Essence of Smoke.

THE above elegant article, as manufactured by Mr. G. RILEY, at his Chemical Works, Hampton Ferry, (King's County,) for curing Beef, Hams, Tongues, Fish, &c. has now been in use for upwards of two years, and has entirely superseded the old method of smoking, in all places where it has had a trial, having given the greatest satisfaction.

Meat or Fish, simply washed over with this liquor, if sweet at the time, will remain free from taint, *even without being salted*, if hung in a dry place, any length of time. The meat, by this process, with every appearance (after hanging a few days,) of having ben perfectly smoked, has a much finer and richer flavour than by the old mode—its natural juices being retained in perfection. This article is of so very penetrating a nature, that the largest Ham will be found to be thoroughly and perfectly impregnated to the very bone, within one hour after its application.

In addition to its excellent qualities for the above purposes, its effects on the living system are yet more extraordinary, for in all cases of *Sprains, Bruises, Chilblains, Tooth-ache*, or *Lameness* of any kind, in man or beast, its effects are wonderful, and for *Rheumatism* it is unparalleled—removing pains of long standing after a few applications. In several recent cases it has enabled both Horses and Oxen that were confined to their stables by severe lameness, to resume their usual labour in a few hours after its first application. Within this fortnight it has effected a perfect cure of a *spavined* Horse. For these purposes it should be applied warm, and well rubbed in with the hands.

DIRECTIONS FOR USE:—The article to be smoked, should, when taken from the pickle, be wiped dry, and immediately washed over with the liquor; if it is large, the washing must be repeated in six or eight hours.—*In no case must the article be hung up to dry before it is smoked.*

☞ Sold by the manufacturer, as above, and by Mr. D. C. PERKINS, No. 3, South Market Wharf, St. John.—Price, Five Shillings per gallon. A liberal allowance to country dealers at either of the above places, who will do well to get a supply, as it is an article that is sure to sell.

PROVINCIAL LEGISLATURE.

HOUSE OF ASSEMBLY—FREDERICTON,
Wednesday, February 27.

The Committee to consider that part of a petition from the Island Parishes of Grand Manan, Campo Bello, and West Isles, which relates to the continued intercourse necessary to be maintained between those Islands and the main land of the Province, and which is referred to the consideration of this House by His Excellency's Speech, recommend the third prayer of that petition to the most favourable consideration of the House, for the reasons which the said prayer so well explains.

We also observe that the report of your Commissioners to Grand Manan in 1837, recommends the opening of Dark Harbour on that Island, and forming at that point a safe Port for small vessels.

We therefore recommend that a sum not exceeding £250 be granted to His Excellency the Lieut. Governor to establish two Packet Boats to convey the Mails from St. Andrews to Deer Island; Indian Island, Campo Bello, and Grand Manan, and from those respective places back to St. Andrews; and we further recommend that measures be adopted by this House to open a passage into Dark Harbour, and to form a safe Port there for small fishing vessels and boats. Which is respectfully submitted.
W. F. W. OWEN,
J. W. WELDON.

Ordered, That the Report be accepted and referred to the Committee of Supply.
