BLAKE'S
Patent Fire Proof Paint.
THE subscribers have received per schooner "Columbine," from New-York, a further supply of this singular and valuable substance. In addition to the slate color, they have a beautiful chocolate or brown, resembling the sand stone now in use and so much admired for fronts of buildings.
Its principal ingredients are Silica, Alumina, and Prot. Oxide of Iron, which, in the opinion of scientific men, satisfactorily accounts for its fire-proof nature, the two former substances being non-conductors, and the latter acting as a cement to bind the whole together, and make an adhesive and durable Paint.
For use it is mixed with Linseed Oil, and applied with a brush the same as ordinary Paint to Wood, Iron, Tin, &c. It hardens gradually and becomes Fire Proof. It is particularly recommended for roofs of buildings, steam boat decks, fences, &c. A roof coated with this substance is equal to one of Slate, at a vast saving of expense.
Specimens may be seen at the Office of the subscribers. The price is 3d. per pound.
We annex two of many certificates sent us.

"This may certify that we have been acquainted with "*Blake's Patent Fire Proof Paint*" for some years, and are well assured that it is really what its name indicates—Fire Proof.—We consider it a better Fire Proof than Tin or Zinc, and will insure buildings well covered with it at a much lower premium than those covered with the above mentioned metals.

Mr. Blake.—*Dear Sir*,—We last Spring covered the roof of the "American" with your Fire Proof Paint. We now find that it has become as hard as slate; and the almost constant tread of the servants, (who use the top of the house for drying clothes,) does not affect it in the least, and it proves all that it was recommended.

CURE OF A CASE OF WEAKNESS AND DEBILITY, OF FOUR YEARS' STANDING.
Extract of a Letter from Mr. William Smith, of No. 5, Little Thomas Street, Gibson Street, Lambeth, dated December 12th, 1849.
To Professor Holloway.
Sir,—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility, with constant nervous headaches, giddiness, and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of whom, after doing all that was in their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day, being unusually ill and in a dejected state, I saw your Pills advertised, and resolved to give them a trial, more perhaps from curiosity than with a hope of being cured, however I soon found myself better by taking them, and so I went on persevering in their use for six months, when I am happy to say they effected a perfect cure.
(Signed) WILLIAM SMITH.
(frequently called EDWARD.)

CURE OF A DISORDERED LIVER AND STOMACH WHEN IN A MOST HOPELESS STATE.
To Professor Holloway.
Sir,—Your valuable Pills have been the means, with God's blessing, of restoring me to a state of perfect health, and at a time when I thought I was on the brink of the grave. I had consulted several eminent Doctors, who, after doing what they could for me, stated that they considered my case as hopeless. I ought to say that I had been suffering from a Liver and Stomach complaint of long standing, which during the last two years got so much worse, that every one considered my condition as hopeless. I as a last resource got a Box of your Pills, which soon gave relief, and by persevering in their use for some weeks, together with rubbing night and morning your Ointment over my chest and stomach, and right side, I have by their means alone got completely cured, and to the astonishment of myself and every body who knew me.
(Signed) MATTHEW HARVEY.

CAUTION.
THE great popularity the *COMPOUND BONESET CANDY* has obtained since its introduction to the Public about two years ago, has induced several persons (three of whom are known to the Proprietors) to issue a Candy made to look like and called by the same name as the true article, but in quality and composition differing from it in both.
The Subscribers would caution the public against such fraud as no person makes, or can make, the genuine except them, and further, the composition which they give the Confectioner to form into Candy is so prepared as to defy any attempt of Chemical analysis.

THIS preparation has now been before the public nearly twenty years. Its great intrinsic merits have steadily advanced the sale and use of it, and it now enjoys a prominent position in the public favour.
The unexampled success which has attended its administration in every case where the patient was really afflicted with Worms, and the fact, that it is not a 'nostrum' or 'cure all' but a specific for one disease only, certainly renders it worthy of the attention of Physicians; a great many of whom having seen in the course of their practice the good and remarkable effects resulting from its use, have had the magnanimity to surrender their professional scruples and prescribe it as the best remedy known.
Every Druggist or Physician who has had any curiosity to enquire into cases where the Vermifuge has been made use of, can furnish abundant evidence of its efficacy in expelling Worms, and the good effect produced on the general health of the patient.
It is mild in its operation, contains no calomel nor other dangerous ingredient, and can be given with perfect safety to the most delicate infant.
