SECOND REPORT
OF THE COMMITTEE OF GRIEVANCES.

Your Committee, since they made their first Report, have examined other witnesses, and have also had under consideration, certain documents relating to the management of the Crown Land Department, which they beg leave to submit to the consideration of this honorable House. Your Committee are of opinion that the subject of grievances should be taken up at an early period of the next Session of the General Assembly, as from the short time which has elapsed since the formation of your Committee, they were prevented from going so fully into the subject of grievances, as the high importance of it required.

Committee Room, 15th March, 1833.

11th March, 1833.

James Stewart, Merchant, of Saint John, being called in and examined:

Question.—Are you aware of the seizure of a quantity of timber at Saint John, belonging to John Rider and John M'Donald, by Mr. W. N. Akerly, Cashier in the Crown Lands Office?

Answer.—I am.

Please detail the circumstances.

In the month of June, 1831, Rider and Mc Donald, both brought down timber to be delivered to me to pay for supplies previously furnished. A part of this timber was seized by Mr. Akerly, on the charge of its having been cut without license.—Rider stated that he had a license which was admitted by Akerly, but he seized the overplus, and would not give it up but on the payment of 6s. per ton for white pine, and 3s. 6d. for red, for which I had to give a note in favour of the Hon. Thomas Baillie, Commissioner of Crown Lands, amounting to £32 4s. 6d. [*see paper annexed, marked G.*] which afterwards I was obliged to pay, deducting £7 1s. remitted him in consequence of an application to the President, [*see papers annexed, marked H. and I.*] Mc Donald stated that he had a license for the whole of his timber, but his license was with one Gain B. Taylor, of Maugerville, who had procured it for him from the Office.—Mr. Akerly insisted upon seeing it—and I had to become bound for the payment of £12 10s. the amount of his timber at 2s. 6d., unless he could prove he had obtained a license.—In the month of September following, I called at the Crown Land Office, and paid the balance due on the note, and the said sum of £12 10s. without hearing any thing of the licence to M'Donald.—About a week afterwards I was in company with the latter, and told him I had paid that for him, he immediately told me I ought not to have done so, as he had been to the Office and fully satisfied them that he had a license for cutting this timber.—Afterwards I understood from McDonald that he had again gone to the Office, and demanded the money which had been so unjustly taken from me on his account—when he was told that they never returned money, but he might have timber for it.—Rider has since left the country,—the quantity which he procured altogether must have been rather more than 300 tons.

G. I promise to pay the Hon. Thomas Baillie, the sum of thirty-two pounds, four shillings and sixpence, being for the stumpage for 94 tons white pine and 23 tons of red pine timber, got over by Mr. John Rider's license, payable the 10th July, 1831—this 28th June, 1831.
(Signed) JAMES STEWART.

H. To Mr. James Stewart.—His Honor the President, in consideration of John Rider's extreme poverty, has remitted 1s. 6d. per ton on the white pine reported by Mr. Akerly; he will therefore have to pay for 94 tons white pine at 4s. 6d. and 23 tons red pine at 3s. 6d.
(Signed) JOHN A. BECKWITH.

Rec'd 16l. 13s. 6d. 12th September, 1831. W. N. AKERLY, Cashier.

Samuel Smith, of Douglas, in the County of York, Lumberer, called in and examined:

Question.—What are the particular grievances you complain of against the Crown Land Department?

Answer.—In the winter of 1825, I applied for license to cut 400 tons of timber, and paid the Crown Land Office the tonnage money £20.—*The birth applied for upon seeing out, was found to be previously licensed to another person*—and I got no timber. I called at the Crown Lands Office *to get back the money paid in, which the Commissioner refused to do.—The Commissioner told me I might cut the quantity of timber in another place*, which I declined doing, as the season had advanced so far, I could not do it except at a great loss. *I applied for the timber the year following, and wished the money so paid to be allowed to go for the timber applied for, which the Commissioner refused to do, or to return me the £20 so paid.*

Same day, the infant son of Michael J. Lowrey, aged 5 months.

On Wednesday morning, Bernard Dominick, fourth son of Mr. Bernard Reynolds, aged 3 years and 3 months.

Mr. M'Leod has for many years resided in this City, and held various public situations with credit; he was on one or two occasions an Alderman, and held to his death, the office of County Treasurer and Coroner. While Editor and Printer of the *City Gazette*, he was ever sedulous in promoting the cause of Religion and Temperance; his great exertions in the latter cause did much good. On Thursday, Margaret Robertson, daughter of Mr. Alexander M. Massie, hatter, aged 4 years and 2 months. A spark thrown out by the fire accidentally fell on her clothes, while she was sitting in the room with her brother, and almost immediately set them in flames. Though assistance was given by the parents with all haste and eagerness, the amiable child was so severely burnt, that after lingering in great distress from 11 o'clock in the forenoon, till half-past 8 in the evening, she expired.—Funeral on Sunday, at 1 o'clock, from Mr. Massie's residence in Germain street.

NOTICE.

MR. GEORGE J. SYLVESTER, Surgeon Dentist, respectfully acquaints the inhabitants of St. John and its vicinity, of his intention to leave this City in about two weeks; at the same time would inform the Public, that he will be happy to give advice gratuitously to those who would wish to have a knowledge of the condition of their own teeth, since it is too frequently the case, that persons think their teeth are sound, instead of which disease is making rapid progress.—Mr. S. also recommends to Parents the necessity of having their Children's teeth examined, during the time they are shedding them; for proper attention at that period will prevent irregularity, and frequently disease and loss of teeth in after life.

Mr. S. may be consulted at his lodgings at Mr. M'Kee's Boarding House, Market-square—Attendance at the residence of patients, if preferred. *St. John, N. B. March* 16, 1833.

CAUTION.—The Subscriber cautions all persons against trusting his Son, Robert, as no debts of his contracting will be paid by
RICHARD PITT.
