

week of British brig Margaret & Emily, Thompson, from Quebec, which sprung leak on the 5th Nov. and filled—look off the crew.

YARMOUTH, Dec. 11.—Brig Henry, Williams, and from Cork, 54 days, out to St. John, put into Yarmouth, with loss of sails. The crew got refitted and went to sea again; after being out a few days she was obliged to put into Yarmouth, near this harbour—captured her windlass while riding out the gale of Tuesday night, and run further up the river, where she now lies at anchor.—*Herald.*

Philadelphia Dec. 4.—The British ship John Bentley, Betts, from Liverpool, with cargo of salt, consigned to A. C. Barclay & Co. was run ashore on Tuesday afternoon, on Peck's beach, near Egg Harbour, and bilged—captain, crew and passengers saved.

The brig Myra, Goham, from Halifax for Philadelphia, struck on Chincoteague Shoals 24th ashore on Tuesday afternoon, on Peck's beach, near Egg Harbour, and bilged—captain, crew and passengers saved.

The brig Myra, Goham, from Halifax for Philadelphia, struck on Chincoteague Shoals 24th ashore on Tuesday afternoon, on Peck's beach, near Egg Harbour, and bilged—captain, crew and passengers saved.

QUEBEC, Dec. 7.—The vessels left Quebec on Wednesday last, the night preceding the first severe frost, and there never was any probable prospect of their getting to sea.

The Barque Merlin, Atkinson, for London, went ashore on the upper end of Green Island, on Thursday last, with four feet water in her hold.—The greater part of the materials have been landed.

A schooner, bound to Caen with provisions, after drifting about, had got between Apple and Basque Islands; crew saved, and cargo expected to be landed on Apple Island.

Copies of letters from Capt. Armstrong, of the barque Alceus, which vessel sailed from Montreal for Barbadoes, to the Steam Company's Agent at Quebec:—

Riviere du Loup, Nov. 30th, 1855.

My dear Sir,—It is now my painful duty to inform you of the fate of the unfortunate ship Alceus. On Friday about noon we were surrounded by a heavy fog, and the ship was driven on after drifting up and down with the tide for forty-eight hours, losing both her chains and anchors, we succeeded in bringing her alongside the shore, which extended about half a mile from the land.

The inhabitants of the place looked down to our assistance, and by means of ropes, &c. managed to stop her, we immediately set to work to strip her, at the same time cutting a channel in the ice to get to her. We had succeeded in bringing her in about three miles length, when a most severe gale sprang up from the S.W., which broke away the shore ice, and of course took the vessel with it; this event was so unexpected and so sudden that the people could scarcely get ashore.

We have saved the sails, running rigging, stores, &c. and a few barrels of cargo.

It was about 4 P.M. yesterday (Sunday) when the Alceus was taken off. I scarcely recollect of having seen a more severe night than the last, which the unfortunate sufferers outside were obliged to encounter.

I can assure you that we had some doubts as to our ever reaching the land alive. Since writing the above I have learnt that the Alceus is aground about six miles below this on a point of rocks; there is, however, some chance of saving the cargo, or at least a part of it, should she not take a second trip.

Riviere du Loup, December 2d.

I wrote you yesterday giving you all the particulars of our shipwreck by ice at this place. I have now merely to say, that we will save all the cargo. The vessel I fear will be lost.

The barque Endeavour, Douglas, for Liverpool, is full of water a little below Riviere du Loup, her crew are on shore, and the cargo is being landed.

Two canoes were dispatched from Riviere du Loup on Saturday morning to Hare Island for the crew of the Endeavour.

A CARD.

BARLOW & SONS return their united thanks to the Officers and Men of the Royal Artillery, the Officers and Men of the Garrison, to the different Fire Companies, and to their Fellow-Citizens in general, for their prompt assistance and perseverance in subduing the fire on board the brig Edwin, on Tuesday last.

A CARD.

CAPT. P. B. MACKENZIE, of the late ship Sarah Ann, desires to return his most sincere thanks to the Inhabitants at Sandy Cove, Digby, for the kind assistance manifested towards him and his crew in their distress on the morning of the 31st inst., and begs to assure them that their attention will never be effaced from his memory.

St. John, Dec. 19.

Saint John Grammar School.

THE Semi-Annual Public Visitation and Examination of the Grammar School in this City will take place at the School House, on Monday next, at 10 o'clock in the forenoon, pursuant to Law.

W. WRIGHT, Clerk, &c.

200 CHALDRONS Pemberton COALS, and for sale at 27s. 6d. per Chaldron, by

J. & H. KINNEAR, and

T. H. NICHOLSON.

December 12.

FOR

BEAUTIFYING THE SKIN AND COMPLEXION.

ROWLAND'S KALYDOR, as a preparation for the Skin, is preferred by all artists, selected by the Ladies in independent toilet requisite, sustainer of a fine complexion, and conservator of female beauty in all climates, and during all stages, in the progression of life from youth to age.

Rowland's Kalydor is highly estimated and great favourite with female Rank, honoured with the august patronage of the Royal Family of Great Britain; Her Majesty the Queen of the French; the Prince and Princess Esterhazy, and the most distinguished Nobility, &c. and is recommended by the most eminent of the Faculty.

The ingredients of Rowland's Kalydor are extracted from the most beautiful exotics, and are of the mildest nature—warranted perfectly innocent—yet powerfully efficacious, as a thorough cleanser of the skin, it eradicates freckles, pimples, spots, redness, and all cutaneous eruptions, from whatever cause originating; and transforms into radiant brilliancy the most sallow complexion.

The Kalydor gradually produces a soft and clear skin, smooth as velvet, and emitting a delicate white nectar, hand, arm; and giving a healthy and juvenile bloom to the complexion.

To mothers nursing their offspring it proves a healing balm in cases of inflammation and itching of the breast, and is warranted perfectly innocuous to the most delicate child of infancy, to whom it affords soothing relief.

Gentlemen, after shaving, will find it allay the irritating and smarting pain, and render the skin peculiarly smooth and pleasant after travelling.

ROWLAND'S ODONTO,

OR PEARL DENTIFRICE.

The high and important character of this Powder has obtained for a considerable time from some of the most eminent of the Faculty, also from Distinguished Foreigners, has induced Messrs. Rowland to recommend it to the notice of the nobility, gentry, and public, as the most, yet most salutary and efficacious Dentifrice ever emanated from scientific research either in past or present times.

This justly celebrated Dentifrice is a combination of oriental herbal medication, forming an efficient vegetable white Powder, antiseptic, and of potent efficacy, though mild in operation, as a thorough extirpator of existing diseases which the Teeth and Gums are liable to, rendering the former perfectly sound, as raising in pure whiteness and fixing firmly in their sockets, producing a beautiful set of pearls Teeth, and endowing the breath with fragrance at once delightful and salubrious.

The efficacious virtues of which it is composed consist of the following, which are offered to public notice. Price, 2s. 9d. per box.

ROWLAND'S ALBINA EXTRACT.

For immediately relieving the most violent Tooth-Ache, Gum Boils, Swelled Face, &c.; it is also an excellent Stomachic in cases of flatulency, spasmodic affections, &c. and gives instantaneous relief. Price, 2s. 9d.—4s. 6d. and 6s. 6d. per bottle.

ROWLAND'S MACASSAR OIL,

THE ORIGINAL.

Composed of Vegetable Ingredients (appertaining to the Island which name it bears), it has always been much admired; and with rank, fashion, and discernment, supercedes all preparations of professed similar import.

This Oil is pre-eminently successful in nourishing, strengthening, and preserving the hair in all climates and seasons; accelerates its growth, sustains it in maturity, and continues its possession of vigour, silky softness, and luxuriant redundancy, to the latest period of human life.

More surprisingly are the re-productive faculties of this Oil illustrated in cases of Baldness, from whatever cause arising (proved by testimonial received from all parts of the late, and the most inveterate cases of loss of hair, and the hair, in many instances, grows where other have failed; Rowland's Macassar Oil has superseded the ornaments of art, re-instating in full plenitude of beauties, the permanent graces and utilities of nature; finally, it protects the hair from decay, and by its use, becomes invulnerable to change, and will retain in its original purity and gloss through all stages of life.

Subduing all relaxing tendencies, it firmly keeps the hair in curl, and preserves the hair from falling out, and the hair, in many instances, grows where other have failed; Rowland's Macassar Oil has superseded the ornaments of art, re-instating in full plenitude of beauties, the permanent graces and utilities of nature; finally, it protects the hair from decay, and by its use, becomes invulnerable to change, and will retain in its original purity and gloss through all stages of life.
