The Subscriber having been appointed Agent to the above Company for New-Brunswick, begs to announce that he is prepared to receive Proposals for FIRE AND LIFE ASSURANCE. The large Capital of the Company, and the number and influence of its Proprietors, enable it to rank with the most eligible Offices, either in America or Europe, with respect to the advantages offered to the Public.

FIRE BRANCH.

Persons assured by this Company are not subject to any covenants or calls to make good losses which may happen to themselves or others, nor do they depend upon an uncertain fund or contribution, the Capital Stock of this Company being an unquestionable security to the Assured in case of Loss or Damage by Fire.

LIFE BRANCH.

In addition to the more customary methods of Insurance, the Company likewise Assures Lives on any of the following contingencies:—

For the term of One Year, Seven Years, or any other definite period.

For the whole continuance of Life.—The Premiums to cease, after a limited number of Annual Payments.

For Two Joint Lives.—The sum assured to be paid on the death of either.

On the longest of Two or Three Lives. The sum assured to be payable at the death of the last survivor; or,

On Survivorships.—To secure the payment of the sum assured, if a life A die before another life B.

For a sum to be payable at age 60, or at death.

Premiums on Credit.—A portion of the Premiums may remain on Credit. Assurances may be effected in various ways, not enumerated, to meet the convenience of parties.

The important advantages afforded by the Company in the Life Branch will include the following, viz:—

The Guarantee of an ample Capital, and Exemption of the Assured from liability of Partnership.

Moderate Premiums.

Large Participation of Profits by the Assured, amounting to Two-thirds of its net amount, which may be applied at the option of the party effecting the Assurance:—1st. By the immediate payment of the sum so apportioned.—2nd. By an equivalent reduction of the future Premiums.—Or, 3rd. By an equivalent increase of the sum assured.

Small Charge for Management.—The expenses of the Office being borne in due proportion by the two Branches.

Prompt Settlement of Claims.

Policies lapsed by non-payment of the Premium may be renewed within three months, by paying the Premium, with a fine of 10s. per cent., on the production of evidence to the satisfaction of the Directors of the good state of health of the life assured.

The Company will always be prepared to Purchase the Policies of this Office at their equitable value, or will grant a New Policy in lieu thereof, without any further payment of Premium, for a sum to be agreed on.

Extra Premiums, suitable to special circumstances, will be accepted, to enable a party possessing a Policy on the life of another to guard against the possibility of its being vitiated by the Life departing beyond limits, or by any other cause.

Thirty Days are allowed for the Payment of Premiums after the day on which they respectively become due.

Additional Advantages offered to Lives Assured with this Company at St. John, N. B.

I.—RESIDENCE.—Persons assured for the whole term of life will have permission, without the payment of extra Premium, to reside in any part of Europe, or in any place in North America to the north of 38 degrees of North Latitude, but not to the westward of the Mississippi River.

II.—VOYAGES.—They will also, if not seafaring by profession, be allowed, without any extra charge—

To cross and re-cross the Atlantic Ocean, in steamers or first-class sailing-vessels;

To pass from any part of Europe to any other, or from any part of North America to another, within the limits above specified; also,

To pass to and from, but not to reside in, any place which shall not be further south than 35 degrees of North Latitude, but not to the westward of the Mississippi River.

The Road to Health!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor Holloway.

Sir,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately, she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the *severity of the attack*, and the *speedy cure*, I think, speaks much in favour of your astonishing Pills.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMAN'S LAND.

Copy of a Letter inserted in the "Hobart Town Courier," of the 1st *March,* 1851, *by Major J. Walch.*

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the "Lynn Advertiser," who can vouch for the following statement.—August 2nd, 1851.

To Professor Holloway.

Sir,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age; and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means comparatively active, and can take exercise without inconvenience or pain, which I could not do before. (Signed) HENRY COE,
North Street, Lynn, Norfolk.

AN EXTRAORDINARY CURE OF THE GRAVEL, AND A MOST DANGEROUS LIVER COMPLAINT.

Copy of a Letter addressed to J. K. Heydon, Esq., Sydney, New South Wales, dated Feb. 25, 1851.

Sir,—A Mr. Thomas Clark, a Settler at Lake George, was for a considerable time seriously afflicted with a complaint of the Liver, together with the Gravel. His medical attendants, after trying all their skill, candidly told him that his case was hopeless, and any further efforts useless. In this situation, and when expecting every day would terminate his existence, a friend recommended him to try Holloway's Pills, and as a forlorn hope he did so; the first dose gave him considerable relief, he therefore persevered in taking them according to the directions, and is now restored to perfect health. He will feel great pleasure in confirming this statement, or even make an affidavit to the same effect, should it be required. (Signed)
WM. JONES, Proprietor of the *Goulburn Herald*, New South Wales.

To be Let, for a Term of Years, at a moderate rent,
And immediate possession given:—
The "DOUGLAS ARMS INN,"
ON THE NEREPIS ROAD.

As the Grand Trunk Line of the European and North American Railway must pass in this direction, and have a Station in the immediate neighbourhood of the Hotel, which has been built expressly for a large business, the *Douglas Arms* offers an excellent opportunity for a safe and profitable investment, to any person possessed of sufficient means, and who is qualified for the management of a respectable and genteel business. In the summer season, passengers by the the Steamers from Indian Town, can be landed, twice daily, in from forty to fifty minutes, at Brundage's Point; and by carriage, in thirty minutes more, they may be comfortably seated in the Douglas Arms.—From the time of leaving the City it would only require about one hour and a half to reach the Establishment. The climate is delightful and remarkably healthy. The fog seldom reaches the valley of the Nerepis, even while this city remains for many days together enveloped in its cold and chilling embraces.

The Douglas Arms, being on the main road to Fredericton, which connects Saint John with the Seat of Government, has been long established both as a Summer and Winter Hotel: and is distant from the City eighteen miles by the land route and thirteen by the water. Its proximity to St. John renders it a most convenient and comfortable resort in the Summer season for private families and pleasure parties.

The country in the neighbourhood of the Douglas Arms offers many attractions to sportsmen and others. The House contains seven comfortable parlours, a large dining room, twenty-one bed-rooms, a grocery shop, or bar-room, a large brick and Roman cement tank for holding rain water, a well arranged kitchen, in which there are a brick oven, a large boiler, and an excellent cooking stove. On the same flat there are also a large hall stove, and a convenient frost proof cellar.

In addition to a sufficient number of Barns for the use of the Farm, a new one has lately been erected, forty feet wide by fifty feet long, for the accommodation of the summer and winter travelling.

The Douglas Arms has been re-built on a large and splendid scale, and is in every way suited to the situation and growing importance of that beautiful and picturesque part of the country. The Hotel will be let either alone or with the large and valuable Farm attached to it. For particulars apply to

The Wood Trade in Lond[on.]—[We] have been favored with a circular conta[ining a] lengthy review of the Wood Trade in Lo[ndon] for the past year. The recent reduction in [the] duties on Foreign Wood goods has caused a lar[ge] increase in the importation of such articles, an[d] several tabular statements are given shewing th[e] comparative increase from various ports. Th[e] following are a portion of the concluding rem[arks] of the review:—

"The chief interest in our Colonial Wood T[rade] is now confined to the importation of Pine [and] Spruce Deals and Battens, which articles have [re]mained remarkably steady throughout the y[ear] owing to their high value on the other side of [the] water, which checked early supplies, and ena[bled] holders to clear off their old stocks. During [the] past year, in consequence of a limited importatio[n] the following prices have with difficulty been maintained for St. John Spruce Deals:—Firsts, £16 10s.; seconds, £15 10s.; thirds, £14 10s.—per 120, 12ft. 3 by 9; or for unsorted cargoes, averaging at least seconds, £15 10s.

"It is difficult to say what the effect would be in case of a reduction in the price of St. John Spruce Deals to the quotations current two years ago, say £13 10s. to £14 for unsorted cargoes; but we are inclined to believe it would be met by a similar decline in European Whitewood, and that the competition having been once encouraged, it will, as far as this market is concerned, (which it must be remembered is essentially supplied by market cargoes) be continued, even to the loss of both parties engaged in the struggle.

"Of American White Pine Timber there has been a very limited supply, chiefly confined to large clean and long Timber from Quebec, which has sold as high as 70s. to 80s. per load, while the finest selected St. John Board Timber, of large average, has realized 90s. per load; but these may almost be considered as retail quotations, and could not be maintained if any thing like large supplies were to appear. For building purposes, White Pine Timber is quite out of the question, unless at, or under, the rate of Baltic Fir.

"From a general review of what has been said, it cannot fail to be remarked that the first operation of the new scale of duties has been to attract an immense importation of Foreign Timber and Deals to this port, that the decline in the value of the former, the *unmanufactured* article, has been considerably more than the reduction in duty, the present prices leaving, as we believe, a loss to the shippers or importers, while, on the other hand, Deals and Battens, the *manufactured* articles, have in many instances been sold without any diminution in prices, the whole of the difference in duty being to the advantage of the sellers. We cannot pretend to account for this state of things, but we draw attention to the fact, because we fear it may prove an injurious stimulant to the production of the latter description of goods, to the prejudice of the former, and that before another twelvemonth passes over our heads, the tables may be turned, and the loss then fall upon those articles which have left the largest profit.

Benevolence of an Attorney.—An Irish lad in Cambridge having been convicted of taking fifty pieces of copper coin from a boy in the street, was sentenced to three years in the state prison. Wm. End, Esq., having heard the story from the boy's mother, prepared a petition to the Governor and Council, which he presented, and urged the case with such address, that on the afternoon of the 24th of December he received full pardon for him. He went immediately to Charlestown, received the boy, and took him to his mother the night before Christmas. He has since obtained for him a situation as a stone-cutter, where he will be able to earn his own living, and assist in maintaining his poor mother. Such an act as this should not pass unnoticed. Mr. End had no pecuniary reward. For twenty consecutive years he was a Member of the Parliament of New-Brunswick. He was of the Liberal party there. He is a profound lawyer, a very gentlemanly pleader at the bar, and is now a partner with J. P. Bishop, Massachusetts Block, Boston.—*Boston Post.*

Awful Accident near Lunenburg.—We learn from the Halifax British North American that Gaspel Tanner and his wife were drowned on Tuesday 27th ult., at the Blue Rock, near Lunenburg. They were attempting to cross from the main land to an Island, over a very narrow passage. The husband first fell in, the wife reached her hand, and endeavored to pull him out, but her weakness and the severe cold, prevented her success, and she fell in, quite near him. The poor fellow stoutly gave directions to a person at hand, to procure a rope from a schooner in the passage, and throw it to him. This was done, but the person slipping his hold, and Tanner pulling with all the strength of despair, the hole was made larger by the rebound. For an hour Tanner continued to give directions to the other calmly and judiciously. But it pleased God in His inscrutable wisdom, to forbid them success. Their son, a little boy, threw his sled to his parents, and the mother partially supported herself with it, and was rather frozen than drowned. They leave one married and six young children, to all of which we trust this awful bereavement, may be specially blessed, as a solemn warning to be ready.

P. E. Island—*Melancholy Accident.*—On Saturday, the 10th inst., a melancholy occurrence took place at the house of Mr. Alexander Campbell, Pier Jacques, Lot 8. It appears that Mr. and Mrs. Campbell were absent from home for a short time, and during their absence, three little girls of the respective ages of 7, 5 and 2 years, were left alone, who began to amuse themselves by running round in a circle until they became giddy, when they fell on the floor, near the fire, and the fire communicating with their clothes, immediately enveloped them all in flames. When the mother returned home, the child five years of age was dead, the elder survived but two hours afterwards—sufficiently long to acquaint her afflicted mother of the way in which the accident occurred. The youngest we understand lingered for a few days, when death terminated her sufferings.—*Haszard's Gazette.*

The British Minister to the United States.—We learn with much satisfaction that John Crampton, Esq., the eldest son of our eminent fellow-citizen, Sir Philip Crampton, Surgeon-General, has been appointed to succeed Sir Henry Lytton Bulwer, as British Minister and Plenipotentiary in the United States. Mr. Crampton had discharged the functions of Secretary of Legation at Washington, under the successive ministeries of Mr. Pakenham, and Sir Henry Bulwer, and is well qualified by experience in diplomatic duties in Europe as well as in America.—*Dublin Evening Post.*

The Arctic Expedition.—It has been notified to the engineers at Portsmouth that volunteers are required for the steam-vessels fitting for the Arctic expedition, about to proceed to Wellington Channel, to make further search for Sir John Franklin and the missing navigators, and several of the engineers have volunteered for that service.

An awful catastrophe has filled the country with grief. One of the most magnificent steamers that ever "walked the waters like a thing of life" was consumed at sea, in a few hours, by fire, and 160 human victims perished in the flames, were drowned, or suffocated. This was one of those calamities which might, and should, have been prevented. Phillips's fire-annihilator is a certain security against fire to all sea-going ships. There can be no doubt of this, for in a vessel it could never fail. It need only be opened, dropped into the hold, and the business is done. We know it takes time to make a discovery of this kind known—to render it a necessity; but it behoves the government to test this invention, and then purchase it for the public benefit. No doubt the apparatus can be cheapened, probably improve[d] [illegible] secret is there, and ought to b[e] [univer]sally available.—*Liverpool Jo[urnal.]*
