CLOTH Cashmeres, Satins, &c. with a la TRASSES, Hammocks, Bla a superior article of OIL CLOT Beaver, and Silk HATS,—high and low latest styles; Cloth and Glazed Caps; Si Lawn Covers for do; Belts and Sheaths; Knive Lambswool, Merino and Cotton SHIRTS and DRAWERS; Regatta and heavy striped Shirts; White Cotton ditto, with linen trimmings; Linen Fronts and Collars; Red and Blue Flannel and Serge Shirts; with an assortment of TAILORS' TRIMMINGS, and almost every article in connection, suitable for a GENERAL CLOTHING STORE.

And, as heretofore, having made up in the concern a great part of the Cloths into Fashionable Spring and Summer Clothing of the latest styles, he is now prepared with his large Stock of Ready made Garments of every fabric, style and finish, for the farmer or labouring man, the gentleman of fashion or mechanic, the seafaring man, and all others; which will be hereafter proffered for sale to the public at lower prices than ever before known.

It is almost unnecessary to point out to a discerning public the vast benefit arising to the Province generally by having your Clothing made up in the place. You may safely say that every imported garment you purchase, you are actually sending one-fourth of the cost unnecessarily out of the country, not to speak of the great injury you are entailing on a large class of industrious people in your own City. It is high time to look seriously into this matter, and to tell those people who import that they are the real enemies of the country, and that their Slops you do not want; but patronize those, and those only, who always get their Clothing made up in the City, and sell them at a cheaper rate than imported garments can possibly be obtained; and those Goods you will now find at the

City Clothing Store.
