SCIENTIFIC LITERATURE.
PUBLIC NOTICE.

THE subscriber is now prepared to communicate to his Literary friends, a fortunate and welcome accession to Geometry. The laborious, but unhappy efforts of all the ancient and modern Geometers, to defend or to remedy the twelfth axiom of Euclid, are *at once* rendered superfluous by a discovery which owes its existence to the subscriber,—*now published*, and entitled, "*Geometria Munita, or Euclid Amended in the theory of parallel straight lines.*" All who are versed in Mathematical researches, know that, in *such* a subject, brevity is excellence; and *those* individuals will be glad to learn, in the case of this discovery, that its *extreme* brevity is the principal cause of its publication, for the discovery was made by the subscriber several years ago, and has hitherto lain among his manuscript papers.

He is not disposed to offer the copies for sale, but he will always feel prepared to gratify *his friends.* JOHN LEE,
Author of the Proportional Formulæ.

NEW BRUNSWICK
MILL COMPANY,
(To be Incorporated by Provincial Charter.)

CAPITAL STOCK £200,000 New Brunswick Currency. Stock divided into 10,000 shares, at £20 each share—25 per cent. to be paid in advance to the Treasurers, and the balance in such sums and at such periods as it may be required.

(Rules and Regulations made by its Directors.)

This Company has lately been formed in connexion with persons of Capital in England, the United States and British America, for the purpose of erecting extensive Saw Mills on the South West Branch of the River Miramichi, and on its extensive Tributary the River Taxes, &c. as well as placing additional Machinery for other purposes of Burnt Land River.

These Establishments will be situated in the immediate neighbourhood of Boies Town, which place, with the Mills, Farms, Dwelling houses and other extensive improvements already thereon, have been purchased by the Company from its present enterprising occupant, Mr. Thomas Boies.

The building of Dams, Piers, &c. and the erection of *twenty* Saw Mills are already contracted for, and will be completed in April 1837, *twenty* additional Saw Mills will be built during the summer of 1837, *twenty* in the year 1838, *twenty* in the year 1839, and *twenty* in the year 1840, which will complete the number of their Saw Mills, amounting to *one hundred.*

The Machinery on Burnt Land River will consist of Grist Mills, Carding Mills, Fulling Mills, Bark Mills, &c. &c.

The large Forests in the vicinity of the Rivers, Brooks, and Lakes in the extensive tract of country above Boies Town, have an inexhaustible growth of Saw Logs, and no portion of this part of the Province of New Brunswick was visited with the great Fire of 1825; and as the whole of the Timber growing in those Forests must pass the establishments of the New Brunswick Mill Company, their situation is consequently rendered invaluable.

A few Shares of the above Stock remain unsold, and may be had by immediate application at Boies Town; of C. S. PUTNAM, Esq. Fredericton; J. V. THURGAR, Esq. Saint John; or of Messrs. JOSEPH CUNARD & CO. Miramichi.

Boies Town, Miramichi, Jan. 26, 1836.
