UNITED KINGDOM LIFE ASSURANCE COMPANY
Capital, £1,000,000 Sterling.
AGENT, ALEX. BALLOCH, SAINT JOHN. MEDICAL OFFICER, LE BARON BOTSFORD, Esq., M. D. STANDING COUNSELLOR, NORTON & CO., Esq., Solicitors.

THE high estimation in which this Company is held in Great Britain is evinced by the great increase of its business, and the hitherto unprecedented number of persons, of the highest respectability in this City already participating in its success, bear ample testimony to its merits.

THE Company possesses nearly all the advantages of a mutual insurance, without making the assured liable for losses, and invites comparison with other institutions, without the fear of suffering by it in the estimation of the Public.

THE very essence of Life Assurance consists in its converting a contingency into a certainty of enabling a man to accomplish his wishes, or even those of his family, which he may never have realized in any other way during a long life.

What in health is the time to insure, not when, or after, accidents or sickness occur, rendering the risk then liable to be rejected altogether, or charged at an increased rate of Premium.

THE Proposals are forwarded by Steam Packet to the Board of Directors, and the acceptance or rejection of the Risk advised by return immediately following, thereby affording the greatest possible despatch.

ADAMS HOUSE, No. 371, Washington Street, BOSTON.

THE undersigned respectfully ask the attention of the British Travelling Public, to the above new and splendid Hotel. The ADAMS HOUSE was erected during the past season to supply an obvious demand for increased and superior accommodations in this City. It is located on Washington Street, within five minutes' walk of the great Southern and Western Railroad Depot, and the business sections of the City. It is adjacent to the Park, and the Cupola commands a beautiful view of the Harbour and the adjacent Towns.

The House has been constructed after the most approved plans, with all the modern improvements, which are, as yet, peculiar to this Establishment. It is built of Quincy Granite, and has lately been refitted, in terms made, conveniently arranged in suits and single apartments, well ventilated and supplied with an abundance of pure soft water.

The Furniture was made to order from the best patterns, with special regard as well to comfort and convenience, as luxury and splendour. Our Table will be supplied with all the luxuries of the season, and we pledge ourselves that the first rarities of the season shall be found upon it. We have devoted unusual attention to the selection of servants, and our guests may rely upon prompt and attentive service.

Travellers from the British Provinces, and Passengers by Steamer, will find this House peculiarly adapted to their wants.

Porter will be in readiness, on the arrival of the St. John Steamers, to take charge of Baggage, and provide Carriages for our guests. The Proprietors trust by strict attention to the wants of guests, and the Contractor's long experience in Hotels has enabled him to introduce many improvements, which are, as yet, peculiar to this Establishment. It is built of Quincy Granite, and has lately been refitted, in terms made, conveniently arranged in suits and single apartments, well ventilated and supplied with an abundance of pure soft water.

Porter will be in readiness, on the arrival of the St. John Steamers, to take charge of Baggage, and provide Carriages for our guests. The Proprietors trust by strict attention to the wants of guests, and the Contractor's long experience in Hotels has enabled him to introduce many improvements, which are, as yet, peculiar to this Establishment. It is built of Quincy Granite, and has lately been refitted, in terms made, conveniently arranged in suits and single apartments, well ventilated and supplied with an abundance of pure soft water.

The Furniture was made to order from the best patterns, with special regard as well to comfort and convenience, as luxury and splendour. Our Table will be supplied with all the luxuries of the season, and we pledge ourselves that the first rarities of the season shall be found upon it. We have devoted unusual attention to the selection of servants, and our guests may rely upon prompt and attentive service.

Travellers from the British Provinces, and Passengers by Steamer, will find this House peculiarly adapted to their wants.
