Division of Profits in 1841 *and* 1848.

IN 1841, the Company added a Bonus of £2 per Cent. per Annum on the Sum Assured, to all Policies of the *participating class,* from the time they were effected to 31st December, 1840; and from that date to 31st December, 1847, £2 5s. per cent. per Annum was added at the General Meeting on 6th July, 1848, without reference to the age of the Assured.

The plan of Distribution of Profits being different to that adopted by *some other* Companies, the following Table is submitted for the information of the *many* persons Assured by the Company in this Province, and of the Public in general:

Age.	Annual Premium per cent. paid by the Assured.	Bonus per cent. added to the Policy per Ann.	Bonus equal to the undermentioned per cent. on the Annual Premium.
15	£1 14 1	£2 5 0	£132 0 7

55	5 10 10	2 5 0	40 12 1
60	6 17 9	2 5 0	32 13 4

Elucidation:—A person aged 45 years, and who paid an annual premium of £3 14s. 9d. per cent. received an Annual Bonus equal to £60 4s. per cent. on the amount of premium paid. Baldness and Grey Hair.

OF the numerous compositions constantly announced for promoting the growth or reproduction of the Hair, few arrive even in name, beyond a very limited period, while BOGLE'S HYPERION FLUID, with a reputation unparalleled, is still on the increase in public estimation. The singular virtues of this successful invention, for restoring, preserving, and beautifying the human Hair, are too well known and appreciated to need comment. The very fact of the high and distinguished patronage it enjoys, its general use in all countries, together with numerous testimonials constantly received in its favour, are authorities which stamp its superior excellence over all attempts of a similar nature. Being universally preferred, its consequent success causes a host of imitations to start up—which are both deleterious and hurtful to the hair. *Bogles Hyperion Fluid* may be had of the proprietor, No. 277 Washington street, and his agents throughout the United States, Canada, and New-Brunswick. ANDREW SCOTT,

Dec. 22.—3¶ *Agent for New-Brunswick*

☞ The Hyperion Fluid is also for sale by Fellows & Co. Druggists, King-st., St. John.

THIS preparation has now been before the public nearly twenty years. Its great intrinsic merits have steadily advanced the sale and use of it, and it now enjoys a prominent position in the public favour.

The unexampled success which has attended its administration in every case where the patient was really afflicted with Worms, and the fact, that it is not a 'nostrum' or 'cure all' but a specific for one disease only, certainly renders it worthy of the attention of Physicians; a great many of whom having seen in the course of their practice the good and remarkable effects resulting from its use, have had the magnanimity to surrender their professional scruples and prescribe it as the best remedy known.

Every Druggist or Physician who has had any curiosity to enquire into cases where the Vermifuge has been made use of, can furnish abundant evidence of its efficacy in expelling Worms, and the good effect produced on the general health of the patient.

It is mild in its operation, contains no calomel nor other dangerous ingredient, and can be given with perfect safety to the most delicate infant.

St. Andrews, Province of New-Brunswick, October 18th, 1845.

I, Michael Croney, aged 55 years, hereby certify, that for three years previous to May, 1844, I was afflicted with worms, so as to be completely prostrate in strength, and unable to labor, during which time I was constantly under the hands of a physician, with little effect; that, at the time mentioned, I was induced to try one bottle of B. A. Fahnestock's Vermifuge, which produced such extraordinary effects that I was at once relieved from all the pains and spasms I was before afflicted with, and in one week I was restored so as to be enabled to resume my labor; and up to the present time, have enjoyed uninterrupted good health. MICHAEL CRONEY.

TAPE WORMS,

And other worms in Adults, can be removed by the administration of

B. A. Fahnestock's Vermifuge.

The following are but a few of hundreds of those cases where it has effected a cure.

East Brooklyn, L. I. Feb. 10th, 1847.

This is to certify, that I took three vials of B. A. Fahnestock's Vermifuge, which had the effect to bring away fifteen yards of tape worm and a number of smaller worms. I would, therefore, recommend this medicine to the public as a safe and speedy cure for worms.

TESTIMONIALS.

Church Street, Folkestone, Nov. 22d 1848.

Sir,—Having been troubled with a very *bad Cough* for the last eight months, I applied to Mr. Hammon, Chemist of this town, for some relief; he recommended me your "COUGH LOZENGES," which I am happy to say cured me in a week. I beg most cordially to recommend them, and beg you will not hesitate to make this letter public: *such a valuable remedy cannot be too highly recommended.*

I have the honor to be, Sir,
Your obedient humble Servant,
To Mr. Keating. JOHN HILL, Bart.

RESTORATION OF VOICE BY KEATING'S COUGH LOZENGES.

Glasgow, 12th January, 1847.

Sir,—I have great pleasure in informing you of the great good your excellent Cough Lozenges have done me. In December, 1845, I caught a severe cold from riding two or three miles, on a very wet night, which settled in my lungs, and quite took away my voice, so that I could not speak above a whisper from that time until December last. I tried all kinds of medicine, but they were of no avail. I was then advised to try your Lozenges, which I did only to please my friends; but before I had finished a 2s. 9d. tin, my voice, to my great joy, came back as strong as ever.

I am, Sir, your's respectfully,
Thos. Keating, Esq. JAMES MARTIN.

CURE OF COUGH AFTER ATTACK OF INFLUENZA.

Dover, 25th February, 1848.

Sir,—Please to send to Messrs. Barclay and Sons for enclosure another dozen of your excellent Cough Lozenges. Having lately had a severe attack of Influenza attended with violent Cough for five days, preventing my lying down in bed, I made trial of your Lozenges, and am happy to say, with the blessing of God, they proved of the greatest service, and their use produced almost instantaneous relief. I give you this intelligence from a desire that others might also be led to make the trial. I hope they will experience the same result

I remain, your's truly,
To Mr. Keating, O. HAMBROOK.

BLAKE'S Patent Fire Proof Paint.

THE subscribers have received per schooner "Columbine," from New-York, a further supply of this singular and valuable substance. In addition to the slate color, they have a beautiful chocolate or brown, resembling the sand stone now in use and so much admired for fronts of buildings.

Its principal ingredients are Silica, Alumina, and Prot. Oxide of Iron, which, in the opinion of scientific men, satisfactorily accounts for its fire-proof nature, the two former substances being non-conductors, and the latter acting as a cement to bind the whole together, and make an adhesive and durable Paint.

For use it is mixed with Linseed Oil, and applied with a brush the same as ordinary Paint to Wood Iron, Tin, &c. It hardens gradually and becomes Fire Proof. It is particularly recommended for roofs of buildings, steam boat decks, fences, &c. A roof coated with this substance is equal to one of Slate, at a vast saving of expense.

Specimens may be seen at the Office of the subscribers. The price is 3d. per pound.

We annex two of many certificates sent us.

The Ætna Insurance Company was incorporated in 1819—Capital, $200,000, with liberty to increase the same to half a million of dollars. The Capital has been all paid in, and invested in the best securities, independently of which a *surplus fund* of more than $25,000 has been set apart to meet occasional claims for Losses, and the stock bears a high premium.—The reputation the Office has acquired for promptness and liberality in the adjustment of losses requires no additional pledge to entitle it to a liberal share of public patronage.

Its proximity to St. John renders it a most convenient and comfortable resort in the summer season for private families and pleasure parties.

The country in the vicinity of the *Douglas Arms* offers many attractions to sportsmen and others. The House contains seven comfortable Parlours, and one large Dining Room, with franklins in each—twenty-one Bed Rooms—a Grocery Shop, or Bar Room—a large brick and Roman cement Tank for holding rain water—a well arranged Kitchen, in which there are a Brick Oven, a large Boiler, and an excellent Cooking Stove. On the same flat there are also a large Hall Stove, and a convenient Frost Proof Cellar.

In addition to a sufficient number of Barns for the use of the Farm, a new one has just been finished, forty feet wide by fifty feet long, for the accommodation of the Summer and Winter travelling.

The Douglas Arms Inn having been re-built expressly for the business of a Hotel, affords an excellent opportunity for a safe and profitable investment to any person possessed of sufficient means, and who is properly qualified for the management of a respectable and genteel business.

HOLLOWAY'S PILLS.

CURE OF ASTHMA.

Extract of a letter from Mr. Benjamin Mackie, a respectable Quaker, dated Creenagh, near Loughall, Ireland, dated September 11th, 1848.

To Professor Holloway.

Respected Friend,—Thy excellent Pills have effectually cured me of an Asthma, which afflicted me for three years to such an extent, that I was obliged to walk my room at night for air, afraid of being suffocated if I went to bed by cough and phlegm. Besides taking the Pills, I rubbed plenty of thy Ointment into my chest night and morning.

(Signed) BENJAMIN MACKIE.

CURE OF TYPHUS FEVER, WHEN SUPPOSED TO BE AT THE POINT OF DEATH.

A respectable female in the neighbourhood of Loughall, was attacked with Typhus Fever, and lay for five days without having tasted any description of food. She was given over by the Surgeon, and preparations were made for her demise. Mr. Benjamin Mackie, the Quaker, whose case is referred to above, heard of the circumstance, and knowing the immense benefit that he himself had derived from Holloway's Pills, recommended an immediate trial, and eight were given to her, and the same number was continued night and morning for three days, and in a very short time she was completely cured.

N. B.—From advice just received, it appears that Colonel Dear, who is with his Regiment in India, the 21st Fusileers, cured himself of a very bad attack of Fever by these celebrated Pills. There is no doubt that any Fever, however malignant, may be cured by taking, night and morning, copious doses of this fine medicine. The patient should be induced to drink plentifully of warm linseed tea or barley water.

CURE OF DROPSY IN THE CHEST.

Extract of a Letter from J. S. Mundy, Esq. dated Kennington, near Oxford, Dec. 2d, 1848.

To Professor Holloway.

Sir,—My Shepherd for some time was afflicted with water on the chest, when I heard of it, I immediately advised him to try your Pills, which he did, and was perfectly cured, and is now as well as ever he was in his life. As I myself received so astonishing a cure last year from your Pills and Ointment, it has ever since been my most earnest endeavour to make known their excellent qualities.

(Signed) J. S. MUNDY.
