CLARK'S IMPROVED
WATER WHEEL.

THE Subscriber respectfully invites public attention to his "*Patent Improved Water Wheel, for propelling Mill and other Machinery.*" A great advantage of the Improvement, and one which is much required in this Province, is, that one-third the quantity of water required by other wheels is sufficient to propel it, while the power is greatly augmented. It also possesses the peculiar advantage of working equally well with back water. Persons desirous of procuring wheels constructed on this principle, are requested to apply to Messrs. Harris & Allen, *Portland*, or to the Subscriber, at the residence of Mr. John S. Clark, in *Carleton*, for further particulars,—where, also, plans may be seen; and those who are about erecting machinery requiring much power, will do well to inspect the Patent Improvements now submitted, before making their arrangements.

N. B.—PATENT RIGHTS will be disposed of on reasonable terms.
JOSEPH S. CLARK.
Saint John, 23d May, 1835.

Re-acting Water Wheel,
IMPROVED.

THE Re-acting WATER WHEEL, originally invented by Dr. BARKER about 90 years ago, and subsequently improved by Messrs. *Parent, De la Cour, Segner, Euler Bernoulli, Waring, Ramsey, Ewart, Wing, & Turner*; but very recently further improved by the subscriber, (so as to resemble the original in nothing but the principle,) is now getting into general use in these Provinces and the adjoining States, for moving all kinds of Machinery; and may be procured of any desired power, at the Foundry of Messrs. HARRIS & ALLAN, of this City, where the latest improvements may be investigated, and any information given regarding them.

From the manner in which the *improved wheel* is now hung, the difficulties heretofore existing and complained of by the *wearing away of the foot*, and *jamming of the false bottom*, are completely overcome and for ever obviated;—can be easily kept supplied with oil, and will continue in motion under water, notwithstanding any unusual rise of back-water, freezing of the surface water, or being thrown off the perpendicular, from the heaving of the building by frost or otherwise.

☞ Mill Seats surveyed, Plans and Specifications for all sorts of Machinery furnished on moderate terms, by applying at *Harris & Allan's* Foundry, or to the Subscriber in that vicinity. JAMES ELLIOTT.
St. John, November 15th, 1834.

ADVERTISEMENT.

R. FOULIS having been appointed Agent by Mr. *Turner*, the original Inventor and Patentee of the RE-ACTING WHEEL, begs leave to acquaint the Public, that any orders transmitted to him will be punctually attended to.

R. F. assures his Friends, that the Re-acting Wheels have been proved practically in this Province, and that apart from the pretended improvements which individuals may have adopted to them, which are of little or no utility. The wheels in the simplicity of Mr. Turner's construction are a desideratum which have been long and much wanted by all persons connected with Water Mills, from their capabilities of going during Winter, when all others are stopped by frost.

HEALTH SECURED BY
MORISON'S
Vegetable Universal Medicines.

Prepared at the British College of Health, New Road, King's Cross, London; and sold by WILLIAM ANDERSON, Sole General Agent for New Brunswick, Nova Scotia, and Newfoundland, in boxes at 1s 6d, 4s, 6s 9d, and 16s; Powders, at 2s per box, at his store in Water street, St. John, N. B.: and in Nova Scotia, in boxes at 1s 8d, 4s 4d, 7s, and 17s.—Powders 2s.

THREE years having elapsed since the introduction of these Medicines into this country, during which time they have proved that they are the most valuable remedy ever introduced to the public, and from the daily proofs of their efficacy in the removal of all diseases incident to the human frame, WILLIAM ANDERSON, Sole General Agent, is again induced to introduce them to the notice of the public as a sure means of securing Health and removing all diseases, whether of long standing or of recent date. Such an assertion would appear inconsistent, if the Hygeist, Mr. Morison, did not consider that all diseases originate from one cause, viz.:—*the impurity of the blood;* and if you remove the cause, the effect must cease.—This important object is to be attained only from the use of these invaluable Medicines, which, being composed entirely of vegetable matter, will be found the mildest, or by increasing the dose, the most efficacious Medicines ever discovered. It is to be hoped that the time is not far distant when the use of these Medicines will supersede the noxious drugs and compositions so often prescribed, to the detriment of Health, such as Opium, Prussic Acid, Mercury, Antimony, Corrosive Sublimate, and even Arsenic, Fox Glove, Hemlock, Colchicum, and numerous others, all of which tend to the detriment of Health, and cause painful and incurable disorders.

As W. A. has in several instances detected a spurious composition sold under the name of Morison's Medicine, he begs as a caution to the Public to inform them that none are genuine but what have the Government Stamp affixed, with Morison's Universal Medicines printed on each: he also cautions them from buying from pedlars and others, as none such are allowed to sell them. They can only be obtained genuine, at his Store in Water street, Saint John, or of the following agents duly appointed by him:—

Also, a large assortment of Sailors' Clothing, pea and monkey Jackets, Flushing Trowsers, Flannel Shirts, Oil-skin dresses, &c. always on hand—which will be sold cheap for Cash.
