WATER WHEEL.
THE Subscribers respectfully invite public
attention to his "Patent Improved Water
Wheel." A great advantage to the user of
Machinery. A great advantage to the user of
Machinery, and one which is much required in
this Province, is that one-third the quantity of
water required by other wheels is sufficient to
propel it, while the power is greatly augmented.
It also possesses the peculiar advantage of work-
ing equally well with back water. Persons desirous
of procuring wheels constructed on this
principle, are requested to apply to Messrs.
Harris & Allen, Portland, or to the Subscribers,
at their residence of Mr. John S. Clark, in
Carleton, for further particulars, where also
plans may be seen, and those who are about

JOHN TOOLE, Esq.
Merchant Tailor—Dock Street.
AN Irishman I am with a Scotchman in Co.
The Blue nose and Yankee to us are no fear;
they give us their custom because we sell cheap;
for formerly every man to his shape.
The young Scotchman he says he will always
hold out.
We have two shops at our cloths to fetch out.
As for the country people, I am happy to see
they are leaving their measure with us every
day.
I have commenced the New Year my prices to
be low.
In hopes all my customers yet to me will call,
For my clothes they are made neat, firm, and
strong;
I defy all the Slop Shops that is under the sun.
My Cloths they are ready, both black, blue and
brown.
For the inspection of my customers when they
come to town,
My prices I have decreased one hundred per
cent.
And still I am able to pay all my rent,
And as for my merchants with them I am clear.
And all my bad neighbours I need never fear.
"Thou took down my BALLS and the sign
carried away,
And committed them to the waves in the midst
of the sea.
But Providence, I thank my God, was always
kind to me,
The wind it blew most favourable, tho' it was
far away.
The Captain of the Nelson Wood, so good, as
He seen them floating with the tide, and to his
men did come.
Lower the boats, my boys, for yonder is a sign
Where I have bought pieces of cloth from him
full many a time.
When he had landed on the wharf, he straight-
ened to me, and said, "My friend, I am glad
to tell me of my sign that he had on board for
me,
So, instead of loss it was a gain I am happy to
say,
His crew left me five and twenty pounds before
they went away.
I return all my customers my sincere thanks
and a happy New Year,
And may they live long my Cloth for to wear.
When you come into town where you look out
The Three Balls and Scotchman you'll easily
find out.
They are nothing the worse I venture to say,
Though they crossed Saint John harbour, and
were picked up in the bay.
Saint John, January 1st, 1886.

Vegetable Universal Medicines.
Prepared at the British College of Health, New
England, King's County, London; and sold by
WILLIAM ANDERSON, Esq. Sole General
Agent for New-Brunswick, Nova Scotia, and
Newfoundland, in boxes at 5s 6d, 6s 9d, 8s
and 10s; Powders, at 2s per box, at his store
in Water Street, St. John, N. B.; and in No-
va Scotia, in boxes at 1s 8d, 3s 4d, 7s, and
12s.—Powders 2s.

THREE years having elapsed since the in-
troduction of these Medicines into this
country, during which time they have proved
that they are the most valuable remedy ever
introduced to the public, and from the daily proofs
of their efficacy in the removal of all diseases re-
lated to the human frame, WILLIAM ANDERSON,
Sole General Agent, begs to inform the public
that he has introduced to the notice of the public
a new means of securing Health and removing
all diseases, whether of long standing or of
recent date. Such an assertion would appear
impossible, if it were not that Mr. Anderson
does not consider that all diseases originate from
cause, viz., the impurity of the blood; and if
you remove the cause, the effect must cease.
This important object is to be attained only
from the use of these invaluable Medicines,
which, being composed entirely of vegetable
matter, will be found the mildest, and by increas-
ing the dose, the most efficacious Medicines ever
discovered. It is to be hoped that the time is
not far distant when the use of these Medicines
will supersede the noxious drugs and composi-
tions so often prescribed, to the detriment of
Health, such as Opium, Prussic Acid, Mercury,
Antimony, Corrosive Sublimates, and even
Arsenic, Fox-Glove, Hemlock, Colchicum, and
numerous others, all of which tend to the de-
struction of Health, and cause painful and incurable
diseases.
As W. A. has in several instances detected a
spurious composition sold under the name of
Anderson's Medicines, he begs as a caution to the
Public to inform them that none are genuine but
those which have the Government Stamp affixed, with
Anderson's Universal Medicines printed on each
box, and the name of WILLIAM ANDERSON, Esq.,
and others, as none such are allowed to sell
them. They can only be obtained genuine, at his
Store in Water Street, Saint John, or of the
following agents duly appointed by him:—
