AGENT, ALEX. BALLOCH, SAINT JOHN.
MEDICAL OFFICER, LEBARON BOTSFORD, ESQ., M. D.
STANDING COUNSEL AND SOLICITOR, *None as yet required.*

THE high estimation in which this Company is held in Great Britain is evinced by the great increase of its Business, and the hitherto unprecedented *division of Profits granted the Assured*, whilst the *unprecedented numerous* highly respectable Persons in this City already participating in its success, bear ample testimony to its merits.

This Company possesses nearly all the advantages of a mutual Insurance, without making the assured liable for Losses, and invites comparison with other similar institutions, without fear of suffering by it in the estimation of the Public.

"The very essence of Life Assurance consists in its converting a contingency into a certainty of enabling a man to accomplish in a few days, or even hours, an object which he may never have realized in any other way during a long life.—Whilst in health is the time to insure, not when, or after, accidents or sickness occur, rendering the risk then liable to be rejected altogether, or charged at an increased rate of Premium."

The Proposals are forwarded by Steam Packet to Board of Directors in London, and the acceptance or rejection of the Risk advised by return mail *immediately following*, thereby affording the greatest possible despatch.
