TO BUYERS OF CLOTHS.
THE UNDERSIGNED, in view of the increasing trade between the British Provinces and the United States, will hereafter give careful attention to the styles of Goods required for the above named market, and would especially invite the attention of buyers to their large stock of
AMERICAN CLOTHS, CASSIMERES, and Satinets, Striped Shirtings, and FLANNELS,
embracing nearly every style made in this part of the country.
We feel confident in saying, that, as our staple manufactures become more known, they will find great favour with consumers, for their cheapness and durability.
We shall be happy to receive orders from any purchasers disposed to try our market.

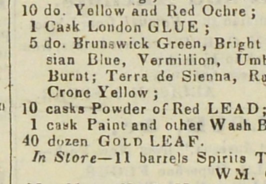
New-Brunswick CLOTHING STORE,



WATER STREET,
SIGN OF THE GOLDEN LAMB.
THIS old Established House, with the additional sign of the GOLDEN LAMB, thus publicly gives notice that it still continues its principles of the strictest economy in business, and firm determination of not allowing any other House in the City to outvie in GOODS at low prices, as the subscriber is enabled to do so for the true and simple reason—the Stock is imported direct from the manufacturers, and to made under the inspection of an experienced Foreman and Cutter, whose capabilities are well known for the last four years.—*The SUMMER STOCK of CLOTHING is now complete*, consisting of
FROCK and DRESS COATS—black, blue invisible, and other shades;
PALETOT, GLENLYON & SACK COATS, in superfine Broad Cloth, Cassinett, Cashmarett, Russell Cord, Tweed, Drab, D'Arcola, Imperial, Merino, Cassimere, Belmont, California, and Cadet Tweed Cloths, made in a superior manner, and the *prices defy competition!*
SHOOTING COATS of every description, texture, and quality, and prices uncommonly low;
PANTALOONS, in Black Cassimere, Superfine Broad Cloth, Doeskin, Drill, Buckskin, Satinett, and Kaffir Cloths;
VESTS, in Embossed Velvet, Plain and Figured Satins, Plain and Embroidered White Toilinett, Ottoman, Barathea, Cassimere, &c. &c.; a splendid assortment;
WHITE SHIRTS—Regatta and Striped Shirts, Fronts and Collars, Silk Inside Shirts, Lambs' Wool, Merino, and Cotton Shirts and Drawers;
Self-adjusting STOCKS, Opera Ties, Silk and Satin Neck Handkerchiefs, Silk Pocket Handkerchiefs, Braces, Gloves, Umbrellas, Carpet Bags, &c. &c.
CLOTHS of every description cut *at an unprecedented low price;*
TAILORS' TRIMMINGS constantly on hand; Gent's and Youths' HATS and CAPS, of all the different shapes, styles, and qualities.
☞ The above Stock is the largest and best in the Province, and cannot be denied by any as a truth;—this I assert not as a newspaper false hood, like some advertisements in the Clothing Trade. The public should beware of trading with parties in the habit of making false representations; for, if they should happen to call on such places and not see such goods as expected, and wish to retire, such shops endeavour to persuade, even with false statements, against the will and inclinations of the parties calling, who are thereby treated very unhandsomely.
The New-Brunswick Clothing Store,
SIGN OF THE GOLDEN LAMB,
is well known to the respectable community of the City and County of St. John and elsewhere, to be the Cheapest, Largest, and best Stock in the Province; and the subscriber shall continue to attend on customers as heretofore, in a civil and respectful manner. SAMUEL NEILL.
St. John, 29th June, 1850.

PANTECHNETHECA!
Corner of King & Cross-streets.
Superfine Dress Coats—Frock and Sack do.
Summer Cloth Over Coats, in great variety;
Rich Dress Vests—Morning & Walking do.
Black Doe Trowsers—best quality;
Blue Plaid Trowsers;—All descriptions of Walking and Riding Trowsers;
Driving and Box Coats;
A great variety of BOYS' CLOTHES.
IN drawing attention now, at the commencement of the Spring trade, to our large Establishment, corner of King and Cross Streets, we wish briefly to enumerate the advantages which we offer to our customers and the public. We have always studiously avoided claiming to ourselves any power of selling at thirty or forty per cent. under others in the trade, but simply rested our claims on our extensive experience—buying our Goods direct from the best Manufacturers at Cash Prices.
In commencing the Clothing Business some time ago, in St. John, in addition to our large Custom Trade, we introduced a scale of prices little known previously to the respectable class of the public; this we were enabled to do, by entirely rejecting the long credit system and supplying first rate articles at a moderate scale of profit for Cash.
Our theory has invariably been, that improvements can always be introduced. This year we endeavor to do better than last.
PRICES THE LOWEST,
Quality the best—and Workmen superior.
And by thus continuing to progress during the few years we have been in business, we apprehend we have now brought our business to a point surpassed by none.
The superiority of our style of Cutting is well known. The newest Paris and London Styles are introduced as early as in New York or Boston, and every improvement is at once adopted. In alluding to the large stock of Clothes in our Establishment, we may merely state that it comprises the best assortment of French and German Twilled Cloths and Doeskins of every shade and colour to be found.
Having thus alluded to the general arrangement of our business, as far as regards the Order Department, we wish particularly to draw attention to the very large and increasing branch of our business, viz:—
The Extensive Ready-Made Department!
Of this branch we may say that every article in our Establishment is made up as carefully as if ordered. No workman is too good to be employed by us. We make all descriptions of Garments, up to the highest priced Coats. Numbers have proved and acknowledged the value of being at once fitted.
Some idea may be formed of the system pursued, when we state that in Coats we keep thirty-six sizes, so that all shapes and heights may feel a certainty of being fitted.
To enumerate the varied Stock would far exceed the limits of an advertisement, but our Customers will find, on visiting the
PANTECHNETHECA,
that all their expectations will be fully realized.
☞ *A Suit of Mourning at Five Minutes' Notice.*

August 3. G. SUTHERLAND.

THIS preparation has now been before the public nearly twenty years. Its great intrinsic merits have steadily advanced the sale and use of it, and it now enjoys a prominent position in the public favour.
The unexampled success which has attended its administration in every case where the patient was really afflicted with Worms, and the fact, that it is not a 'nostrum' or 'cure all' but a specific for one disease only, certainly renders it worthy of the attention of Physicians; a great many of whom having seen in the course of their practice the good and remarkable effects resulting from its use, have had the magnanimity to surrender their professional scruples and prescribe it as the best remedy known.
Every Druggist or Physician who has had any curiosity to enquire into cases where the Vermifuge has been made use of, can furnish abundant evidence of its efficacy in expelling Worms, and the good effect produced on the general health of the patient.
It is mild in its operation, contains no calomel nor other dangerous ingredient, and can be given with perfect safety to the most delicate infant.
St. Andrews, Province of New-Brunswick, October 18th, 1845.
I, Michael Croney, aged 55 years, hereby certify, that for three years previous to May, 1844, I was afflicted with worms, so as to be completely prostrate in strength, and unable to labor, during which time I was constantly under the hands of a physician, with little effect; that, at the time mentioned, I was induced to try one bottle of B. A. Fahnestock's Vermifuge, which produced such extraordinary effects that I was at once relieved from all the pains and spasms I was before afflicted with, and in one week I was restored so as to be enabled to resume my labor; and up to the present time, have enjoyed uninterrupted good health. MICHAEL CRONEY.

TAPE WORMS,
And other worms in ADULTS, can be removed by the administration of
B. A. Fahnestock's Vermifuge.
The following are but a few of hundreds of those cases where it has effected a cure.
East Brooklyn, L. I. Feb. 10th, 1847.
This is to certify, that I took three vials of B. A. Fahnestock's Vermifuge, which had the effect to bring away fifteen yards of tape worm and a number of smaller worms. I would, therefore, recommend this medicine to the public as a safe and speedy cure for worms.

BY SAMUEL LA'MERT, M. D.
No. 37, BEDFORD-SQUARE, LONDON,
Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital, Medical Society, &c.

REVIEW OF THE WORK.
Marriage requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the veil, which covers the origin of domestic wretchedness, be raised, and its true source in every instance disclosed, in how many could it be traced to physical disqualifications and their attendant disappointments. Excesses are always injurious; the gift, which when used in moderation is fraught with advantage, becomes, when abused, the prolific source of mischief, and of greater or less injury to the constitution and vital powers. The particular excesses, on the nature and consequences of which this Treatise professes to dilate, are productive of greater misery to the human frame, than any other to which it is subject.
This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the work, the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens, that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their invariable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently but erroneously entertained that these complaints are beyond the reach of art, alike restrict him, and prevent his seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualification that he is entitled to esteem and respect in his professional pursuits the utmost confidence should be extended. DR. LA'MERT has obtained the highest medical honours, as his diplomas testify, and the great extent of his practice for many years is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.
The work may be had in St. John, of H. CHUBB & Co., price 2s. 6d. Stg.; Halifax, Messrs. MORTON & Co.; Quebec, Mr. NEILSON.

BLAKE'S Patent Fire Proof Paint.
THE subscribers have received per schooner "Columbine," from New-York, a further supply of this singular and valuable substance. In addition to the slate color, they have a beautiful chocolate or brown, resembling the sand stone now in use and so much admired for fronts of buildings.
Its principal ingredients are Silica, Alumina, and Prot. Oxyde of Iron, which, in the opinion of scientific men, satisfactorily accounts for its fire-proof nature, the two former substances being non-conductors, and the latter acting as a cement to bind the whole together, and make an adhesive and durable Paint.
For use it is mixed with Linseed Oil, and applied with a brush the same as ordinary Paint to Wood, Iron, Tin, &c. It hardens gradually and becomes Fire Proof. It is particularly recommended for roofs of buildings, steam boat decks, fences, &c. A roof coated with this substance is equal to one of Slate, at a vast saving of expense.
Specimens may be seen at the Office of the subscribers. The price is 5d. per pound.
We annex two of many certificates sent us.

St. John, Sept. 29, 1849.
"This may certify that we have been acquainted with "*Blake's Patent Fire Proof Paint*" for some years, and are well assured that it is really what its name indicates—FIRE PROOF.—We consider it a better Fire Proof than Tin or Zinc, and will insure buildings well covered with it at a much lower premium than those covered with the above mentioned metals.

MR. BLAKE.—*Dear Sir.*—We last Spring covered the roof of the "American" with your Fire Proof Paint. We now find that it has become as hard as slate; and the almost constant tread of the servants, (who use the top of the house for drying clothes,) does not affect it in the least, and it proves all that it was recommended.

CURE OF A CASE OF WEAKNESS AND DEBILITY OF FOUR YEARS' STANDING.
Extract of a Letter from Mr. William Smith, of No. 5, Little Thomas Street Gibson Street, Lambeth, dated December 12th, 1849.
To Professor HOLLOWAY.
SIR,—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility, with constant nervous headaches, giddiness and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of whom, after doing all that was in their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day, being unusually ill and in a dejected state, I saw your Pills advertised, and resolved to give them a trial, more perhaps from curiosity than with a hope of being cured, however I soon found myself better by taking them, and so I went on persevering in their use for six months, when I am happy to say they effected a perfect cure.
(Signed) WILLIAM SMITH.
(frequently called EDWARD.)
CURE OF A DISORDERED LIVER AND STOMACH WHEN IN A MOST HOPELESS STATE.
To Professor HOLLOWAY.
SIR,—Your valuable Pills have been the means with God's blessing, of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave. I had consulted several eminent Doctors, who, after doing what they could for me, stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach complaint of long standing, which during the last two years got so much worse, that every one considered my condition as hopeless. I as a last resource got a Box of your Pills, which soon gave relief, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach, and right side, I have by their means alone got completely cured, and to the astonishment of myself and every body who knew me.
