**JAYNE'S ALTERATIVE A CURE FOR CANCER, SCROFULA, &c.**

Ample experience has proved that no combination has ever been so effectual in removing the above disease, as JAYNE'S ALTERATIVE. It has effected cures that have been truly astonishing, not only of Cancer, and other diseases of that class, but has removed the most stubborn diseases of the Skin, Swellings, Dyspepsia, &c. This medicine enters into the circulation, and eradicates disease wherever located. It purifies the blood and other fluids of the body, removes obstruction in the pores of the skin, and reduces enlargements of the glands or bones. It increases the appetite, removes headache and drowsiness, and invigorates the whole system, and imparts animation to the diseased and debilitated constitution. There is nothing superior to it in the whole materia medica. It is perfectly safe and extremely pleasant, and has nothing of the disgusting nausea accompanying the idea of swallowing medicine.

CONSUMPTION, BRONCHITES, ASTHMA.—No remedy has ever been found to remove the above diseases so promptly and so effectually as Jayne's EXPECTORANT. It cleanses the lungs from all irritating matters, while at the same time it heals and invigorates them.—Prepared by Dr. D. Jayne, No. 8, South Third street, Philadelphia.

Sold by Messrs. T. WALKER & SON, St. John.

THE high estimation in which this Company is held in Great Britain is evinced by the great increase of its Business, and the hitherto unprecedented *division of Profits granted the Assured,* whilst the *unprecedented numerous* highly respectable Persons in this City already participating in its success, bear ample testimony to its merits.
This Company possesses nearly all the advantages of a mutual Insurance, without making the assured liable for Losses, and invites comparison with other similar institutions, without fear of suffering by it in the estimation of the Public.
"The very essence of Life Assurance consists in its converting a contingency into a certainty of enabling a man to accomplish in a few days, or even hours, an object which he may never have realized in any other way during a long life.—Whilst in health is the time to insure, not when, or after, accidents or sickness occur, rendering the risk then liable to be rejected altogether, or charged at an increased rate of Premium."
The Proposals are forwarded by Steam Packet to Board of Directors in London, and the acceptance or rejection of the Risk advised by return mail *immediately following,* thereby affording the greatest possible despatch.

IRISH MANUFACTURES.—A spirit of enterprise has arisen for the promotion of Irish Manufactured Woollen Cloths, founded upon the excellent quality of the article as well as its moderate price, which, after all, is the only legitimate and sure mode of creating a home market. A highly respectable house in Dublin recently forwarded a parcel of Irish cloth to the order of Prince Albert, and have received the following most gratifying communication in reply:—

BUCKINGHAM PALACE, June 21, 1847.

"SIR—I beg to acquaint you that the parcel of cloth sent by you arrived here upon Saturday, and that I have had the honor to present it to His Royal Highness Prince Albert.
"His Royal Highness has commanded me to return you his thanks for this excellent specimen of Irish manufacture.
"The texture and quality of the cloth are much admired by his Royal Highness, who has commanded me to express his good wishes for the success of this and every other branch of Irish manufacturing industry".—I have the honor to be, Sir,
Your obedient humble servant,
C. B. PHIPPS.
"Mr. Richard Allen, High-street, Dublin."

THE REPEAL ASSOCIATION.—At a meeting held on Monday last, the rent was announced at £77, and the attendance was much better than usual.

THE RUMOURED ENCAMPMENT.—It has been bruited about, that the troops, in many of the garrisons, are on the point of being placed under canvass, in order that the barracks may undergo thorough repair and purification. We have reason to believe that the rumour is totally unfounded. There is no occasion whatever for such a measure, there being barracks enough, and more than enough, in England for the whole army of Great Britain.—*United Service Gazette.*

NEWS FROM THE GAMBIA.—Captain Edward Lloyd, of Beechmount, near Limerick, died on the 17th of March last, having resided on the West coast of Africa during the incredible period of forty-two years, having gone to that country, in 1805, along with the celebrated African traveller, Mungo Park. He lived at the Gambia since 1816, where his then wig-wam formed the nucleus of the present beautiful settlement of splendid stone and brick houses, now inhabited by a population of 3,000 souls. The town can boast of a spacious school-house, fine streets, a noble square, barracks, a Church and Wesleyan Chapel, Hospital, and Government house, which last cost about £20,000. He was reckoned the venerable patriarch of the locality, living respected, and dying regretted not only by his numerous children and grand-children, colonists, native Chiefs, and Kings, but by the natives generally, on the banks of the Gambia, far into the interior of that extensive Continent. His word had so much influence among them, that it stayed many a sanguinary war, or shortened its duration. In the Egyptian expedition, in 1801, he was a Captain in Abercrombie's army. The Rev. Mr. Rankin, Colonial Chaplain, died in April last, of an attack of periodical illness, to which he was subject, having suffered much from the country f[...] ver.
