ODD FELLOWSHIP.

ANNUAL MEETING OF GRAND LODGE OF MARITIME PROVINCES.

Official Reports Show an Increase in Membership.

[SPECIAL TO GLOBE.]

TRURO, N. S., Aug. 12.

The forty-first annual session of the Grand Lodge of Oddfellows of the Lower Provinces of British North America convened at 10 o'clock. S. T. Rogers, Grand Master, presided. After the usual opening ceremonies the Grand Master delivered his annual address. In opening he said: "Officers and representatives, it affords me great pleasure to welcome you to this our forty-first annual communication. After a year of labor you have re-assembled for mutual counsel; to review the work of the order; to overlook its situation; to regulate its operations; to meet the requirements of its future. Let us return thanks to the Giver of All Good for His kindness and manifold blessings and for permitting us to again meet together to renew old and to form new friendships; and that He may grant us wisdom to so legislate that the principles of our beloved order may continue to advance." The Grand Master regretted that he was not able to make a tour of visitation, and he also regretted the tardiness of a number of district deputies in sending in their reports, but, judging from the reports that are to hand at this date, he congratulated the order in this jurisdiction on a fairly successful year, and he was led to believe that the lodges are progressing peacefully and harmoniously, and that greater gains may be expected in the year we are about to enter upon than in the one just closed.

Speaking of the Rebekahs, the Grand Master said: "It affords me very great pleasure to refer to the Rebekah branch of our order, and in doing so to be able to report a very satisfactory increase in the membership. Two new lodges have been instituted and there are good prospects of at least three more being organized in the near future. This indicates a hopeful outlook, not only for this branch of our order, but also for the good of the subordinate lodges."

During the year, said the Grand Master, two subordinate and two Rebekah Lodges were organized, and he recommended charters be granted to them as follows: Marmion Lodge, of Sherbrooke, Guysboro Co., N. S.; Regina Lodge, of Sunny Brae, Pictou Co., N. S; Bonnie Brier Rebekah Lodge, Port Maitland, N. S., and Pearl Rebekah Lodge, Moncton, N. B. Reference was also made to the appeal of the Italian lodges for relief of widows and orphans of brothers killed in the Abyssinian war. There were no questions of any importance before the Grand Master for decisions. In his recommendations the Grand Master recommended that Deputy District Grand Masters be retained longer in office than they generally are. In conclusion the Grand Master thanked the grand officers and others for their assistance during the year, and said: "In the discharge of my official duties no doubt I have often erred, but if I have, I can assure you that they were 'errors of the head and not of the heart,' and I trust that you will pass them over in brotherly love. My greatest ambition has been to discharge the duties appertaining to this high office impartially, and in accordance with the constitution and usages of the order. And now, brothers, the work of the year is before you, and I trust that it may meet with your approval. Let each and all of us give our best energies to the work before us, that we may so legislate that the best interests of this noble order may be advanced."

Grand Secretary J. C. P. Frazee in his report said: "The year has been one of fair progress. In some sections a very gratifying state of activity and progress is apparent. In others, though no increase of numbers appears, yet the mission of the order is being steadily and loyally pursued, and its principles are being worked out with zeal and integrity, to the admiration of the communities where such work is being performed. A few lodges have decreased in membership, but among these are some of our best lodges, with whom the lessened membership is but an indication of unrelaxing vigilance and careful administration."

The secretary referred to the Oddfellows Relief Association, and the Grand Master also spoke highly of the management of the association. The following statistics show the strength of the order:

REBEKAHS.

Seven lodges, with a membership of 412.

SUBORDINATE LODGES.

The total number of lodges now enrolled is 63, being an increase of two over last year. The membership last year was 4,674, and this year it is 4,853, an increase of 179. During the year 79 members withdrew by card, and 32 died. Deaths averaged 6.72 per 1,000 members.

RELIEF, ETC.

The following table shows the amount distributed for relief during the year:

Amount paid for relief of brothers	$4,631.33
" " " widowed families	308.25
" " " burying the dead	763.65
" " " special relief	411.36
Total relief	$6,114.59

The total receipts for the year were $25,632 03, and the total expenses were $15,956 69.

The amounts invested, etc, are: Widows' and orphans' fund, $26 556 56, and in banks and other institutions, $73 939 46, making a total investment of $99,496 02.

Grand Treasurer J. A. Balcom's report showed that the total amount received by him during the year was $3,331 68, and the expenses $2 144 63, leaving a balance on hand of $1,187 05.

The reports were received by Grand Lodge and referred to the different committees.

CONCERNING HON. MR. SIFTON.

Is He to Become Minister of Interior?

[SPECIAL TO GLOBE.]

TORONTO, Aug. 12.

Attorney General Sifton, of Manitoba, arrived here last night from Winnipeg. He leaves for Ottawa to-night. A reporter interviewed Mr. Sifton, but while ready to talk on general topics, as soon as politics were touched he became silent. Asked who he thought would be made Minister of Interior, he replied, "I have nothing to say." A question concerning the prospects of Mr. Laurier settling the school problem elicited no reply. Finally he intimated he was going to Ottawa to see the Premier.

The *World's* Winnipeg despatch says Brandon Liberals who elected McCarthy are eager to discover whether he intends resigning the Brandon seat, but can get no satisfaction from him. Attorney General Sifton, who in reality won Brandon for McCarthy, has gone east to have a consultation with him. The impression still prevails that Sifton will stand for Brandon as Minister of the Interior. He had promised Martin not to stand in his way, but Martin seems to be out of it now altogether.

No Change in the Dreadful Situation—Fatalities in Other Places.

NEW YORK, Aug. 12.

This is the eighth day of the present torrid wave, and up to one o'clock there were no indications of an immediate break. The temperature is a few degrees lower than yesterday, but the humidity was nine degrees higher. In the early morning hours there was a ten-mile breeze, which tempered the sun's rays somewhat, but this gradually died away as the morning wore on. Early police reports show 14 deaths and 16 prostrations from heat occurred after two o'clock this morning. The total number of deaths caused directly by heat during this hot spell up to and including yesterday was 326. Yesterday's record of 140 deaths was the largest, but from present indications this may be equalled, if not surpassed, to-day, At noon temperature 91 degrees.

PROVIDENCE, R. I., Aug. 12.

Six more deaths from heat were reported last night and this morning, making twenty since Saturday.

HARTFORD, Conn., Aug. 12.

Three more deaths from heat were reported this morning.

SALEM, Mass., Aug. 10.

William H. Morgan, letter carrier, and John Geary, driver, were overcome by heat this forenoon. Both are unconscious, Morgan being in a very serious condition.

WALTHAM, Mass., Aug. 12.

Extreme heat has caused almost the entire suspension of business here.

LOWELL, Mass., Aug. 12.

Mrs. Catherine Moynhan, aged 70, and Patrick Lahiff, aged 25, who were prostrated by heat, died last night.

PAWTUCKET, R. I., Aug. 12.

Thos. Corcoran, who belongs in Readville, Mass., employed as a mason at Lonsdale, fell from a four-story window of his boarding-house this morning and was instantly killed. He was thirty years old and unmarried.

William Lees, a middle-aged man who boarded on East Avenue, died last night from heat.

BOSTON, Aug. 12.

At noon to-day the thermometer registered 93 in the street. Carl Lindquist, 40 years of age, of 976 Tremont street, was rendered unconscious by the heat early this morning and died while being taken to the hospital.

Catherine Carney, aged 29, of Second street, South Boston, was overcome by the heat in front of her home this morning, but it is thought will recover.

BELONG TO CANADA.

Rich Gold Placer Mines Discovered to be Canadian Territory.

PORT TOWNSEND, Wash., Aug. 12.

The rich gold placer mines of Alaska have been transferred to Canadian territory, and miners are now paying the miners' tax to the British authorities. The territory in question is from three to eight miles in width, and embraces the rich placer claims on Glacier and Miller creeks, which, heretofore, were supposed to be in Alaska territory. These statements were made yesterday by Captain William Moore, Canadian mail carrier between Victoria and Fort Cudahy, N. W. T. He has just returned from taking the first mail to the Yukon miners on British territory. Errors in the old survey were discovered last late autumn, and during the winter Prof. Ogilbee, who now has charge of a corps of British engineers engaged in locating the boundary between the two countries, made the corrections, transferring a strip of territory from three to eight miles wide from Alaska to Canada. Over 200 miners were affected. These the Canadian mounted police immediately compelled to pay miners' taxes. Moore says there can be no doubt as to the correctness of the new survey. All of Miller and Glacier creeks and parts of several other streams rich in gold diggings are now claimed by the British authorities. It appears the miners conclude that the United States government did not care enough for the territory to establish a government fort, inasmuch as Prof. Ogilbee was permitted to locate such boundary lines as he chose without the assistance or presence of American officials, and no efforts were made to prevent the police from enforcing their regulations over that portion of Alaskan territory. Prof. Ogilbee told Moore he would remain at Fort Cudahy until the arrival of American surveyors, and would allow them to check his work if they so desired.

HIS OWN VICTIM.

Fatal Accident to a Flying Machine Inventor.

BERLIN, Aug. 12.

Herr Lilienthal, engineer, who for many years has been experimenting in the building of flying machines, met with an accident yesterday that resulted in his death. He started with one of his machines to fly from a hill top at Rhinow, near Berlin. The apparatus worked all right for a few minutes, and Lilienthal flew quite a distance, when suddenly the machinery got out of order, and man and machine fell to the ground. Lilienthal was so badly hurt he died in a hospital.

IMPORTANT JUDGMENT

Affecting the Business of Some United States Railways.

LOS ANGELES, Cal., Aug. 12.

Judge Wilborn, of the United States Circuit Court, yesterday handed down a decision of great moment, involving some entirely new and original questions touching the right of Congress to regulate the rates chargeable by the railroads of the country in the conduct of interstate commerce business. It is probably the most important decision ever rendered affecting the rights and privileges of railroad corporations in this country. The amount involved is as large as that of the income tax, and the principles laid down by the court are very important. The issues settled by this decision are those arising between the government of the United States and land grant railroads as to the rate of compensation that the roads should receive from the government for transportation of troops, mails and other effects. The roads claimed they had a right to charge the government the same rates as individual shippers or travellers, while Congress has frequently provided that the compensation should not exceed half of the regular rates, the exact figures to be fixed by the secretary of war. Under these acts of Congress only half rates have been paid by the government, and the roads desiring to have the matter settled for all time brought a test case under the Court of Claims act, the Atlantic and Pacific road being the plaintiff, to recover full fare for the transportation of a trooper, one Philip Barrett, from Albuquerque, N. M., to Prescott Junction, Ariz., a distance of 423 miles. The regular fare for the trip is $25.70; the government offered $13.23. The railroad refused to accept that sum, and brought suit for the full amount. The decision may be understood when it is stated that the Atlantic and Pacific alone would receive $750,000 a year more for the transportation of troops, and that when the charge for carrying the mails is added the difference on this one road in favor of the government reaches $1,500,000 annually. As the land grant roads include one-half the mileage of the railroads of the country, the amount involved aggregates from $40,000,000 to $50,000,000. The government claimed they should not pay more than half the rate of individual shippers or travellers, and the decision sustains the government's contention.

TO-DAY'S YACHT RACES.

LONDON, Aug. 12.

The races of the Royal Victoria Yacht Club regatta were continued to-day over the fifty mile course sailed over yesterday.

In the race for large raters the prizes were a cup valued at £300 and a purse of £150 in money for the winner and a purse of £50 to the second. The Caress, Ailsa, Britannia, Satanita, Isolde, Corsair and Meteor started, taking the eastward at 10.05. The wind was light from the northwest.

In the race for twenty raters the Saint Isolde, the Penitent, Niagara, Samphire and Audrey started at 10.15. The small raters sailed over the same course as the larger boats, but only once around instead of twice, as in the case of the big boats. The prizes in the race for small raters were £25 and £10.

The race for twenty raters was won by the Saint. The Penitent was second and the Niagara fourth. The Saint finished at 3 27 22.

The race for big raters was won by the Meteor, which finished at 4.15.18. The Ailsa finished second ten minutes later, and the Britannia third, twenty minutes later. The second prize goes to the yachts of smaller class.

DROWNED IN THE RIVER.

Boat Sank and 14-Year-Old Boy Lost His Life.

[SPECIAL TO GLOBE.]

MONCTON, Aug. 12.

At Dover, near this city, yesterday, the young son of Sherman Derry, noticing a box floating in the river took a boat and rowed out to it. He commenced to tow the boat to the shore attached by an anchor when his little skiff sank and he was thrown into the water. He tried to swim to shore, but had proceeded only a short distance when he yelled out to his distracted sister on the shore, "Tell mother I'm drowning." Deceased was fourteen years old. His body was recovered shortly after.

POLICE COURT.

FIVE DROWNED.

PARTY OF YOUNG PHILADELPHIA PLEASURE SEEKERS CAUGHT IN A SUDDEN STORM.

Boat Upset by the Wind—Women in Their Excitement Add to the Perils of the Situation and Hasten Disaster.

PHILADELPHIA, Pa., Aug. 10.

Five persons were drowned in the Delaware River last night near Bridesburg, a suburb, by the overturning of a towboat during a gale.

The victims are:

John Trensier, Charles Minnick, of Cincinnati, who was visiting friends in Bridesburg; Amelia Holman, Rose Breinenger and Rosie Breinenger.

The party boarded the rowboat at eight o'clock last night, and, after rowing down the river, started homeward about ten o'clock. The boat had almost reached its destination when a severe windstorm arose. The young men bent to their oars, but little progress was made, and the young women became excited. Their actions, together with the wind and tide, caused the boat to capsize. All managed to clutch the sides of the craft, which was blown toward the Pennsylvania railroad bridge.

The shrieks of the women and the calls for help were heard by the keeper of the bridge. He threw a rope to the struggling men, but they were unable to grasp it. The boat crashed against the abutment, and two of the women lost their hold and sank. The boat passed through the draw and had not gone far when the cries of the others ceased. At daylight the boat, bottom up, was found near where the pleasure seekers met their deaths.

The identity of the victims was not learned until this morning. None of the bodies have been recovered.

MRS. TEETER, IN A DREAM, LEARNED OF HER BOY'S DROWNING.

DAYTONVILLE, N. Y., Aug. 10.

John Teeter, the fifteen-year-old son of Richard Teeter, was drowned in a pond half a mile from his home yesterday afternoon, and the body was discovered to-day through a dream his mother had last night. When young Teeter left home yesterday afternoon he informed his parents that he was going to visit his uncle, three miles distant, and would not return until this morning.

Mrs. Teeter awoke last night with a scream and informed her husband that she had dreamed that John's dead body was lying in Beebe pond, half a mile from the house. The husband attempted to persuade his wife that it was only an illusion, but Mrs. Teeter was so impressed by the dream that she could not sleep and at daybreak induced her husband to visit the pond, where, to his horror, the boy's clothing was discovered upon the bank. Help was procured, and young Teeter's dead body was soon removed from the water. When informed that her son had been drowned, Mrs. Teeter remarked: "Oh, I knew it last night, for I saw the body. The spirits revealed it to me."

BRAVE, BUT FRUITLESS, EFFORTS OF A BOY TO SAVE HIS COMPANION.

POUGHKEEPSIE, N. Y., Aug. 10.

James Barber, twenty-six years old, was drowned in the Wappinger's Creek, at Wappinger's Falls, Dutchess county, this afternoon, in spite of the heroic efforts of George Lee, an eleven-year-old boy, to save him. Barber was swimming in the creek. He dived down and became entangled in the eel grass.

Young Lee went to his assistance, and after almost superhuman efforts succeeded in freeing Barber from the fatal entanglement and dragging him to shallow water near the shore, where he held his head above water until other help arrived. All efforts to revive Barber failed, and he died in ten minutes.

YOUTHFUL TRAIN WRECKERS.

Eleven and Twelve Year-Old Boys Under Arrest.

STAMFORD, Conn., Aug. 12.

An attempt was made to wreck a train on the New Canaan branch of the N. Y., N. H. & H. R. R. last Friday night by placing ties on the track. A watchman was stationed there, and last night he found a heavy branch on the track just before the 6 06 train came along. He arrested Wilbur Gaynor, aged 11, of Darien. The boy said he and two companions, Chas. Roberts and Robert Murray, each 12, placed the branch on the track, but denied all knowledge of the other attempt. Warrants have been issued.
