there is a want of power and energy in the authorities, which leaves the citizens at the mercy of a lawless mob.

The Recorder declared the sentence of the Court as follows:—Thomas Kelly, Peter Van Loan, and Stephen Gordon were adjudged to be imprisoned in the Penitentiary, at hard labour, for the term one year—to be put upon Blackwell's Island, and made to get out stone. John Wilson, Thomas Dowd, Luke Williams, Edward James, and Andrew Rourke, were sentenced to the like imprisonment and labour, for the term of 6 months. In the case of Jacob Young, the German boy, whom the Jury recommended to mercy, judgment was suspended.

James H. Conant, charged with being an active accomplice in the destruction of the Ursuline Convent at Mount Benedict, was examined at the Town Hall in Charleston, and fully committed for trial, bail being refused.

The Woodbury Herald of Tuesday, says, that the upper part of Gloucester, N. J. "is literally overrun with blacks, driven by the violence of an infuriated mob from their homes and property in Philadelphia, to seek shelter and protection among the farmers of our county. Their numbers previous to this influx had become in some places troublesome—in others a burthen and a nuisance. A temporary sojourn among us considering the circumstances of the case, may be borne with—but the first inclination of a permanent residence should, and we feel confident will, call forth a rigid enforcement of the statute against the admission of blacks into our boundaries."

[From the Royal Gazette, September 17.]

By His Excellency Major-General Sir ARCHIBALD CAMPBELL, Baronet, G. C. B. Lieutenant Governor and Commander in Chief of the Province of New-Brunswick, &c. &c. &c.

ARCH. CAMPBELL.

A PROCLAMATION.

IN consideration of the danger to be apprehended to this Province, from the progress of a grievous Disease with which the neighbouring Provinces, and many other parts of the world, are visited, I have thought fit, by and with the advice of His Majesty's Council, hereby to order and direct, that on Wednesday the eighth day of October next, a PUBLIC FAST and HUMILIATION be observed throughout this Province, that so we may humble ourselves before Almighty God, and, in the most devout and solemn manner, send up our Prayers and Supplications to the Divine Majesty, for averting those heavy judgments which our manifold provocations have most justly deserved, and particularly beseeching God to remove that grievous Disease, and in his mercy to preserve us from its visitation: and I do hereby strictly charge and command that the said Public Fast be reverently and devoutly observed by all His Majesty's loving Subjects in this Province, as they tender the favor of Almighty God, and would avoid his wrath and indignation.

And whereas a suitable form of Prayer has been prepared for this purpose, I do hereby authorize and appoint the same to be used on this solemn occasion in all Churches, Chapels and Places of Public Worship throughout this Province.

Given under my Hand and Seal at Fredericton, the seventeenth day of September, in the year of our Lord one thousand eight hundred and thirty-four, and in the fifth year of His Majesty's Reign.

By His Excellency's Command.

DREADFUL SHIPWRECK.

Extract of a Letter from Pictou, dated 11th Sept. "We have just received accounts of the loss of the ship Sybelle, of Liverpool, from Cromarty, for Quebec, with 316 emigrants, all of whom perished; six of the crew saved themselves in the boat, four of whom arrived here this morning.—Good God! can nothing be done to erect a Light House on that fatal Island; surely means should be taken, if possible, to prevent such fatal Shipwrecks."

[The above is indeed a most melancholy account of shipwreck and loss of human life. The sudden destruction of so large a number of our fellow creatures is truly awful. The writer of the letter may well complain of the want of a Light House on St. Paul's Island—the sad experience of very many years has forcibly shown the necessity of such an establishment being formed there as well as at Scatarie. The Government of this Province has often shewn a disposition to contribute liberally to the object, and has strongly urged the other North American Colonies to unite with this in carrying it into effect. Still nothing is done. It would be most unjust that the expences of erecting and maintaining Light Houses on those ill-fated Islands should be borne solely by this Province: Canada and New-Brunswick are as much interested in the measure as Nova Scotia, and perhaps more so. The cause of humanity should not require additional calamitous disasters to strengthen the numerous appeals which have been made to the Governments of these Colonies for the adoption of measures for the protection of human beings against the dangers which surround St. Paul's and Scatarie Islands, and we anxiously hope another year will not be allowed to elapse before Light Houses are erected there.—*Nova-Scotia Royal Gaz.*]

STORE TO LET,
And possession given immediately—

THE Store at present occupied by the Subscriber, in Dock Street, a few doors from the Market Square—being an excellent Stand for business, and well adapted for either Dry Goods or Groceries. JOHN ELLIOTT.
September 5th, 1834.

Mr. Thomassin,

IN returning thanks to the Ladies and Gentlemen of Saint John for the success that he has met with since his arrival in this City, respectfully informs the public, that it is his intention, immediately to commence a second Quarter.

As Mr. T. is informed that many persons who desire to commence, hesitate, through the fear that he will not remain in Saint John a sufficient length of time for them to perfect themselves in a language so much esteemed by the lovers of a polite education, he would acquaint such, that in consequence of engagements made with pupils and Ladies connected with schools, he anticipates a long stay in this City.

By the LANCASTRIAN SYSTEM, Mr. Thomassin purposes to commence a course of *fifteen lessons*, for young pupils who study the French language in different schools, and guarantees that, after this short course on the above system, they will possess an exact pronunciation, the difficulty of obtaining which is the pupil's chief impediment to a perfect knowledge of the French Language: for this course, independent of his regular school, he can receive together twenty pupils over 10 years of age.

☞ For terms of tuition, and days of attendance, application must be made to him at his school-room, No. 3, in Mr. Bragg's building, or at Mrs. Cook's Boarding House.
August 22, 1834.

THE UNDERSIGNED,

IN returning thanks for the liberal support he has received, respectfully intimates, that his *regular* SALE-DAYS, in each week, will be *Tuesday, Thursday,* and *Saturday.*
September 6th. CHAS. B. COX.

Apothecaries' Hall.

CHOLERA MEDICINES put up in small packages, with concise printed directions, will be kept constantly on hand.

In consequence of the Asiatic Cholera having appeared in Halifax, the Subscriber, after carefully examining the most scientific documents on the subject, has been induced to draw up a code of directions for the prevention and treatment of the disease, in order that those who live at a distance from medical assistance, may be enabled to render prompt aid until they can procure medical attendance. As this awful disease runs its course, and often ends fatally in a few hours, it is absolutely necessary for families to supply themselves with all the most approved medical remedies, that no time may be lost on the first appearance of the malady; for in fact, if the patient attends to the *premonitory symptoms*, and applies the proper medicines, he will almost always be successful in preventing the disease; or at all events, rendering the attack much more mild and manageable.
WM. LIVINGSTONE, *Surgeon.*
