Select School for Young Ladies,

Conducted by Miss THOMSON,
Assisted by her Father, Elder THOMSON, *M. A.*,

IN the large Brick House, lately occupied by the Mayor, facing the sea, St. John, N. B.—The House is well adapted for a School, containing some of the largest rooms in the City, and being replete with convenience of every character.

Miss THOMSON being assisted by her Father *in the higher branches of Study*, and by her Mother in the *domestic arrangements*, hopes to render her School, in every respect, one of the first order.

In the government and discipline of the School, due regard is had to the health, happiness and improvement of the pupils; and while every reasonable indulgence is granted, the great objects of Education are kept constantly in view, viz.:—the full development and proper training of all the physical, intellectual and moral energies, and the formation of habits of industry, punctuality, good order and strict economy in the use of time.

Entrance and removal are unfettered by the usual conditions; and the month commences from the day a pupil enters.

A synopsis, with terms, &c., will be forwarded on application. St. John, N. B., April 9, 1853.

Minerva Life Assurance Company, CANNON STREET WEST.

London, 1st March, 1853.

THE Court of Directors have much pleasure in reporting the onward progress of this Company. During the year 1852, the New Policies issued were 324, assuring the sum of £182,957 18s., being the largest amount of new business transacted in any one year.

The Income of the year was £53,819 5s. 5d.; and the funds in hand, after providing for payment of bonuses to the policy holders and proprietors, and reduction of premiums allowed, had increased to £248,979 16s. 7d.

Meanwhile, it is satisfactory to know that the expenses of management for the year did not amount to seven per cent. of the income. The number of policies issued, and the income of the Company during the respective years, were as follows:—

Year.	No. of Policies actually issued.	Sums assured thereby.	Ann. Income.
1847 - - -	113	102,247 0 4	29,720 12 7
1848 - - -	125	116,045 2 6	35,214 4 7
1849 - - -	272	149,861 2 6	39,011 1 4
1850 - - -	301	156,370 13 0	42,207 5 8
1851 - - -	342	170,578 7 0	47,721 2 6
To. in 5 yrs.	1153	695,102 5 4	193,874 6 8

Thus exhibiting a steady and gradual increase.

The following table illustrates the Bonuses declared:—

		Average reduction of Premium.	Average Reversionary Bonus.
1st Division	—1842	16·833 per cent.	31 per cent.
2d "	1847	31·333 "	53½
3d "	1852	35·22 "	60

It cannot be too generally known that the dividends paid annually to the proprietors are derived entirely from the investment of their own capital, the deed of settlement forbidding any portion of the income of the Life Assurance Fund to be diverted to pay interest to the proprietors.

The distinguishing feature of this Company is—a guaranteed return at any time for the surrender of existing Whole Term Policies, effected by even rates, of *forty per cent.* of the amount of ordinary premiums received thereon.

The objection often raised by persons intending to assure as to the uncertainty of being able to continue payment of their premiums, is thus obviated, and a policy holder will always know the value of his policy. Policies will also thus be rendered immediately available as securities.

Loans are granted on deposit of policies of five years' standing, to the extent of their value, thus enabling the holders to provide for the payment of future premiums.

India Rubber Belting, Packing, and Hose.

THE experience of the Boston Belting Company in the manufacture of Vulcanized India Rubber Goods has gained for them the confidence of consumers. This, together with the fact that great improvements have been made in the quality, warrants the Manufacturers in asserting it to be superior to leather or anything else for all Open Belts, (more especially for heavy or main Belts,) for the following reasons:—

1st.—The perfect equality and width of thickness which it will retain.

2d.—No danger of heat under 300 degrees Fahrenheit, and it remains flexible in any degree of cold.

3d.—Its great strength and durability does not stop on the pullies, consequently a gain of power is obtained.

As a proof of its superiority over all other manufacturers of these goods, we quote the following extract from the London correspondent to the *Boston Post*:—

"*London, January 7th*, 1853.

"The fabrics of your Boston Belting Company, two years ago unknown in England, and at first introduction looked upon with disfavour, are now as eagerly sought after as if they had had the reputation of a century's use. The capital of some of the largest manufacturers in Great Britain has been employed for years in perfecting India rubber goods, and yet neither in the variety of purposes to which the article is appropriated, nor in the excellence of the manufacture, can the English-made goods compare with those from Boston. In the large establishments for building marine steam engines—in the ocean steamers—in the Government dockyards, and in the innumerable private manufactories—wherever it has been used, the Packing, Belting and Hose of the Boston Belting Company are acknowledged superior to anything of the kind manufactured in England or the world."

A large supply always on hand of all the varied goods made by the Company, at the Subscriber's Store, corner Dock-street and Market-square.

THE COLONIAL Life Assurance Company.

GOVERNOR,
The Right Hon. The Earl of ELGIN and KINCARDINE, Governor General of Canada.

Head Office—22, St. Andrew Square, Edinburgh.

BOARD OF DIRECTORS IN ST. JOHN, N. B.:
The Hon. JOHN ROBERTSON, *Merchant,*
CHARLES WARD, Esquire, *Merchant,*
WILLIAM H. Street, Esquire, *Merchant,*
JOHN WISHART, Esquire, *Merchant,*
JOHN DUNCAN, Esquire, *Merchant.*

THE COLONIAL LIFE ASSURANCE COMPANY has been established for the purpose of affording to the Colonies of Great Britain the advantages of Life Assurance, and its regulations have been so framed, as to attain that object in the most efficient manner under the most liberal covenants. The progress of the business has been attended with complete success.

From the wide basis of its constitution, and the extent of its resources, the Company affords advantages which no local institution can confer; and it has good ground for asking public preference and support over other British Offices doing business in the Colonies, not only with reference to the facilities which it affords, by receiving premiums and paying claims in any British Colony where its Policy Holders may reside, but on the ground that, in seeking business out of Great Britain, it does so not as an after thought, its Colonial arrangements not being mere extension of or addition to a home business, but as part of its original scheme and intention.

The Profits of the Company for the period from 1846 to 1854,

fall to be divided as at 25th May, 1854, and parties who assure during the present year will participate.

☞ Every information as to the Company, and its terms and conditions for Assurance, can be had on application to

REVIEWS OF THE WORK.

"MANHOOD, by J. L. Curtis.—We agree with the Author that, so far from works of this class being objectionable in the hands of youth, or difficulties being opposed, every facility should be given to their circulation; and to strengthen our opinion, we need but refer to the recent distressing events at our Military and Scholastic Academies at Carshalton and Woolwich."—*Naval and Military Gazette, 1st February*, 1851.

"We feel no hesitation in saying, that there is no member of society by whom the book will not be found useful—whether such person hold the relation of a parent, preceptor, or a clergyman."—*Sun*, Evening Paper.

"Curtis on Manhood.—Fortunate for a country would it be, did its youth put into practice the philanthropic and scientific maxims here laid down—one cause of matrimonial misery might then be banished from our land, and the race of the enervate be succeeded by a renewal of the hardy, vigorous spirits of the olden time."—*Chronicle.*

Never Failing Remedy.

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS' SUFFERING.

Copy of a Letter from Mr. Thomas, Chemist, Liverpool, dated August 20th, 1852.

To Professor Holloway.

Dear Sir,—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About ten years ago, Mr. W. Cummins, of Saltney-street, in this town was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly ten years. Recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.
(Signed) J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper, of Keady, near Gainsboro', dated March 1st, 1852.

To Professor Holloway.

Sir,—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by persevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines, she would have been saved also. I shall be happy to testify the truth of this to any enquirer.
(Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY AND GENERAL ILL-HEALTH.

Copy of a Letter from Mr. J. M. Clennell, of Newcastle-on-Tyne, dated September 20th, 1852.

To Professor Holloway.

Dear Sir,—I am authorised by Mrs. Gibbon, of 31 Bailey-street, in this town, to inform you that for a considerable period she had been a sufferer from debility, and general ill-health, accompanied with a disordered stomach and great derangement of the system. In addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderfully short time they effected a perfect cure of her legs, and restored her constitution to health and strength; and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, dear Sir, yours faithfully,
(Signed) JOHN MORTON CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS, AND ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG.

Copy of a Letter from Messrs. Walker & Co., Chemists, Bath.

To Professor Holloway.

Dear Sir,—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this City. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies, her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above seventy years of age. We shall be happy to satisfy any enquiries as to the authenticity of this really wonderful case, either personally or by letter.

A Private in the Bath Police Force, also, has been perfectly cured of an old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise.

We remain, dear Sir, your's faithfully,
April 6th, 1852. (Signed) WALKER & Co.

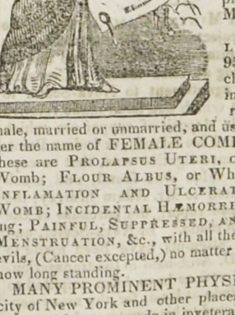
Dr. Marchisi's Uterine Catholicon.



IS Respectfully offered to the Citizens of Saint John and vicinity, as a preparation of earliest importance to families, and destined to become identified with the health and happiness of FEMALES.

This CATHOLICON will cure 95 per cent. of all chronic diseases incidental to the respectable female, married or unmarried, and usually known under the name of FEMALE COMPLAINTS. Of these are PROLAPSUS UTERI, or falling of the Womb; FLOUR ALBUS, or Whites; CHRONIC INFLAMATION AND ULCERATION OF THE WOMB; INCIDENTAL HÆMORRHAGE, or Flooding; PAINFUL, SUPPRESSED, AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or of how long standing.

MANY PROMINENT PHYSICIANS in the city of New York and other places, finding themselves without a remedy in inveterate cases of the above complaints and having due regard for the welfare of their patients, have recommended the use of this medicine; and, after witnessing its salutary effects are now manifesting their approbation, not only by resorting to it in their treatment of all the diseases of which it is intended, but in some instances accepting the agency of it to facilitate its introduction into more general use by the Faculty.

The influence of this composition upon the female constitution is of the most friendly kind; the most delicate and feeble female need have no fears in its use for any length of time, for it contains no mercury nor any article which can prove in any way injurious, being made entirely of vegetable extracts, and prepared so as to taste like a pleasant cordial.

The MODUS OPERANDI of this remedy, in the cure of this class of diseases, is through the general economy of the system, with a peculiar determination to the female organs.

ADDITIONAL PROOF of this Catholicon being worthy of the afflicted, as a SUCCESSFUL, SAFE, AND CHEAP REMEDY, will be found in the pamphlet, together with important observations touching the nature and symptoms of the diseases, to which the attention of Ladies and Practitioners is respectfully invited.

THE INGREDIENTS, as certified by high medical authority, (see pamphlet,) are ALL VEGETABLE, and are not associated with any article unfriendly to the animal economy.
