STANDING COUNSEL AND SOLICITOR, *None as yet required.*

THE high estimation in which this Company is held in Great Britain is evinced by the great increase of its Business, and the hitherto unprecedented *division of Profits granted the Assured*, whilst the *unprecedented numerous* highly respectable Persons in this City already participating in its success, bear ample testimony to its merits.

This Company possesses nearly all the advantages of a mutual Insurance, without making the assured liable for Losses, and invites comparison with other similar institutions, without fear of suffering by it in the estimation of the Public.

"The very essence of Life Assurance consists in its converting a contingency into a certainty of enabling a man to accomplish in a few days, or even hours, an object which he may never have realized in any other way during a long life.—Whilst in health is the time to insure, not when, or after, accidents or sickness occur, rendering the risk then liable to be rejected altogether, or charged at an increased rate of Premium."

The Proposals are forwarded by Steam Packet to Board of Directors in London, and the acceptance or rejection of the Risk advised by return mail *immediately following*, thereby affording the greatest possible despatch.

AN IMPURE STATE of the **BLOOD,**
OR HABIT OF THE SYSTEM.

THE ancients believed that animal life exists in the blood. It is at least certain that upon the PURITY of *that fluid health* depends. If the skin and the glands are in an unnatural state, as in Scrofula, Leprosy, Schirrous Swellings and all ulcerous diseases, it is evident that the vessels which ramify over the surface of the body must be charged with diseased blood: and if so, the whole volume of blood, venous and arterial, is impure. Before a cure can be effected there must be a purification of the vital stream. This is easy. Sands's Sarsaparilla acts directly on the blood in the very process of its formation, and will soon restore the circulation to a healthy state by eradicating the elements of disease at the fountain head. Such is the *modus operandi* of this preparation; and experience, by the mouths of thousands of witnesses, adds its guarantee to the theoretical conclusions of reason and common sense.

The following certificates recently received will be read with interest, and for further proof the reader is referred to a pamphlet which is furnished without charge by all the agents.

Messrs. A. B. & D. SANDS,—Most gratefully do I embrace the present opportunity of informing you of the benefits I have derived from the use of your Sarsaparilla. For more than nine years I have been afflicted with a complaint, which about three years since proved to be the Salt Rheum. My body and limbs were very much swollen and sore, my skin thickened and cracked, my hands were so swollen and sore that at times it was with *much* difficulty that I could attend to my domestic duties. The same year the disease appeared on my arms and wrists, which became very much inflamed, and painful; in the following Spring, it extended to my throat and neck, the glands of which were greatly enlarged, and plainly indicated that the affection was the Scrofula. Every part of my body was much bloated; and my lungs were so affected that it caused great difficulty of respiration, so that I was almost deprived of my rest. During this time I consulted many Physicians, apparently without any beneficial effect At last I was induced to try your Sarsaparilla, which gave almost immediate relief; the bloating soon subsided, my throat is well, I am able to attend to all my customary duties, and my general health is better than it has been for ten years. All of which has resulted from the use of your invaluable medicine.

Feeling under obligations to you for the surprising benefits I have derived through your instrumentality, you will please accept my most cordial thanks, and that you may be as successful, through the blessings of Providence, in releasing the sufferings of others similarly affected, is the sincere wish of your friend,
HANNAH W. THURSTON.

This certifies that we have been acquainted with the above named Hannah W. Thurston from a child, and can testify that the foregoing relation is substantially true. DAVID THURSTON,
Justice of the Peace.

NEW-YORK, April 22, 1845.
Messrs. A. B. & D Sands:
Gentlemen,—Feeling it a duty due to you and to the community at large, I send you this certificate of the all-healing virtues of your Sarsaparilla, that others who are now suffering may have their confidence established and use your medicine without delay.

I was troubled with a severe ulcer on my ankle, which extended half way up to the knee, discharging very offensive matter, itching, burning, and depriving me often of my rest at night, and very painful to bear.

I was recommended to use your Sarsaparilla by Mr. James M'Connell, who had been cured by it, and after using five bottles I was completely cured.

I have delayed sending you this certificate for one year since the cure was effected in order to ascertain with certainty whether it was a permanent cure, and it now gives me the greatest pleasure to add that I have neither seen nor felt the slightest reappearance of it, and that I am entirely well. Yours very truly,
SARAH M'INTYRE,
20, Delancy Street.
