GORHAM COLLEGE,

LIVERPOOL, NOVA-SCOTIA.

Under the sanction and controul of the Congregational Union of Nova-Scotia and New-Brunswick.

PRESIDENT:

Rev. FREDERICK TOMKINS, M. A., University College, London.

Session 1851—52.

THE Session will consist of two terms—the first commencing on August 27th next, and ending on Dec. 15th. The second term will commence on Jan. 14th, 1852, and close on June 16th ensuing.

Professor of the Greek and Roman Languages, and Literature, and of Mathematics—Rev. F. Tomkins, M. A.

Professor of Mental and Moral Science, Logic, Political Economy and Political Philosophy—Rev. John C. Geikie, of the Academical Institute, Toronto, C. W.

Steward and Assistant Secretary—Mr. James W. Hutchinson.

Beadle—Mr. Whitman Crawley.

The mode of instruction pursued in this Institution, and the Text Books employed, will be precisely the same as those in use at the University College, London. The Senior Classical Class, if students sufficiently advanced enter to form one, will read, this Session, the Œdepus Colonos of Sophocles—the Protagoras of Plato—the Germania and Agricola of Tacitus, and some of the Odes of Horace. Weekly exercises will be written in both Greek and Latin. Arnold's Exercises will be used in Greek. If a sufficient number of students destined for the Bar or Medicine should present themselves, separate additional classes will be formed, in which the Institutes of Justinian and Gaius, and Celsus de re Medica, will be read as far as time may allow.

The Mathematical Classes will be conducted on the same plan as the Mathematical Classes in University College, London, under the Professorship of Augustus DeMorgan, of Trinity College, Camb., Secretary of the Royal Astronomical Society of London.

Fee for the Session, £12. Board and Lodging will be provided in the College at the rate of 7s. 6d. per week. Students are expected to find their own bedding.

JUNIOR SCHOOL.

Boys will be admitted to this School if they can read and write. The whole arrangements of the Junior School will be under the direction of the President of the College. The system pursued will be a combination of that pursued in University College School, London, and the best Schools in New England.

Head Master—Rev. A. Geikie.
Second Master—Mr. J. W. Hutchinson.

The Professor of Mathematics will lecture five times a week to the students of the School on Arithmetic, Algebra, Trigonometry and Geometry, with a view to the Differential and Integral Calculus. These lectures will be available only to those boys who evince a disposition to close study—as they will be useful to none else. The course of instruction will comprise the usual elementary subjects taught in Schools, with Classics, French and Mathematics.—The whole of Wilhem's method of Vocal Music as adopted by Hullah, and patronized by the Committee of Council on Education, will be gone through during the Session in the Junior School.

Fee for the Junior School, including board, lodging and washing, £25 for the Session. The commencement and close of the terms are the same as those in the College. Out-door students will be admitted to all the benefits of this School, at £4 for the whole Session.

A course of forty evening lectures will be delivered to Schoolmasters and adults, on subjects suited to persons of limited early education.—Fee, £2.

DR. FONTAINE'S

Balm of a Thousand Flowers,

For the Toilet, the Nursery, for Bathing and many Medicinal purposes;

HIGHLY perfumed by its own ingredients: recommended by the Faculty of almost every European city, and established under the patronage of almost every Physician in London and Paris, and thousands of individuals, who make daily use of it in New-York, Philadelphia and Boston. It is the greatest luxury a lady or gentleman could wish for the improvement of health, for comfort and personal embellishment, and its delicate soothing sensation, and the delightful softness it imparts to the complexion.

We give a few of the prominent properties of the

Balm of a Thousand Flowers!

already well established by actual experience.

FIRST:

This Balm remedies every defect of the complexion,

and establishes in its stead Beauty and Health, at the time when both, by the changes of age, or freaks of nature, or disease, have been obscured or undermined—it cleanses the skin, and draws to the surface all impurities, and every species of pimples and blotches; also removes tan, sunburns, sallowness, and freckles, imparting to the skin its original purity, and an unsurpassed freshness, rendering it clear, smooth, and white.

SECOND:

It promotes the growth and increase of the Hair—causing it to curl in the most natural manner.

It cleanses the head from dandruff, giving vigor, health and life to the very roots of the hair.

THIRD:

It is a superior article for Shaving, being superior to all descriptions of Soaps, Creams, Pastes, &c.

As a *Dentrifice for Cleansing the Teeth*, it is by far the most medicinal of any compound yet discovered, preventing decay, relieving pain, ulcers and cankers, and renders the teeth white as alabaster. For bathing, for suffering infants, and for adults, to promote sweetness of body, cleanliness, health and strength, and to prevent eruptions, &c., there is no article more suitable than this Balm. It may be used in cold or warm, hard or soft water.

TAILORING ESTABLISHMENT.

THIS was the first place of the kind ever opened since Saint John contained twenty inhabitants, conducted upon the low price *Cash system*, and strictly carried it out.

It is now five years since the Proprietors, working Tailors, men who knew their business, and were regularly brought up to their trade in the Old Country, asked themselves, could a Merchant Tailor's business not be carried on, and make the customers pay *cash down*, allowing we charge them one-half of what we know to be usually charged where they are in the habit of crediting all who may patronise their system. In order to keep pace with the present day, we determined to deviate a little from those who had gone before us.

Some few friends—for be it known we had but save and except the man who pays for his orn out—said you cannot expect to suc- is too small, but you will soon know good and who is bad. We con- the inate, who was and who was hief, for our experience, conse- is in we commenced—name- vince, se we adopted being o. at this Establish- ver pay. £5. ea indt

More advantage to the Public at present,
THAN THE
Great North American Railway!

Received, per ships *Lisbon*, from London, *Titania*, and *John S. Dewolf.*, from Liverpool, and *Onyx*, from Glasgow—

EVERY description of Cloths, Cassimeres, Doeskins, Tweeds, Vestings, Furnishing Goods, Hats, Caps, etc. etc., too numerous for an advertisement — the largest and best Stock imported this season—and is now being made into Garments, to the present London and New-York Fashions, by first-rate workmen, and cut by an experienced Cutter, not excelled by any; and will be sold cheaper than can be purchased elsewhere in the Province.

I shall continue to give perfect satisfaction to customers, by selling Goods of the first quality, very cheap, and no advantage taken. Every article marked the lowest price, and no abatement, which has gained for this Establishment the merited praise, for the last Eleven Years, of being the Cheapest Clothing Store in the City.

The subscriber will sell cheaper than the usual low price in consequence of large purchases received direct from the manufacturers, which give a decided advantage over all those who purchase in this market, or through an agent, or selling for other parties at their prices, and afterwards a profit for themselves, consequently the buyer pays two or three profits at such shops.

All parties studying their own interest would do well to visit the *New-Brunswick Clothing Store*, Water Street, before buying elsewhere, and be certain you enter at the Sign of the Golden Lamb. SAMUEL NEILL,
May 17. Proprietor.

HOLLOWAY'S PILLS.

CURE OF ASTHMA, OF TWENTY YEARS' STANDING.

Extract of a Letter from Mr. J. K. Heydon, 78, King Street, Sydney, dated 10th of Nov., 1849.

To Professor Holloway,

Sir,—I have the pleasure to inform you that many extraordinary cures of Asthma have been effected here by means of your Pills. One is that of a Lady residing near the "Razorback," who after having for twenty years been unable to make the slightest exertion, suffering very fearfully from shortness of breath, coughing and spitting, but is now, to use her own expression, able to run up to the top of that mountain. Another case is that of Mr. Caton, Tailor, Hutchinson's Buildings, Clarence Street, who was so dreadfully bad that he was confined entirely to his bed-room for six months, prior to his commencing with your Pills, and attended regularly by his medical man, who pronounced him to be in a dying state, yet he likewise, to my knowledge, has been restored to perfect health by the use of your Pills, and rubbing your ointment night and morning into his chest.

(Signed) J. K. HEYDON.

CURE OF A CASE OF WEAKNESS AND DEBILITY, OF FOUR YEARS' STANDING.

Extract of a Letter from Mr. William Smith, of No. 5, Little Thomas Street, Gibson Street, Lambeth, dated Dec. 12th, 1849.

To Professor Holloway.

Sir,—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility, with constant nervous headaches, giddiness, and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of whom, after doing all that was in their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done with me. One day, being unusually ill and in a dejected state, I saw your Pills advertised, and resolved to give them a trial, more perhaps from curiosity than with a hope of being cured; however I soon found myself better by taking them, and so I went on persevering in their use for six months, when I am happy to say they effected a perfect cure.

(Signed) WILLIAM SMITH.
(frequently called EDWARD.)

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from His Lordship, dated Villa Messina, Leghorn, 21st February, 1845.

To Professor Holloway.

Sir,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect, nay, not even the waters of Carlsbad and Marienbad. I wish to have another Box and a Pot of the Ointment in case any of my family should ever require either. Your most obliged and obedient Servant,

(Signed) ALDBOROUGH.
