St. John, May 8. J. ROBERTSON.

Patent Salamander Safes.

THE subscriber begs announce that he has been appointed Ag Messrs. DENIE & ROBERTS, of Boston, Agents of their superior Patent SALAMANDER SAFES, and that he is now ready to execute orders for any quantity or description, on terms much more moderate than have hereto been offered to this community.

An improvement has been adopted in the construction of these Safes, whereby they are rendered a better protection against fire, and perfectly free from all dampness, the existence with which they are liable being a non-conductor of heat, and perfectly dry when put into the Safe, which prevents any wet or mould to Books or Papers which, in the old Safes, was sure to be the case, the lining substance being put in wet. Powder-proof locks can, if necessary, be put on the outside, shall additional expence.

Several of these Safes are now in this City, and the owners speak in the highest terms of commendation respecting them, giving a safety concerning their Books and papers never enjoyed without them. Certificates in favour these Safes can be seen, prices, &c. made known on application at the Agency, *No. 8, North Market Wharf.*
