SKETCHES OF NEW-BRUNSWICK;—CONTAINING—AN account of the first Settlement of the PROVINCE, with a brief description of the Country, Climate, Productions, Inhabitants, Government, Rivers, Towns, Settlements, Public Institutions, Trade, Revenue, Population, &c. BY AN INHABITANT OF THE PROVINCE. Price 2s. 6d. TO BE PUBLISHED, Obsterical Observations BY ROBERT BAYARD, M.D. D.C.L. "Doctor BAYARD has been induced to offer his Observations upon Obsterical Practice, from a conviction that many errors have long prevailed in it, and in the management of Diseases incident to Child-bed Women, which although sanctioned by the older Authors, and Practitioners in Midwifery, and perpetuated by prejudice, are nevertheless repugnant to reason, and admit of refutation by later experience, by the established operations of medicines, by the laws of animal economy, and by anatomical facts. But as the sale of a Medical Work would be very limited in this and the adjoining Provinces, Doctor BAYARD has forwarded a prospectus of the contemplated volume to New-York for Subscribers, and when sufficient encouragement is given to indemnify him for the expenses of publication, the Observations, which will engross a full-sized octavo, will be sent to the press."
