DR. FONTAINE'S

Balm of a Thousand Flowers,

For the Toilet, the Nursery, for Bathing and many Medicinal purposes;

HIGHLY perfumed by its own ingredients: recommended by the Faculty of almost every European city, and established under the patronage of almost every Physician in London and Paris, and thousands of individuals, who make daily use of it in New-York, Philadelphia and Boston. It is the greatest luxury a lady or gentleman could wish for the improvement of health, for comfort and personal embellishment, and its delicate soothing sensation, and the delightful softness it imparts to the complexion.

We give a few of the prominent properties of the

Balm of a Thousand Flowers!

already well established by actual experience.

FIRST:

This Balm remedies every defect of the complexion,

and establishes in its stead Beauty and Health, at the time when both, by the changes of age, or freaks of nature, or disease, have been obscured or undermined—it cleanses the skin, and draws to the surface all impurities, and every species of pimples and blotches; also removes tan, sunburns, sallowness, and freckles, imparting to the skin its original purity, and an unsurpassed freshness, rendering it clear, smooth, and white.

SECOND:

It promotes the growth and increase of the Hair—causing it to curl in the most natural manner.

It cleanses the head from dandruff, giving vigor, health and life to the very roots of the hair.

THIRD:

It is a superior article for Shaving, being superior to all descriptions of Soaps, Creams, Pastes, &c.

As a *Dentrifice for Cleansing the Teeth*, it is by far the most medicinal of any compound yet discovered, preventing decay, relieving pain, ulcers and cankers, and renders the teeth white as alabaster. For bathing, for suffering infants, and for adults, to promote sweetness of body, cleanliness, health and strength, and to prevent eruptions, &c., there is no article more suitable than this Balm. It may be used in cold or warm, hard or soft water.

TAILORING ESTABLISHMENT.

THIS was the first place of the kind ever opened since Saint John contained twenty inhabitants, conducted upon the low price *Cash system*, and strictly carried it out.

It is now five years since the Proprietors, working Tailors, men who knew their business, and were regularly brought up to their trade in the Old Country, asked themselves, could a Merchant Tailor's business not be carried on, and make the customers pay *cash down*, allowing we charge them one-half of what we know to be usually charged where they are in the habit of crediting all who may patronise their system. In order to keep pace with the present day, we determined to deviate a little from those who had gone before us.

Some few friends—for be it known we had but few, save and except the man who pays for his coat before worn out—said you cannot expect to succeed, the place is too small, but you will soon know every body who is good and who is bad. We concluded that to discriminate, who was and who was not, was too nice a point for our experience, consequently we continued just as we commenced—namely, *Cash on delivery*, the course we adopted being entirely original with ourselves.

The man who gets his Clothes at this Establishment has not to pay for those who never pay.

A Dress Suit from £2 10s. to £5.

PRESIDENT:

Rev. FREDERICK TOMKINS, M. A.,
University College, London.

Session 1851—52.

THE Session consists of three terms—the second term will commence January 14, 1852.

The mode of instruction pursued in this Institution, and the Text Books employed, will be precisely the same as those used at University College, London. Special regard will be paid to the future occupation of the Student in the classes that are recommended.

The Mathematical Classes will be conducted on the same plan as those in University College, London, under the Professorships of Augustus DeMorgan, of Trinity College, Cambridge; and Richard Potter, A. M., of Queen's College, Cambridge.

Classes are already formed in the Greek, Roman and French Languages; Geometry, Arithmetic and Algebra; the English Languages and Literature; and Composition in Greek and Latin. Classes for German, Logic and Experimental Natural Philosophy will be formed this next term.

The special feature of the next term is, that a Class will be formed with a view to give full instruction in Practical Geodesy, comprising Railroad Surveying, Chain Surveying, the use of Surveying Instruments, Levelling and Trigonometrical Surveying. Students wishing to qualify themselves as Railroad Surveyors will find every practical information afforded in this course.

Fee for the Session, £8. Board and Lodging will be provided in the College at the rate of 8s. 6d. per week.

The Annual Income exceeds £94,000 Sterling.

Division of Profits in 1841 *and* 1848.

IN 1841, the Company added a Bonus of £2 per Cent. per Annum on the Sum Assured, to all Policies of the *participating class*, from the time they were effected to 31st December, 1840; and from that date to 31st December, 1847, £2 5s. per cent. per Annum was added at the General Meeting on 6th July, 1848, without reference to the age of the Assured.

The plan of Distribution of Profits being different to that adopted by *some other* Companies, the following Table is submitted for the information of the *many* persons Assured by the Company in this Province, and of the Public in general:

Age.	Annual Premium per cent. paid by the Assured.	Bonus per cent. added to the Policy per Ann.	Bonus equal to the undermentioned per cent. on the Annual Premium.

Here is your Remedy!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, St. Mary's Street, Weymouth, dated May 15, 1851.

To Professor Holloway.

Sir,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature. (Signed)
WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG OF THIRTY YEARS' STANDING.

To Professor Holloway.

Sir,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.
(Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 13, Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 13th, 1850.

To Professor Holloway.

Dear Sir,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.
(Signed) FREDERICK TURNER.

A WONDERFUL CURE OF A DANGEROUS SWELLING OF THE KNEE.

Copy of a Letter from John Forfar, an Agriculturist, residing at Newborough, near Hexham, dated May 15th, 1850.

To Professor Holloway.

Sir,—I was afflicted with a swelling on each side of the leg, rather above the knee, for nearly two years, which increased to a great size. I had the advice of three eminent Surgeons here, and was an inmate of Newcastle Infirmary for four weeks. After various modes of treatment had been tried, I was discharged as incurable. Having heard so much of your Pills and Ointment, I determined to try them, and in less than a month I was completely cured. What is more remarkable I was engaged twelve hours a day in the Hay Harvest, and although I have followed my laborious occupation throughout the winter, I have had no return whatever of the complaint. (Signed) JOHN FORFAR.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs,	Chilblains,	Gout,	Sore throats,
Bad Breasts,	Chapped hands,	Glandular Swellings,	Skin-diseases, Scurvy,
Burns,
