Cox's Patent Refined Gelatine!

IS now received *direct* from the Manufacturers, and will be sold Wholesale or Retail at reasonable rates, by ROBERT THOMSON,
May 1. Prince William-street.

PARTICULAR NOTICE.

THE Subscriber has pleasure in announcing that a further reduction in price of Fairbanks & Co.'s Patent Scales has recently been made by the Manufacturers, who are induced to make such by the enlargement of their works, and the introduction of new and perfect machinery, whereby they are enabled to produce an improved article, at a less rate of cost. The capacity of each Scale is rated at the amount it is capable of enduring in constant use for years; but, if necessary, for temporary weighing, *at least fifty per cent. may be added.* This fact is important, since it is known that other Scales are sold for corresponding capacities, which are smaller, weaker, and every way inferior. Hence the assertions of other agents that their scales of equal capacity are cheaper than Fairbanks'. It is not true that other scales equally as good as Fairbanks' are sold at less prices. The public can satisfy themselves of the correctness of this statement, by calling at the Agency, 8, North Market Wharf, and examining the stock of all sizes and descriptions now on hand.

All Scales warranted as heretofore, notwithstanding the reductions in prices.
