MISCELLANEOUS EXTRACTS.

FROM LATE ENGLISH PAPERS.

POSTAL ARRANGEMENTS FOR BRITISH NORTH AMERICA.—At a meeting of the Council of the Chamber of Commerce, on Tuesday, Mr. William Brown, M.P., communicated that representations had been made to him that the existing postal arrangements did not allow of correspondence for British North America being forwarded by the United States mail steamers, and that he had laid the matter before the Post-master-General, to which the following reply had been received:—

"General Post-office, 14th October, 1850.

"Sir,—The Postmaster-General has had before him your letter of the 1st instant, and I am directed to inform you that his lordship has decided to forward letters addressed to British North America by the contract packets belonging to the United States, and steps have already been taken for carrying this arrangement into effect.—I have the honour to be, &c.,

"W. Brown, Esq., M.P." "W. MABERLEY."

Thus this subject which is of great interest to this town, has been satisfactorily arranged.—*Liverpool paper.*

THE AUSTRALIAN COLONIES.—The new law for the better government of Her Majesty's Australian Colonies (13 and 14 Victoria, cap. 59) will shortly be proclaimed by the governors in the respective Colonies. These Colonies have greatly increased in population and commerce. In population (omitting New Zealand) the increase in ten years was 168,088. The population, according to the last return, was 333,764. The imports and exports have likewise greatly increased. The new act confers the elective franchise on a number of inhabitants who had not previously possessed the privilege. Port Philip is to form a separate Colony, and to be called, in honour of Her Majesty, "Victoria," for which a separate Legislative Council will be elected. Electoral districts are to be established in New South Wales, where freeholders, householders to £10 a-year, and landowners, may vote in the election of members of the Legislative Council. A registration of voters will take place. Legislative Councils may now be established in Van Diemen's Land and South Australia, as also in Western Australia. New laws will be made for the government of the several Colonies, and taxes levied for certain civil and judicial services, not omitting considerable sums for public worship.

SALMON FISHERIES.—It is an ascertained fact, that there has scarcely been any salmon caught this season, not only in the Erne and Foyle, but also in the great rivers and estuaries of England and Scotland. The cause of the deficiency is attributed to the visit to our coasts of some kind of voracious fish, which, from their predatory attacks upon the salmon, have driven them to some other parts of our loughs and rivers. What strengthens this opinion is, scars were found on one-fifth of the few fish caught in the Foyle and Bann, as if inflicted by some voracious animals of the ocean. Be this as it may, it is an undoubted fact, that the entire salmon caught this season in the hitherto prolific fisheries, would go but a short way in defraying the expences of nets, boats, and the men employed.

REPEAL ASSOCIATION.—The ordinary weekly meeting of this body was held on Monday. Mr. John O'Connell stated that the funds were in such a state as to prevent them from paying a sufficient number of hands to discharge the business. The rent was announced to be £10 18s. 6d.

STATE OF TIPPERARY.—Mr. Sergeant Howley, in opening the quarter sessions at Clonmel, took occasion to congratulate the grand jury upon the improved condition of the county, as indicated by the marked decrease in the number of cases on the calendar. There were but two persons charged with sheep stealing.

The *Armagh Guardian* states, on the authority of a clergyman, that "since the improvement in the linen trade, now only a few months, the marriages celebrated by him in his parish have been more numerous than they altogether were for the previous two and a-half years. So much for employment."

Mr. Thomas O'Brien, of Fairfield, county of Galway, whose property is in the Encumbered Estates Court, has published an address to his tenantry that he will resist the entrance of any purchaser with Parliamentary title into the possession of his lands, and calls on the people to ... by him!

The Great Exhibition of 1851

(Patronized by PRINCE ALBERT)

IS fast approaching, when people of all nations will flock to London. The main consideration for visitors is to secure early accommodation, as the influx will then be so enormous that neither Hotels nor Lodging Houses will be able to supply the demand; consequently the charges will be prodigiously high. Ladies and Gentlemen may now secure for themselves and families, on moderate terms, suitable apartments for the occasion, by writing, stating what they require, what rent they will give, what length of time wanted, and in what locality most wished, addressed to SIMMONDS & CO., Old Established Colonial Agents, 5 *Barge Yard, City London,* enclosing a bill or remittance for rent, and 5 per cent. Commission for selection and engagement.

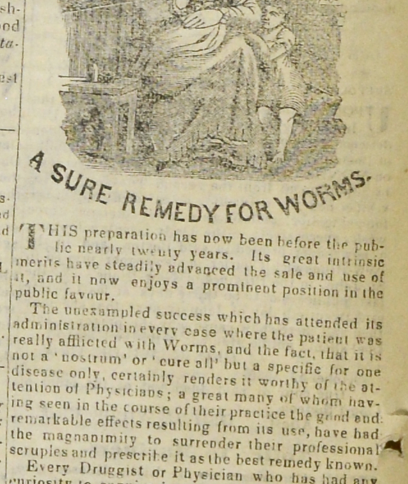
For sale low. WILLIAM CARVILL,

Oct. 5 Nelson-street



THIS preparation has now been before the public nearly twenty years. Its great intrinsic merits have steadily advanced the sale and use of it, and it now enjoys a prominent position in the public favour.

The unexampled success which has attended its administration in every case where the patient was really afflicted with Worms, and the fact, that it is not a 'nostrum' or 'cure all' but a specific for one disease only, certainly renders it worthy of the attention of Physicians; a great many of whom having seen in the course of their practice the good and remarkable effects resulting from its use, have had the magnanimity to surrender their professional scruples and prescribe it as the best remedy known.

Every Druggist or Physician who has had any curiosity to enquire into cases where the Vermifuge has been made use of, can furnish abundant evidence of its efficacy in expelling Worms, and the good effect produced on the general health of the patient.

It is mild in its operation, contains no calomel nor other dangerous ingredient, and can be given with perfect safety to the most delicate infant.

St. Andrews, Province of New-Brunswick, October 18th, 1845.

I, Michael Croney, aged 55 years, hereby certify, that for three years previous to May, 1844, I was afflicted with worms, so as to be completely prostrate in strength, and unable to labor, during which time I was constantly under the hands of a physician, with little effect; that, at the time mentioned, I was induced to try one bottle of B. A. Fahnestock's Vermifuge, which produced such extraordinary effects that I was at once relieved from all the pains and spasms I was before afflicted with, and in one week I was restored so as to be enabled to resume my labor; and up to the present time, have enjoyed uninterrupted good health. MICHAEL CRONEY.

TAPE WORMS,

And other worms in ADULTS, can be removed by the administration of

B. A. Fahnestock's Vermifuge.

The following are but a few of hundreds of those cases where it has effected a cure.

East Brooklyn, L. I. Feb. 10th, 1847.

This is to certify, that I took three vials of B. A. Fahnestock's Vermifuge, which had the effect to bring away fifteen yards of tape worm and a number of smaller worms. I would, therefore, recommend this medicine to the public as a safe and speedy cure for worms.
