons to return and elect a Speaker, and will announce that it is His Excellency's pleasure to declare to-morrow his reasons for summoning them together. This concludes the ceremony in the Senate. The Commons proceed to elect a Speaker immediately and then adjourn till the following day, when His Excellency comes down and opens Parliament by delivering the speech from the throne. Parliament will not therefore be opened formally until Thursday.

The debate on the address will begin on Friday at 3 o'clock. The election of Mr. Edgar, as Speaker of the House of Commons, will probably be unanimous. Senator Pelletier is already Speaker of the Senate, his appointment coming from the crown. In the House of Commons the address in reply to the speech from the throne will be moved by Mr. W. B. McInnes, of British Columbia, and seconded by R. Lemieux, member for Gaspe. Both are excellent speakers and the occasion promises to be more than usually interesting. After them the leader of the opposition—if one is found by that time—will indulge in a criticism and the Premier will reply. A common custom is to then allow the address to be passed without further debate or division, but in this case it has yet to be seen how the Conservatives act in opposition.

The Conservatives are making a big effort to defeat not only Mr. Paterson, but, as has been learned here, of Mr. Blair as well. Mr. George E. Foster is making the fight of his life against the minister of railways and canals. He is the manager of the campaign and trustee of the large funds that have been put up to defeat Mr. Blair. Mr. Hugh John Macdonald's nose is to be put to work in Ontario for the first time in North Grey. He will arrive here to-day and be sworn in as a member of the House to-morrow and leave immediately afterwards for Owen Sound, where orders have been issued to prepare a big demonstration in the form of a reception to his father's nose.

The three members of the Manitoba government who are east, Messrs. Sifton, Cameron and Watson, will probably all be in Ottawa on Thursday for the opening of Parliament. Mr. Sifton will leave town to-morrow, but return on Thursday. He will probably return to Winnipeg on Friday. Messrs. Sifton and Cameron were the two members of the Manitoba government who had the conference with Messrs. Desjardins and Dickey and Sir Donald Smith in Winnipeg during the last session in regard to the school question. No doubt their chief mission here at the present time is to consult with Mr. Laurier and Sir Oliver Mowat as to a final settlement of the school matter.

Mr. Marter, M. P. P., ex-leader of the Ontario Conservatives, has arrived to attend the convention of Foresters, and also, it is surmised, to lend his counsel in the election of a leader for the Conservative party. Sir Charles Tupper outlined his course as leader of the opposition a month ago, but he afterwards was made to realize that his leadership was seriously questioned, and that if he got it he would have to fight for it in caucus. The caucus will therefore be held here in the railway committee room of the House of Commons to-morrow morning. Mr. Marter is an anti-Tupper man, and there are many others, but Sir Charles has the machine behind him and will probably win. The other names to be submitted to caucus are Mr. Wallace, Mr. Foster, Sir Adolphe Caron, Dr. Montague and Hugh J. Macdonald. Hon. John Costigan, who is an anti-Tupper man, will have nothing to do with any of them, and instead of leaving for Ireland, as he purposed on Monday next, left to day. He will attend the Irish political convention as a Canadian delegate.

There was a cabinet council yesterday. The speech from the throne was considered.

Sir Richard Cartwright arrived last evening from Kingston.

The Ontario High Court of Independent Foresters met here to day. Six hundred delegates are expected.

Colonel Smith, sergeant-at-arms of the House of Commons, has arrived for the session.

All the sessional appointments have been determined and the list closed.

BUILDING COLLAPSES.

THREE PERSONS KILLED AND MANY INJURED.

Others Supposed to be Buried in the Ruins.

EAU CLAIR, Wis., Aug. 18.

An old four-story frame building known as Music Hall, which was being dismantled, collapsed yesterday afternoon, killing at least three men and injuring many more. It is more than probable that there are several persons besides those definitely known in the ruins, as no trace of them can be found. They are men employed by Schmidt Brothers, of Superior, Wis., who had the contract for wrecking the building. There were about twenty-five men on the building, some on the roof, some on the second and third floors and some in the basement. Part of the roof had been taken off and the partitions had been knocked out. The south wall bulged out in the middle and the roof, floors and wall came down with a crash which was heard ten blocks away. The men all fell with the wall, except five who were perched on the top of the front wall. The fire department was called out and 100 men began work on the debris.

LOCAL NEWS.

THE CITY presented a deserted appearance to-day, so many stores were closed.

STEAMER CUMBERLAND, from Boston, to day, brought 153 passengers.

STMR. PENTAGOET will sail from Pier 10, East River, New York, on Aug. 22.

INDIANTOWN never presented a livlier appearance than to-day when the crowds were departing for the grocers' picnic.

INFORMATION regarding Capt. Young, who died here about 1855, will be gladly received by Mr. J. B. Jones.

THE MANAGING COMMITTEE of the Neptune Rowing Club will meet on Wednesday afternoon at 4 o'clock at Mr. Peter Clinch's office.

THE CONCERT Monday evening at the Tabernacle Baptist church, under the auspices of the Royal Templars, was a grand success. The attendance was large and everybody enjoyed the excellent programme. The Royal Templars Grand Council meets this evening.

ON A PLEASURE CRUISE.—Steam yacht Starlix, 109 tons, commander B. D. DeLoray, arrived in port this afternoon from Boston on a pleasure cruise. She has a party of four on board besides the crew. The Starlix is a handsome looking craft. She belongs to the Massachusetts yacht club and hails from Boston.

ANOTHER STEAMSHIP LINE.—Mr. Thos. Harling, of Montreal, representing the Elder Dempster line of steamers, called on Mayor Robertson this morning in company with Mr. Robert Thomson. The Elder Dempster line is anxious that some of its steamers should come here this winter and Mr. Harling is endeavoring to make the necessary arrangements. The prospects are the steamers will come here. Like the other lines they feel the subsidy should be divided instead of going exclusively to the Beaver line.

THE GROCERS' PICNIC to-day at the Isle of Pines was very largely attended, many taking the opportunity of the delightful weather to spend a day in the country. Nearly all the retail and wholesale grocery stores were closed because of the picnic, both bosses and clerks having gone up river.

The attendance was much larger than anticipated. It is believed fully two thousand persons went up. Although three steamers were engaged they had to refuse passage to some, the crush was so great.

Mayor Robertson has asked the GLOBE to express his regret at not being able to attend the picnic. Negotiations now pending in respect to dredging made it absolutely impossible for him to leave the city.

THE HARBOR IMPROVEMENTS.

The city has not yet made arrangement for a dredge to assist those now at work at Carleton. The non-arrival of the engineer of a New York dredging concern, who has been expected for some days has delayed matters. He left yesterday and it is expected will make a proposition to the city that will enable them to say yes or no to Col. Moore by to night. Other propositions are also under consideration. Mr. F. W. Holt is on the scene trying to induce the Council to utilize a hydraulic suction apparatus which, he claims, can do the dredging far more cheaply than can any dredge. He will probably be hebrd before the advisory committee to-morrow. Mr. Foster has not yet been given an answer as regards the hoisting apparatus because of the delays regarding a dredge, but the hope now is that everything will be cleared up in the morning. The prospects are an agreement will be made with Mr. Foster for a machine.

No word has yet been received from the C. P. R. as to when an engineer may be expected from Montreal to assume control of the work and carry it on according to Mr. Barber's plans.

PERSONAL.

Col. Domville, M. P., and E. E. Kaulbach, M. P., went to Ottawa this afternoon.

A YACHTING DISASTER.

THE ISOLDE WRECKED BY THE METEOR.

All Hands Swept Into the Sea, but Afterwards Rescued—Owner Said to Have Died.

LONDON, Aug. 18.

The Royal Albert Yacht Club regatta was continued at Southsea to-day, over the 46 mile course sailed yesterday. The prizes for the large raters were £50 and £22. There was a whole-sail breeze from southwest, but the rain fell heavily. The starters in the big race were the Ailsa, Britannia, Satanita and Meteor. The boats started at 10 o'clock.

The yachts in the race for small raters started at 11 o'clock over the same course as that sailed by the big yachts, but only once around, 23 miles. The starters were the Saint, Niagara, Samphire, Audrey, Penitent and Isolde. The prize was £15 to the winner.

While both races were in progress the Meteor came into collision with the twenty-rater Isolde, dismasting her and throwing her crew into the sea. All of the boats stopped immediately and began the rescue of the Isolde's crew, which was accomplished. The races were then abandoned. The accident happened just at the beginning of the second round of the big race.

Baron Von Zedwitz, the owner of the Isolde, who was on board his yacht, was struck in the head and face by some of the fragments of the masts and other parts of the boat, which the collision sent flying in every direction, and was painfully injured. He was conveyed to Ryde.

The big yachts had finished the first round of the course and were just starting upon the second round when suddenly the boats of both classes seemed to have become jammed together. The Isolde, which was sandwiched between two yachts of the larger class, received a severe blow from the Meteor, causing her mast to snap in two and fall overboard. The shock was a heavy one, causing the Isolde to careen, and as she did so all on board of her were spilled into the sea. Her owner, Baron Von Zedwitz, was struck on the head by a block or a piece of the broken mast. As soon as possible he was conveyed to Ryde. A strong breeze was blowing at the time of the accident, kicking up a bad sea, and it was raining very hard. The Isolde was badly damaged and was towed to Portsmouth. The bowsprit of the Meteor swept her deck and carried away all of her gear. Several of the members of the Isolde's crew were picked up in an exhausted condition, but all hands were saved.

LATER.

It is now stated that Baron Von Zedwitz is dead. The flag on the Ryde club house is flying at half-mast.
