action, her manner, and her *toit*, are truly astonishing: Only imagine, a small, well proportioned figure, *three feet in height*, acting the part of an intelligent female *twenty-nine* years of age—quick at repartee, and severe in retort; she is, truly, take her all in all, one of the most attractive wonders of the age."

ROBBERY.—On Thursday last, four seamen belonging to the ship *John Bushman*, underwent an examination before Alderman ANSLEY, at the Police Office, on a charge of having stolen two pieces of serge and a cloth cap, value £4, from the store of Mr. A. NEWMAN; and circumstances being strong against them, they were committed to Jail, to take their trial for the offence.

SPEARMAN *vs.* WILSON.—We understand that a rule *nisi* has been obtained on the part of the defendant, to shew cause at the next term why judgment should not be arrested. If the rule be made absolute, the effect will be, that each party must pay his own costs, and the *One Shilling damages* be lost to the Plaintiff.—*St. Andrews Herald.*

HALIFAX, Oct. 31.—His Majesty's Schr. Nimble arrived here on Thursday evening last, in 22 days from Jamaica. Her Commander is charged with despatches for Vice Admiral Sir G. Colpoys, K. C. B. She will sail to-morrow, we understand, for Bermuda. A report has prevailed since her arrival, and we believe there is much foundation for it, that strong apprehensions were entertained at Jamaica, that the negroes were contemplating another revolt against the Government.

His Majesty's Ships Columbine and Sparrowhawk, will sail in a few days for Bermuda—from thence, probably, they will proceed to Jamaica.

FAMINE IN ANGUILLA.—The Barbadoes Mercury mentions that the inhabitants of Anguilla are suffering extremely with famine; many have perished for want of food. The neighbouring islands were contributing to their immediate wants, but the supplies received were so small in proportion to the wants of the sufferers, that only *one pint* of meal was apportioned to one person for *three days*.

English Magazines.—Messrs. Allen & Ticknor, propose to republish Blackwood's Edinburgh Magazine, and the London New Monthly Magazine, for about half the price it costs to import the foreign editions.—The Edinburgh, conducted by Professor Wilson, is the supporter of the high tory party; the New Monthly, conducted by Bulwer, is the advocate of the people and the champion of reform. The English editions cost here $24 per annum; or $12 singly; the American will cost $6 for Blackwood, and $5 for the New Monthly, or $10 for both; the former contains above 2,000 pages, the latter 1,400. Terms, payment semi-annually in advance; republication to commence January 1st, 1833, if 600 subscribers can be obtained.—*Boston Traveller.*

Among the works in press in England is the "New Gil Blas," by the author of "Spain in 1830."

In Great Britain, there are 550 paper mills, and their yearly manufacture, is equal to 12 millions per annum. A large quantity of this comes to the United States, as some kinds are not yet imitated or equalled in this country. In France, there are 250 mills of an inferior character. The paper they manufacture is considered thin and poor.

COAL COMPANY.

HIS Majesty's Government having, upon the application of the Association formed at Fredericton, July, 1831, proposed to grant Leases on very advantageous terms, of any District or Districts in which Coal may be found, and to extend every reasonable encouragement to a Company formed for Mining purposes, with a sufficient capital; the Members of the Association are desirous of forming a Company under the sanction of the Legislature, with a capital of

TEN THOUSAND POUNDS,

to be divided into One Thousand Shares, of Ten Pounds each; and are willing to surrender to such Company, any particular privilege to which they might entitle themselves, on the following conditions:—

First—That the present proprietors be allowed credit in the New Stock, for the amount they have already paid, with interest—and that any who desire to relinquish their stock, shall receive back the amount so paid, with interest.

Second—That the New Company shall become possessed of all the rights and property of the Association, and entitled to all the profits or proceeds of Coal, subject to all the charges and expences, paid or incurred.

Third—That no individual shall be allowed in the first instance to subscribe for more than Ten Shares of the new stock.

As it will be necessary, that a Petition to the Legislature for an Act of Incorporation should be prepared and the provisions of the Act determined as soon as possible; it is deemed advisable that a Public Meeting should be holden, and a Subscription List for the new Stock opened, without delay: I do therefore, pursuant to a Resolution of the association, passed on the 15th inst. hereby request a meeting of such persons as are disposed to unite in the adventure, at the Masonic Hall, in the City of Saint John, on Thursday the 20th day of December next, at noon, for carrying the foregoing measure into effect.
