CENTRAL BANK.

At a Special Meeting of the Board of Directors of The Central Bank, held at the Bank, on Friday afternoon, the 25th November, 1836.

PRESENT,

Mr. Beckwith, Bedell, Dibblee, Pickard, Mr. J. T. Smith, O. Smith, James Taylor,

Mr. Taylor being called to the Chair, the following Resolutions were severally made and passed, viz:

1. *Resolved*, That in the month of August last, sundry applications having been made to this Board to discount paper for the purpose of paying Stock into the Central Fire Insurance Company, and the Board having taken into consideration the many advantages which, under judicious management, would be derived to the public from the institution of the said Company in Fredericton, did unanimously resolve to afford every facility (consistent with the safety and welfare of this Bank) to the Stockholders of that Company to pay in their Stock, by discounting without exception all safe paper that should be offered for the purpose of paying such Stock, and that this Board, after receiving the pledge mentioned in a succeeding Resolution, did freely and unreservedly discount such notes, at a time when, from various reasons, they were almost uniformly rejecting what is called new paper.

2. *Resolved*, That this Board, impelled by the instinctive principles of self preservation, and by a due regard to the interests of the Stockholder of the Central Bank, being desirous of an assurance that the assistance which they were about to afford to the Central Fire Insurance Company should not be used as a means of injuring the Central Bank, did through their President, Henry G. Clopper, Esq. request a conference with the Board of Directors of the Central Fire Insurance Company, which being agreed to, a simultaneous meeting of both Boards was holden in separate apartments in the Central Bank on Monday the 22d August, 1836.

3. *Resolved*, That at a Special Meeting holden, as mentioned in the second resolution, at which were present—

H. G. Clopper, Esq. *President*,

Mr. Beckwith, Dibblee, J. T. Smith, } *Directors.* { Mr. O. Smith, Taylor,

Mr. Simpson, President of the Central Fire Insurance Company, and representative of their Board of Directors, (being also a member of the Board of Directors of this Bank,) did on the part of the Board of Directors of the Central Fire Insurance Company, lay before this Board a Resolution made by that Board respecting the probable appropriation of their capital stock, (£10,-000,) which this Board did not consider satisfactory, and that Mr. Simpson thereupon afterwards brought in another paper in the form of a resolution, the purport of which was, that the said funds (10,000l.) should remain in this Bank as an open deposit, that no specie should be demanded from this Bank on account of the said sum, that it would be let out in sums of £200, £300 to £400, on bonds, mortgages, or otherwise, and that it should not be used in any manner prejudicial to the interests of the Central Bank; to which resolution or proposition this Board did agree, considering the same perfectly satisfactory.

4. *Resolved*, That some of the Directors of this Bank are also Stockholders in the Central Fire Insurance Company, and were present at the adjourned meeting of the Stockholders of that Company holden yesterday—that the Resolution read from the Books of that Board on the subject mentioned in the 3d Resolution now passed, was not the same resolution or memorandum which was finally submitted to the Board by Mr. Simpson on the 22d August, but in their opinion the same resolution which was first submitted to this Board, and unhesitatingly rejected.

5. *Resolved*, That this Board, having no access to the Books of the Central Fire Insurance Company, could not probably ascertain that the resolution or proposition which, on the part of that Company, was submitted by Mr. Simpson the organ and representative of their Board, had not been and would not be entered upon its Books, and considering that such proposition or Resolution had been prepared at that Board, by its own members, without the agency of any member of this Board (except Mr. Simpson,) this Board were fully justified in believing that it had received the full approval of the Directors of that body, and should be taken as their solemn act and deed, by which they would be bound in honor and good faith; and the Directors of the Central Bank could not for a moment have entertained the suspicion, that any evasion of the understanding thus established between both bodies was intended by either.

6. *Resolved*, As a self-evident proposition, That the Directors of this Bank would not have discounted so much paper for the payment of Stock in the Central Fire Insurance Company, without a distinct and positive pledge that the money thus loaned by them should not be used to the prejudice of this Institution, because independently of other considerations, they would by such conduct incur the charge of deliberate treachery towards their constituents, and that the amount of interest to be received by this Bank for the discount of such paper could be no possible inducement for such discount, as it could not for one moment be put in competition with the great and manifest injury which must inevitably be sustained by the Central Bank by thus directly furnishing the capital stock for a rival Bank.

7. *Resolved*, That the resignation by Mr. Simpson of the Presidency of the Central Fire Insurance Company was in the opinion of this Board, a measure imperatively forced upon him as a man of honor and integrity, because his continuance in office after the passing of an appropriatory Resolution of that Board, providing for the investment of £1000 of its funds in a new Bank in Fredericton, which was in direct violation of the specific pledge given to this Board by Mr. Simpson, would have implicated him as a consenting party to such violation of the good faith so pledged to this Bank.

8. *Resolved*, That the resignation of Mr. Simpson was not advised by any member of this Board now present, and this Board are fully convinced that it was not advised by their President, Mr. Clopper, nor by any other person concerned in the management of this Bank, but was Mr. Simpson's spontaneous act, proceeding from a conviction that such a measure was inevitably necessary for the vindication of his own character as a supposed party to the proceedings of the Board of Directors of the Central Fire Insurance Company, and that neither Mr. Simpson's determination to resign, nor the cause of such resignation, was by him either directly or indirectly communicated to any member of this Board until after his resignation had been handed into the Secretary of the Central Fire Insurance Company.

9. *Resolved*, As the opinion of this Board, That the conduct of Mr. Simpson throughout the whole of the proceedings referred to in the foregoing resolutions, has been distinguished by the highest principles of honor, integrity, and good faith, and demands the full approbation of this Board. *Published by order of the Board of Directors.* R. GOWAN, Cashier.
