St. John, Sept. 20th, 1834.—uf

Apothecaries' Hall.

CHOLERA MEDICINES put up in small packages, with concise printed directions, will be kept constantly on hand.
In consequence of the Asiatic Cholera having appeared in Halifax, the Subscriber, after carefully examining the most scientific documents on the subject, has been induced to draw up a code of directions for the prevention and treatment of the disease, in order that those who live at a distance from medical assistance, may be enabled to render prompt aid until they can procure medical attendance. As this awful disease runs its course, and often ends fatally in a few hours, it is absolutely necessary for families to supply themselves with all the most approved medical remedies, that no time may be lost on the first appearance of the malady; for in fact, if the patient attends to the *premonitory symptoms*, and applies the proper medicines, he will almost always be successful in preventing the disease; or at all events, rendering the attack much more mild and manageable.
WM. LIVINGSTONE, *Surgeon.*
St. John 30th August, 1834.

REMOVAL.

J. W. FRASER respectfully acquaints the Ladies and Gentlemen of Saint John, that he has REMOVED his
