Province, particularly since the communication with the mother country has been so facilitated, and the rates of postage reduced.—*Standard.*

In the Maine Legislature, on the 7th instant, a message was received from the Governor, transmitting a correspondence between Sir John Harvey and Governor Fairfield, in relation to the occupation of a portion of the Madawaska Territory by a detachment of British troops, and also a letter of Governor Fairfield to President Van Buren on the subject.

To the Senate and House of Representatives :

I herewith lay before you copies of correspondence with the Lieut. Governor of the Province of New-Brunswick, and of my communication to the President of the United States, in relation to the occupation of the Madawaska Settlement by a detachment of British troops. An official report of the transactions alluded to by Lieut. Governor Harvey has not yet been received by me.

JOHN FAIRFIELD.

Council Chamber, Jan. 6, 1841.

[Copy] GOVERNMENT HOUSE, Fredericton, New-Brunswick, *10th December*, 1840.

Sir,—As your Excellency will doubtless be informed that a detachment of Her Majesty's troops has lately arrived in the Madawaska settlement, I deem it to consist with that frankness by which I trust my intercourse with the authorities of Maine has always been characterized, to acquaint you that the movement in question, made by order of the Governor General of these Provinces, has no other object than to give support to the civil authorities of that settlement—one of whose magistrates, Francis Rice, Esq. has been grossly insulted, threatened with personal violence, and obstructed in the discharge of his duties by persons professing themselves to be citizens of the State of Maine—and another, James M'Laughlin, Esq. also a magistrate of this Province, and holding the office of "Warden of the Disputed Territory," has been threatened by the person in charge of the armed posse stationed at "Fish River," with being arrested and sent as prisoner to Augusta, in the event of his persevering in the performance of the duties imposed upon him by the Government of the Queen and that of this Province.

Whether the assertion made, as I am assured, by this person, that in holding this language he is only acting in accordance with his instructions, be correct or otherwise, your Excellency will best know, but refusing, as I have done, to believe that he can have received any authority for a proceeding which I must regard as inconsistent with existing engagements, I have not hesitated in expressing to the Governor General my conviction that an armed Civil Posse, corresponding in amount and description with that maintained by Maine, will be found quite adequate to effect the object in view, viz. the prevention of acts of unauthorised aggression or interference, as regards the inhabitants or authorities of the Madawaska settlement—and I have accordingly no reason to doubt, that, acting upon this suggestion, His Excellency will forthwith give direction for the troops to be withdrawn to their former stations.

I have the honour to be, with great consideration, your Excellency's most obedient servant,

His Excellency the Governor of State of Maine. } J. HARVEY.

The reply of Governor Fairfield to Sir John Harvey and Governor Fairfield's letter to President Van Buren, in relation to this correspondence was also communicated—I have not time to send copies of them this evening. Their contents are not important. The Governor, in reply, storms a little as usual.—*Correspondence of the Portland Advertiser.*

HALIFAX, January 5.—The Royal Mail Steam Ship *Caledonia*, Captain Cleland, arrived yesterday morning, in 42 hours from Boston, with 48 passengers; and sailed again at eight o'clock last evening for Liverpool, with about 90 passengers. The steamer went out of the harbour firing guns and letting off rockets—the bagpipes playing at the same time the national air of "The Caledonia Laddie."

Her Majesty's steam ship Dee arrived at Kingston, on the 28th November: she left Halifax for Bermuda on the 8th, but not having arrived at the latter port at the date of our latest advices from thence, it was feared that some serious disaster had befallen her.

NEW-YORK, Jan. 9.—*Flour and Meal.*—We have no particular change to notice in Western Flour, which continues very dull, the demand being mostly confined to the supply of the immediate wants. Genessee and Ohio vary from $4, 94, to $5; Southern Rye Flour is scarce, and wanted at $3, 25; 200 puns. of Brandywine Corn Meal has been sold since our last at $13 each.

MR. CHUBB,—

SIR.—In the last number of your Courier you have copied from the Morning News a statement of a violent assault, committed on Mr. and Mrs. M'Carron, of York Point, on Sunday night, the 3d instant. The Editor of the Morning News, after giving an account of the assault, states, that "three "of the *Watchmen*, or rather *paper men*, witnessed "the brutal outrage, and instead of rendering as- "sistance, they turned and fled in another direc- "tion," &c.

Now, Sir, the truth is, that there were only two of the Watchmen present on the occasion, one of whom (Devine) was severely wounded on the head in three several places, and his skull fractured, in endeavouring to prevent the assault and to arrest the perpetrators of it; and the other Watchman (Nixon) used his best endeavours to the same effect, and remained until the mob dispersed; when he assisted his wounded companion from the place. Devine has since been confined to his bed in consequence of the mal-treatment he received on this occasion.

I trust Mr. Fenety will have the candour and justice to correct the erroneous statement he has thus given publicity to.

I am, Sir, your's, &c.

He was a soldier of the American revolution; accompanied Arnold in his expedition to Quebec, and having been of Montgomery's party in the assault on that city, was taken prisoner. It was his fortune, after the peace, to aid in stowing a ship at Campo-bello, for his old commander, who resided some time at St. John as a merchant. His discharge from the army bore the signature of Washington, and he treasured it as a precious relic.

Spoken, on the 2d Dec. lat. 46 57, long. 33, ship Columbus, of St. John, 14 days from Quebec, for Liverpool.—On the 27th ult. lat. 42 30, long. 63 30, schr. Condor, 50 days from St. Thomas, of and for Yarmouth, (N. S.) in distress, with loss of fore yard, topmast sprung, and short of provisions and water: was supplied with beef and bread by Captain Thayer, of brig Czarina, at Boston from Cronstadt.—December 18th, lat. 43 38, long. 30 15, brig Charlotte, from St. John, for England.

Hamburg brig Charlotte, Capt. Voss, at Boston from Rotterdam, reports, that on the 18th Nov. lat. 49 30, long. 67 23, fell in with the British schr. Ruby, late Anning, 6 days from Liverpool, N. S. for Lisbon, dismasted and leaky, had lost captain and three men: took off Adam Duncan, 1st officer, Joseph Finck and James Manley, seamen.

Loss of the Packet Ship Garrick.—The ship Garrick, Capt. Palmer, which left Liverpool on the 13th ult. for New-York, struck on the morning of the 6th inst. at 5 o'clock, (then out only 24 days) on the Jersey shore, about twenty miles south of Sandy Hook. Capt. P. had not had an observation for two days. They were in the act of wearing ship when she struck. The crew and passengers were all saved; among those on board were the master and crew of the brig Eugenia, of Saint John, foundered at sea. The Garrick was a splendid ship of 800 tons, only four years old, and had on board a cargo valued at $72,000, most of which it is expected will be saved in a damaged state. There were little hopes of getting the ship afloat the latest accounts from her, as she had fifteen feet water in her hold, and her back appeared to be broken, and her mainmast forced through her bottom.

Particulars of the Loss of the Brig Eugenia—(furnished by Capt. Young.)—The brig Eugenia, of and from Saint John, N. B., on her passage for Dublin, 27th November, lat. 47 30, long. 40 30, met a heavy gale from the S. W., wind changed S. S. E., blowing a complete hurricane, the brig under close reefed main-topsail. About 4, P. M., the courses and fore-topsail blew loose from the yard, and laid the vessel on her beam-ends.—While lying in that state, the sea making a full breach over her, all hands were washed off the side; but all succeeded in regaining the vessel again. The old sea, from the S. W., and the ship's masts lying in the water, brought the vessel round, with decks to windward, when, a few minutes after, both masts went by the decks, and the bowsprit by the knight-heads, and swept every thing from off the decks. When she righted, we found the hatches stove in and the vessel water-logged.

The wind then changed to the N. W., and blew a gale. The following morning, the decks blew up; the midship beams broke, when the decks were swept. All the provisions and water we had left, was 200 lbs. beef, and 14 gallons water. On the 12th December, the weather being fine, and seeing no vessel for some days, we went to the pumps for the purpose of freeing her, to get a barrel of beef that was in the forecastle, as we were suffering very much with hunger. The weather continuing moderate, the 4th day, we freed her, and were just able to keep her so, as the greater part of the water that came on deck went into the hold. On the 23d, being then nearly in a state of starvation, we were all taken off, by Capt. Palmer, of the packet-ship Garrick, who has treated us with much kindness, since we have been on board his vessel.

Arrived at Charleston, 2d January, ship Hannah Kerr, from Liverpool, for Savannah.—At Mobile, 28th Dec. Jane Walker, Gillis, Liverpool.

Entered for loading at Liverpool, Dec. 5th, ship Britannia, Atchison, Mobile; 9th, Gossypium, Brown, New Orleans; 10th, Magnificent, Whitty, Savannah.

In Portland Roads, Dec. 11th, barque Sarah, Kinney, from London, for Savannah.

Arrived at Liverpool, 8th Dec. ship Speed, Pentreath, St. John; 9th, Don, Muir, St. Andrews; "Settelleto," (probably *Satellite*, or *L'anlathgoland*,) St. John; 11th, Woodstock, Pines, do.

Crookhaven, Dec. 7.—The America, Mackie, from Quebec to Liverpool, was run on shore this morning and now lies on the strand, with masts cut away—crew saved.

Havre, Dec. 10.—The packet-ship Ville de Lyons arrived here, has brought the crew of the brig Britannia, of Carlisle, from Miramichi, for Carlisle, which they picked up from the vessel, being waterlogged five days, having shipped a sea on the 11th ult. which carried away stancheons and boats, started the stem, and did other damage.

HALIFAX, Jan. 8.—*Shipwreck—Six lives lost!*—By the Brigantine Halifax, 30 days from Martinique, we learn that the brig Luna, which sailed from this port on the 19th ult. was wrecked in the Gulf Stream on the 21st. The Halifax fell in with her on the 24th, and took from the wreck S. Millan and J. Boggs, who reported, that when two days out the Luna was capsized by a squall, and that Capt. Hoyle, Mrs. Hoyle, Mr. Harper, mate, and the cook were drowned. One of the survivors died in the Halifax on the 28th. This distressing shipwreck is rendered more melancholy by the circumstance that Captain Hoyle was married but a short time previous with Mrs. Hoyle, whose friends will have to lament that grief should so soon succeed rejoicing, and that the home of her husband should so soon have become their common grave.

On Sunday evening last, the American ship Europe, from Liverpool for New-York, put into Halifax, short of provisions and water. She had on board 154 passengers, many of whom have landed.

Valuable Business Stands
TO BE LET.

THE Subscriber offers the Southernmost Brick Building, recently erected by him in the *Fire-Proof Block* in Dock-street, near the North-west corner of the Market square, to let for one or more years. It is 24½ feet front, by 47 feet rear, and five stories high in the rear and three in Dock-street. On the lower storey, fronting on Dock-street, there is a large Store, which, to suit a tenant making immediate application, would be fitted up with or without a Counting Room in the rear; and the two upper flats will be fitted up as Offices, for which purpose their situation and security admirably suit them. The two lower stories are the whole size of the Building, and have an entrance for carts, &c. from Nelson-street, and are well adapted for storing goods of every description, there being convenient access to them both from front and rear. To a Merchant in extensive business, the premises would be highly advantageous—alike from their safe and central situation, and their convenient and secure construction. The Store, with the two lower flats, would be let separate from the two upper flats, if desired. Possession of the whole will be given on the first of May next.

Also,—The Southern half of the Brick Building adjoining the above, which is of the same height, and comprises a neat Store, fronting on Dock-street, with well-finished Dwelling Apartments in the two upper flats, very conveniently arranged for the residence of a genteel family. The two stories below the Store, to which there is an entrance from Nelson-street, as well as access from the front, are ample for the storage of goods and cellar room; and the whole is peculiarly well adapted for the accommodation of any person carrying on a respectable business, and to whom it is an object to reside convenient thereto. Possession may be had immediately, if required.

IN THE PRESS,

AND will be published during the present month,—price 2s. 6d. octavo,—"An Account of the RIVER SAINT JOHN, with its tributary Rivers and Lakes", by Edmund Ward, Assistant Emigrant Agent, Fredericton.

The object of this work is to make the British Public, and the inhabitants of the neighbouring Province of Nova Scotia, acquainted with the superior fertility of that of New Brunswick, particularly the portion of it to which the above work refers; it is therefore offered at a price that will merely pay the expense of printing and binding.

Fredericton, Jan. 16, 1841.

LOOK HERE!

MY ill-fated partner, I gave you to know,
Was burned in old Dock-st. a long time ago;
Ah! me, what misfortunes befel the brave Scot—
Beheading—and drowning, and burning his lot;
But the hardest of fate, was, that Wallace, the brave,
When saw'd down the Bay from a watery grave,
Once honor'd again with his place at my Store,
Should be burnt to a cinder for keeping the door;
I griev'd o'er my loss with a sorrowful pain,
Exclaimed, such a partner I'll ne'er meet again,—
I have struggled without him, (good honest brave man;)
But wanting another, I've hit on a plan,
A partner to help me (I rather should say,)
Not subject to fire, sickness, death, or decay:
Of good Father Matthew's kind recommendation,
And be sure, that I hold her in high estimation—
'Tis *Temp'rance* I mean—who will do me more good
Than a hero alive—or his figure in wood.
I give to my partner the feminine gender—
So modest, so civil, so gentle and tender:
She is honest and trusty—no secrets revealing—
Both true to her promise, and just in her dealing.
My men are so charm'd with her chasteness and beauty,
They say, what she dictates shall still be their duty,
They'll leave all the grog-shops, for mine they all say,
And work, (should I need them) by night & by day.
So customers all (without promise in rhyme)
You may call for your clothes, at the nick of the time.
I have all kinds of cloths, the best superfine blacks,
For gentlemen's dress—with good pilot for Jacks.
My Foreman will fit you, whatever your shape,
Both body and sleeves, with the first fashion'd cape.
Far better employ the good trade of our shops,
Than purchase the London or Liverpool slops,—
Come blue nose, come yankee, come farmer & cit,
If you wish for cheap raiment, good cloth & good fit,
Both grateful and prompt, I will answer your calls,
At my Shop, *Market Square*,—mind the sign—*The Three Balls.*
