The New-Brunswick Almanac AND REGISTER, FOR 1850,

PREPARED UNDER THE SUPERINTENDENCE OF THE
FREDERICTON ATHENÆUM.

☞ The ALMANAC for 1850 differs in some particulars from that for 1849; for while it retains such parts of the latter as are of permanent importance, a great many alterations have been made in other portions of it, and a great deal of new and highly interesting matter has been introduced. The Astronomical part of the work will be found complete and accurate, that it may be of service to the Navigator as well as the Astronomer. While for the benefit of the Farmer, a valuable article has been inserted on Agricultural Chemistry, adapted to the present circumstances of the Farming population of the Province, being the substance of Professor Johnston's highly celebrated Catechism.

This with the Agricultural Notes for the month, and the Report of the St. John County Agricultural Society, will afford a vast quantity of information, which will be found most valuable and serviceable to the Farmer and Country gentleman.

FARMERS' COMPANY.

THE Subscriber being appointed Agent for the Washington County Mutual Fire Insurance Company of New-York, invites the attention of Farmers and the Public generally to the conditions upon which the Company insure Churches, Mills, Houses, Barns, Hay and other produce, Live Stock, and all descriptions of Personal Property, more favorably, and at much smaller expense than any other Company now existing.

This is the largest Mutual Insurance Company in the United States, and is now issuing at the rate of *Fifty Thousand* Policies per annum, and having a large surplus *Cash* capital, after paying all losses hitherto incurred, without having in any instance made assessment on the premium notes.

The Company will not insure on Property in Blocks, Steam Saw mills and like hazardous exposures, and in no case will they ensure beyond Five Hundred Pounds on any one risk.

The Policies run from one to five years, and the Cash payment required is so small, that the benefits of insurance are within the means of all.

Enquiry as to the principles and standing of this Company is particularly requested, and the fullest information furnished on application to
