SHARP'S

IMPROVED SEIDLITZ POWDERS,
Made on a New, Convenient and Economical Principle,
All the Ingredients being mixed in one Bottle

THESE Powders are made by the subscriber, from a recent analysis (by one of the first Chemists in Europe) of the most celebrated Springs in Germany.
The form into which Seidlitz Powders have hitherto been put up, has long been complained of, as expensive and occasioning a great deal of trouble to mix, particularly to persons travelling; the ordinary form is objectionable also, inasmuch as it does not admit of the possibility of preserving the Powders on ship-board near the sea, or in any damp situation.

These circumstances led the subscriber to turn his attention to the subject: the result has been that he can now offer to the Public at about one half the price, a preparation possessing, in every respect, the medicinal properties of the most approved SEIDLITZ POWDER, and having none of the above objections; they contain the due proportion of fixed air, are quite tasteless, produce the SEIDLITZ WATER, without the slightest trouble, and from the facility of regulating the dose, may be taken as a mild aperient or brisk purgative, by persons of all ages and constitutions. The Bottle contains every ingredient found in the Native Springs, and Water, impregnated with it, becomes as sparkling and effervescent as Soda Water.

This preparation affords advantages possessed by no other single remedy; and by regulating the dose and time of administering it, will be found an invaluable and universal Family Medicine.

It may be considered a specific in the following disorders:—Sickness at the Stomach, Bilious Disorders, Loss of Appetite, Flatulence, Nausea and Vomiting, Diseases of the Liver, Gravel, Fever and Inflammatory Complaints of every description.
