ÆTNA INSURANCE COMPANY.

Of Hartford, Connecticut.
THE subscriber, Agent for the above Insurance Company, continues to issue Policies and Renewal Receipts for Insurance on Dwelling Houses, Stores, Mills, Factories, Barns, Vessels and Cargoes while in Port, Vessels on the stocks, Household Furniture, Merchandise, and every other species of insurable personal property,—against
Loss or Damage by Fire,
at as low rates of premium as any similar institution in good standing.—Will give personal attendance to the survey of premises, &c. in the city and vicinity, on which insurance is desired, free of charge to the assured. Applications in writing (post paid,) from all other parts of the Province, describing the situation of the property to be insured, will receive prompt attention; the correctness of which description shall on all occasions be binding on the part of the applicant.
The ÆTNA INSURANCE COMPANY was incorporated in 1819—Capital, $200,000, with liberty to increase the same to half a million of dollars. The Capital has been all paid in, and invested in the best securities, independently of which a *surplus fund of* more than $25,000 has been set apart to meet occasional claims for Losses, and the stock bears a high premium. —The reputation the Office has acquired for promptness and liberality in the adjustment of losses requires no additional pledge to entitle it to a liberal share of public patronage.

IMPROVED
FIRE PROOF SAFES,

Warranted free from Dampness or Mould.

THE undersigned continues to keep on hand and manufacture to order the above well-known Safes, at prices varying from 30 to 600 dollars. These Safes having already been subjected to the severest tests, abundant evidence can be produced of their complete security against the element of fire. They will be fitted with the ordinary "Lever Lock," which cannot be picked but by the most finished adepts in the art of Lock-picking; or with other and more costly locks, which, although they have been several years in use, HAVE HITHERTO RESISTED ALL ATTEMPTS TO OPEN THEM WITHOUT THE PROPER KEY, they being equally proof against gunpowder and gun-cotton. One of them is known to have resisted *four attempts* upon it with gunpowder, *without the slightest, injury to the lock whatever.* Purchasers can have the inside (or mahogany) case made in any desired form by sending their order.
Arrangements have also been made to furnish Banking Houses, Treasury, Insurance and Mercantile Offices with "YALE'S PATENT SINGLE and DUPLEX SAFETY BANK LOCKS," which have been introduced into more than 400 Banks, Treasury, Insurance and Mercantile Offices in the United States within the last two years, and having given entire satisfaction, are now in almost daily demand. More than 300 certificates, recommending the above, can be seen and read by calling at the Subscriber's Manufactory, to which place all orders should be addressed.

BLAKE'S
Patent Fire Proof Paint.

THE subscribers have received per schooner "Columbine," from New-York, a further supply of this singular and valuable substance. In addition to the slate color, they have a beautiful chocolate or brown, resembling the sand stone now in use and so much admired for fronts of buildings.
Its principal ingredients are Silica, Alumina, and Prot. Oxide of Iron, which, in the opinion of scientific men, satisfactorily accounts for its fire-proof nature, the two former substances being non-conductors, and the latter acting as a cement to bind the whole together, and make an adhesive and durable Paint.
For use it is mixed with Linseed Oil, and applied with a brush the same as ordinary Paint to Wood, Iron, Tin, &c. It hardens gradually and becomes Fire Proof. It is particularly recommended for roofs of buildings, steam boat decks, fences, &c. A roof coated with this substance is equal to one of Slate, at a vast saving of expense.
Specimens may be seen at the Office of the subscribers. The price is 3d. per pound.
We annex two of many certificates sent us.

St. John, Sept. 29, 1849.

"This may certify that we have been acquainted with "*Blake's Patent Fire Proof Paint*" for some years, and are well assured that it is really what its name indicates—FIRE PROOF.—We consider it a better Fire Proof than Tin or Zinc, and will insure buildings well covered with it at a much lower premium than those covered with the above mentioned metals.

MR. BLAKE.—*Dear Sir,*—We last Spring covered the roof of the "American" with your Fire Proof Paint. We now find that it has become as hard as slate; and the almost constant tread of the servants, (who use the top of the house for drying clothes,) does not affect it in the least, and it proves all that it was recommended.
