The HOTEL, together with the valuable FARM attached to it, will be Let for a period of from three to five years.

The "DOUGLAS ARMS" being on the main road to Fredericton, which connects St. John with the Seat of Government, has been long established both as a SUMMER and WINTER HOTEL; and is distant from this City eighteen miles by the land route and thirteen by water. Its proximity to St. John renders it a most convenient and comfortable resort in the summer season for private families and pleasure parties.

The country in the vicinity of the *Douglas Arms* offers many attractions to sportsmen and others. The House contains seven comfortable Parlours, and one large Dining Room, with franklins in each—twenty-one Bed Rooms—a Grocery Shop, or Bar Room—a large brick and Roman cement Tank for holding rain water—a well arranged Kitchen, in which there are a Brick Oven, a large Boiler, and an excellent Cooking Stove. In addition to a sufficient number of Barns for the use of the Farm, a new one has just been finished, forty feet wide by fifty feet long, for the accommodation of the Summer and Winter travelling.

The Douglas Arms Inn having been re-built expressly for the business of a Hotel, affords an excellent opportunity for a safe and profitable investment to any person possessed of sufficient means, and who is properly qualified for the management of a respectable and genteel business.

For particulars apply to WM. LIVINGSTONE,
Sept. 8. Apothecaries' Hall.

OPINIONS OF THE PRESS.

"There is a vast deal of good sense in this little volume. The rules relating to the 'important operation of eating' are admirable. The moral rules are as good as the physical, and the writer is well entitled to be heard.—*Atlas.*

"The work before us is written in a plain homely style, and the information which it contains in connection with all matters relating to health and diet, is of an extremely valuable and useful kind."—*Sunday Times.*

"A little book abounding in sound, sensible, and practical advice for the management of health from infancy to old age. The writer's instructions are eminently judicious. This is a manual which every household should possess, and which young and old will read with profit.—*Critic.*

"Here we have sure and practical rules laid down for adoption, which, if followed accurately, will tend to the comfort, if not to the longevity of life. As a manual for general use, it is so prepared as to avoid every thing that is offensive, whilst treating upon topics requisite to be considered."—*Bell's Weekly Messenger.*

"The design of this essay is extremely laudable, it being intended to promote a most useful and important study—the study of diet and morals—which is at present too much neglected. There are scattered through the work several useful and important observations."—*Weekly Times.*

REVIEW OF THE WORK.

Marriage requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the veil, which covers the origin of domestic wretchedness, be raised, and its true source in every instance disclosed, in how many could it be traced to physical disqualifications and their attendant disappointments. Excesses are always injurious; the gift, which when used in moderation is fraught with advantage, becomes, when abused, the prolific source of mischief, and of greater or less injury to the constitution and vital powers. The particular excesses, on the nature and consequences of which this Treatise professes to dilate, are productive of greater misery to the human frame, than any other to which it is subject

This Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the sole contents of the work, the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deservedly requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens, that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their invariable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently but erroneously entertained that these complaints are beyond the reach of art, alike restrict him, and prevent his seeking for assistance where alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualification that he is entitled to esteem and respect in his professional pursuits the utmost confidence should be extended. DR. LA'MERT has obtained the highest medical honours, as his diplomas testify, and the great extent of his practice for many years is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The work may be had in St. John, of H. CHUBB & Co., price 2s. 6d. Stg.; Halifax, Messrs. MORTON & Co.; Quebec, Mr. NEILSON.

WRIGHT'S
INDIAN VEGETABLE PILLS,
SUGAR FROSTED!

THE Proprietor of this popular Family Medicine, thankful for the extensive and increasing favour with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an *outside frosting* of pure white sugar, whereby everything disagreeable to the taste and smell is removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine. The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public.

The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of *Wright's Indian Vegetable Pills* is well understood. Innocent and efficacious, free from minerals of every description, and adapted to all the circumstances and conditions of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell.

GENERAL DIRECTIONS.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the body, the medicine should be taken in large doses, and repeated every night on going to bed (or oftener, if the suffering is great), until pain or distress of every kind is removed; after which, the medicine should be taken merely with the view to keeping the bowels regular, which *will in a short time restore the body to a state of sound health.*

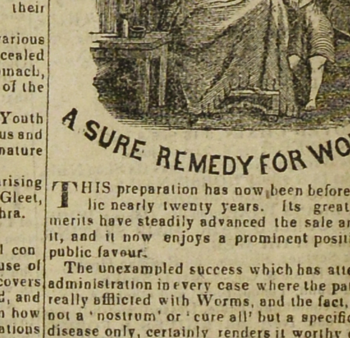
Sept. 2, 1843. A. BALLOCH, AGENT.



THIS preparation has now been before the public nearly twenty years. Its great intrinsic merits have steadily advanced the sale and use of it, and it now enjoys a prominent position in the public favour.

The unexampled success which has attended its administration in every case where the patient was really afflicted with Worms, and the fact, that it is not a 'nostrum' or 'cure all' but a specific for one disease only, certainly renders it worthy of the attention of Physicians; a great many of whom having seen in the course of their practice the good and remarkable effects resulting from its use, have had the magnanimity to surrender their professional scruples and prescribe it as the best remedy known.

Every Druggist or Physician who has had any curiosity to enquire into cases where the Vermifuge has been made use of, can furnish abundant evidence of its efficacy in expelling Worms, and the good effect produced on the general health of the patient.

It is mild in its operation, contains no calomel nor other dangerous ingredient, and can be given with perfect safety to the most delicate infant.

St. Andrews, Province of New-Brunswick, October 18th, 1845.

I, Michael Croney, aged 55 years, hereby certify, that for three years previous to May, 1844, I was afflicted with worms, so as to be completely prostrate in strength, and unable to labor, during which time I was constantly under the hands of a physician, with little effect; that, at the time mentioned, I was induced to try one bottle of B. A. Fahnestock's Vermifuge, which produced such extraordinary effects that I was at once relieved from all the pains and spasms I was before afflicted with, and in one week I was restored so as to be enabled to resume my labor; and up to the present time, have enjoyed uninterrupted good health. MICHAEL CRONEY.

TAPE WORMS,

And other worms in ADULTS, can be removed by the administration of

B. A. Fahnestock's Vermifuge.

The following are but a few of hundreds of those cases where it has effected a cure.

East Brooklyn, L. I. Feb. 10th, 1847.

This is to certify, that I took three vials of B. A. Fahnestock's Vermifuge, which had the effect to bring away fifteen yards of tape worm and a number of smaller worms. I would, therefore, recommend this medicine to the public as a safe and speedy cure for worms.

HEALTH WHERE 'TIS SOUGHT
HOLLOWAY'S PILLS.

CURE OF A CASE OF WEAKNESS AND DEBILITY, OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. William Smith, of No. 5, Little Thomas Street, Gibson Street, Lambeth, dated December 12th, 1849.

To Professor HOLLOWAY.

SIR,—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility, with constant nervous headaches, giddiness and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of whom, after doing all that was in their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day, being unusually ill and in a dejected state, I saw your Pills advertised, and resolved to give them a trial, more perhaps from curiosity than with a hope of being cured, however I soon found myself better by taking them, and so I went on persevering in their use for six months, when I am happy to say they effected a perfect cure.

(Signed) WILLIAM SMITH.
(frequently called EDWARD.)

CURE OF A DISORDERED LIVER AND STOMACH WHEN IN A MOST HOPELESS STATE.

To Professor HOLLOWAY.

SIR,—Your valuable Pills have been the means, with God's blessing, of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave. I had consulted several eminent Doctors, who, after doing what they could for me, stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach complaint of long standing, which during the last two years got so much worse, that every one considered my condition as hopeless. I as a last resource got a Box of your Pills, which soon gave relief, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach, and right side, I have by their means alone got completely cured, and to the astonishment of myself and every body who knew me.

(Signed) MATTHEW HARVEY.
