THE SCIENCE OF LIFE,

OR HOW TO LIVE AND WHAT TO LIVE FOR;

WITH ample rules for Diet, Regimen, and Self-Management; together with Instructions for securing perfect Health, Longevity, and that sterling state of Happiness only attainable through the judicious observance of a well regulated course of life.—*By a Physician.*

OPINIONS OF THE PRESS.

" There is a vast deal of good sense in this little volume. The rules relating to the 'important operation of eating' are admirable. The moral rules are as good as the physical, and the writer is well entitled to be heard.—*Atlas.*

" The work before us is written in a plain homely style, and the information which it contains in connection with all matters relating to health and diet, is of an extremely valuable and useful kind."—*Sunday Times.*

" A little book abounding in sound, sensible, and practical advice for the management of health from infancy to old age. The writer's instructions are eminently judicious. This is a manual which every household should possess, and which young and old will read with profit. —*Critic.*

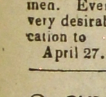

" Here we have sure and practical rules laid down for adoption, which, if followed accurately, will tend to the comfort, if not to the longevity of life. As a manual for general use, it is so prepared as to avoid everything that is offensive, whilst treating upon topics requisite to be considered."—*Bell's Weekly Messenger.*

" The design of this essay is extremely laudable, it being intended to promote a most useful and important study—the study of diet and morals—which is at present too much neglected. There are scattered through the work several useful and important observations." —*Weekly Times.*

HEALTH WHERE 'TIS SOUGHT!

HOLLOWAY'S PILLS.

CURE OF A CASE OF WEAKNESS AND DEBILITY, OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. William Smith, of No. 5, Little Thomas Street, Gibson Street, Lambeth, dated December 12th, 1849.

To Professor Holloway.

Sir,—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility, with constant nervous headaches, giddiness, and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of whom, after doing all that was in their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day, being unusually ill and in a dejected state, I saw your Pills advertised, and resolved to give them a trial, more perhaps from curiosity than with a hope of being cured, however I soon found myself better by taking them, and so I went on persevering in their use for six months, when I am happy to say they effected a perfect cure.

(Signed) WILLIAM SMITH.

Information Wanted.

INFORMATION is wanted of one Elizabeth McMillan, Widow of John Hubbard, who, with her husband, emigrated from the District of Wigtown, Scotland, to New-Brunswick, considerably upwards of twenty years ago, and settled either in Saint John or Saint Andrews. It is now eighteen years since Mrs Hubbard was last heard of by her friends in Scotland, at which period she either had removed, or was about to remove further into the interior. Since that time, beyond a mere rumour of her death, nothing whatever has been heard of her. It is supposed the parties had some children.

Should Mrs. Hubbard be still living, she will hear of something greatly to her advantage, by applying to George F. Campbell, Esquire, Postmaster, Saint Andrews.

Great advance in Coffee!

THE article of COFFEE, which is well known to be higher in price now than it has been for a number of years past, cannot be imported at present to be sold at the same price as formerly; but the subscriber fortunately had a large stock on hand prior to the advance, which he is still selling (toasted and ground, as usual, by steam process) at retail only, at former prices.—As from the scarcity at present in this market of *Old Government Java Coffee,* it is only due to his customers to let them know that he has yet two months' supply of the old lot on hand, (always toasting and grinding thrice weekly) which he will continue to sell to them at the old prices, without any admixture or adulteration.

FIRE PROOF SAFES,

Warranted free from Dampness or Mould.

THE undersigned continues to keep on hand and manufacture to order the above well-known Safes, at prices varying from 30 to 600 dollars. These Safes having already been subjected to the severest tests, abundant evidence can be produced of their complete security against the element of fire. They will be fitted with the ordinary " Lever Lock," which cannot be picked but by the most finished adepts in the art of Lock-picking; or with other and more costly locks, which, although they have been several years in use, HAVE HITHERTO RESISTED ALL ATTEMPTS TO OPEN THEM WITHOUT THE PROPER KEY, they being equally proof against gunpowder and gun-cotton. One of them is known to have resisted *four attempts* upon it with gunpowder, *without the slightest, injury to the lock whatever.* Purchasers can have the inside (or mahogany) case made in any desired form by sending their order.

Arrangements have also been made to furnish Banking Houses, Treasury, Insurance and Mercantile Offices with " YALE'S PATENT SINGLE and DUPLEX SAFETY BANK LOCKS," which have been introduced into more than 400 Banks, Treasury, Insurance and Mercantile Offices in the United States within the last two years, and having given entire satisfaction, are now in almost daily demand.
