Corner of King & Cross-streets.

Superfine Dress Coats—Frock and Sack do.
Summer Cloth Over Coats, in great variety;
Rich Dress Vests—Morning & Walking do.
Black Doe Trowsers—best quality;
Blue Plaid Trowsers;—All descriptions of Walking and Riding Trowsers;
Driving and Box Coats;
A great variety of BOYS' CLOTHES.

IN drawing attention now, at the commencement of the Spring trade, to our large Establishment, corner of King and Cross Streets, we wish briefly to enumerate the advantages which we offer to our customers and the public. We have always studiously avoided claiming to ourselves any power of selling at thirty or forty per cent. under others in the trade, but simply rested our claims on our extensive experience—buying our Goods direct from the best Manufacturers at Cash Prices.

In commencing the Clothing Business some time ago, in St. John, in addition to our large Custom Trade, we introduced a scale of prices little known previously to the respectable class of the public; this we were enabled to do, by entirely rejecting the long credit system and supplying first rate articles at a moderate scale of profit for Cash.

Our theory has invariably been, that improvements can always be introduced. This year we endeavor to do better than last.

PRICES THE LOWEST,

Quality the best—and Workmen superior.

And by thus continuing to progress during the few years we have been in business, we apprehend we have now brought our business to a point surpassed by none.

The superiority of our style of Cutting is well known. The newest Paris and London Styles are introduced as early as in New York or Boston, and every improvement is at once adopted. In alluding to the large stock of Clothes in our Establishment, we may merely state that it comprises the best assortment of French and German Twilled Cloths and Doeskins of every shade and colour to be found.

Having thus alluded to the general arrangement of our business, as far as regards the Order Department, we wish particularly to draw attention to the very large and increasing branch of our business, viz:—

The Extensive Ready-Made Department!

Of this branch we may say that every article in our Establishment is made up as carefully as if ordered. No workman is too good to be employed by us. We make all descriptions of Garments, up to the highest priced Coats. Numbers have proved and acknowledged the value of being at once fitted.

Some idea may be formed of the system pursued, when we state that in Coats we keep thirty-six sizes, so that all shapes and heights may feel a certainty of being fitted.

To enumerate the varied Stock would far exceed the limits of an advertisement, but our Customers will find, on visiting the

PANTECHNETHECA,

that all their expectations will be fully realized.
