PROSPECTUS
OF THE
New Brunswick Examiner,
and Liberal Monthly Intelligencer,

To be published when the necessary arrangements shall have been entered into.

THIS Magazine will contain between 30 and 40 pages, and will be established on purely Liberal principles. It will be guided in its career by the unerring dictates of justice and truth. It will advocate what is right, and expose what is wrong. It will contain much important and interesting information on political and religious subjects. It will give a faithful representation of Irish affairs, not forgetting the great and leading national question of Repeal of the Legislative Union, on the favourable adjustment of which will depend the future stability of the British Empire. Moreover, it will watch narrowly the movements of all parties, and report accordingly. This publication, it may not be improper to remark, will form a complete family instructor, and consequently will tend to the intellectual improvement of the people generally. And there will be nothing wanting on the part of its conductors to render it acceptable and useful to all classes of Society. It is deemed unnecessary to be more lengthened.—The foregoing, it is hoped, will prove sufficient to place the admirers of justice and truth in possession of the principles on which the New-Brunswick Examiner and Monthly Liberal Intelligencer will be established—principles, the steady advocacy of which surely cannot fail to call forth the approbation and support of a liberal and discerning public.

Pictorial Illustrations of THE BIBLE,
AND VIEWS IN PALESTINE.

IN presenting the "Second Series" of this work to the Christian Public, the publisher feels it to be his duty gratefully to acknowledge that general approbation and success which distinguished the "First Series", by which seven large editions were sold in as many months! As the present volume contains fewer "fancy sketches", and is almost wholly confined to "Landscape Illustrations" of the Bible—matter-of-fact views of places, as they exist at the present day; and is entirely free from every thing illiberal and sectarian in sentiment, he trusts it will be deemed worthy of a portion of that patronage so amply bestowed on its predecessor. Eighth edition of the 1st vol. just issued.

ROBERT SEARS.

From the N. Y. Commercial Adv. May 29.

PICTORIAL ILLUSTRATIONS, &c.—This is a compilation from various standard English works, which are expensive and not easily obtained, but chiefly a reprint from the London Pictorial Bible which has been highly approved and recommended by the best Biblical scholars in the old and new world.

From the N. Y. Journal of Commerce, June 3.

The first volume of this work has deservedly met with a very extensive circulation, but the present very far surpasses it in value, not only because the illustrations are better executed, but because they are confined more exclusively to subjects connected with the Holy Scriptures. * *

☞ To be had at Messrs. G. & E. Sears', and at the principal Book-stores in St. John. Price $2.
