Water Cure Establishment,

Brattleboro, Vermont.

THE Proprietor, DR. R. WESSELHOEFT, begs to inform the public that he has recovered from his severe sickness, and is able again to attend to his professional duties. Former and new patients, therefore, may depend upon his giving due attention to their cases. They will find, also, comfortable and pleasant accommodation, both for themselves and friends, but will please to remember that the establishment is intended for *the cure of diseases by means of water,* and not for a Hotel at a fashionable watering place. Yet, to the lovers of Nature and a quiet Summer residence, the house has many attractions besides its water cure, for Nature has indeed been lavish of her gifts on the town, and the walks and drives in the vicinity.
