"Wine of Malt."

KELTIE & PENDER, Maltsters and Brewers, Portland, beg leave respectfully to intimate to their friends and numerous customers that they have now on hand a large stock of ALES and PORTER, made from the finest Malt and Hops. They are of superior strength, and have the finest flavour that malt liquor can possess; and by a new and peculiar principle in operation during the process of fermentation, a keeping property is imparted, which resists the principle of acidity.

"Bitter Ale."

From the considerable quantity of aromatic anodyne bitter derived from the hops used in the manufacture of this Ale, they tend to preserve the tone and vigour of the stomach, and conduce to the restoration of the health of that organ, when in a state of weakness or debility. It is brilliant, and full of fixed air, and resembles "Wine of Malt," rather than an ordinary fermented infusion; and it is satisfactory to know that a beverage so invigorating to the constitution is entirely free from every kind of impurity.

☞ Orders, by post, or left at the store of Mr. T. S. MAGEE, Dock-street, or Mr. H. CHISHOLM, Saint Stephen's Buildings, will meet with prompt attention. 3m pd

THOMAS M. REED,

May 21. Corner North Wharf and Dock-st.

Minerva Life Assurance Company, CANNON STREET WEST.

London, 1st March, 1853.

THE Court of Directors have much pleasure in reporting the onward progress of this Company. During the year 1852, the New Policies issued were 324, assuring the sum of £182,957 18s., being the largest amount of new business transacted in any one year.

The Income of the year was £53,819 5s. 5d.; and the funds in hand, after providing for payment of bonuses to the policy holders and proprietors, and reduction of premiums allowed, had increased to £248,979 16s. 7d.

Meanwhile, it is satisfactory to know that the expenses of management for the year did not amount to seven per cent. of the income. The number of policies issued, and the income of the Company during the respective years, were as follows:—

Year.	No. of Policies actually issued.	Sums assured thereby.	Ann. Income.
1847 - - -	113	102,247 0 4	29,720 12 7
1848 - - -	125	116,045 2 6	35,214 4 7
1849 - - -	272	149,861 2 6	39,011 1 4
1850 - - -	301	156.370 13 0	42,207 5 8
1851 - - -	342	870,578 7 0	47,721 2 6
To. in 5 yrs.	1153	695,102 5 4	193,874 6 8

Thus exhibiting a steady and gradual increase.

The following table illustrates the Bonuses declared:—

	Average reduction of Premium.	Average Reversionary Bonus.
1st Division—1842	16·833 per cent.	31 per cent.
2d „ 1847	31·333 „	53¼
3d „ 1852	35·22 „	60

It cannot be too generally known that the dividends paid annually to the proprietors are derived entirely from the investment of their own capital, the deed of settlement forbidding any portion of the income of the Life Assurance Fund to be diverted to pay interest to the proprietors.

The distinguishing feature of this Company is—a guaranteed return at any time for the surrender of existing Whole Term Policies, effected by even rates, of *forty per cent.* of the amount of ordinary premiums received thereon.

The objection often raised by persons intending to assure as to the uncertainty of being able to continue the payment of their premiums, is thus obviated, and a policy holder will always know the value of his policy. Policies will also thus be rendered immediately available as securities.

Loans are granted on deposit of policies of five years' standing, to the extent of their value, thus enabling the holders to provide for the payment of future premiums.

HOLLOWAY's OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS' SUFFERING.

Copy of a Letter from Mr. Thomas, Chemist, Liverpool, dated August 20th, 1852.

To Professor Holloway.

Dear Sir,—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About ten years ago, Mr. W. Cummins, of Saltney-street, in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly ten years. Recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

(Signed) J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper, of Keady, near Gainsboro', dated March 1st, 1852.

To Professor Holloway.

Sir,—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by persevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines, she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

(Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY AND GENERAL ILL-HEALTH.

Copy of a Letter from Mr. J. M. Clennell, of Newcastle-on-Tyne, dated September 20th, 1852.

To Professor Holloway.

Dear Sir,—I am authorised by Mrs. Gibbon, of 31 Bailey-street, in this town, to inform you that for a considerable period she had been a sufferer from debility, and general ill-health, accompanied with a disordered stomach and great derangement of the system. In addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderfully short time they effected a perfect cure of her legs, and restored her constitution to health and strength; and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, dear Sir, yours faithfully,

(Signed) JOHN MORTON CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS, AND ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG.

Copy of a Letter from Messrs. Walker & Co., Chemists, Bath.

To Professor Holloway.

Dear Sir,—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this City. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies, her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above seventy years of age. We shall be happy to satisfy any enquiries as to the authenticity of this really wonderful case, either personally or by letter.

A Private in the Bath Police Force, also, has been perfectly cured of an old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise.

We remain, dear Sir, your's faithfully,

April 6th, 1852. (Signed) WALKER & Co.

The Pills should be used conjointly with the Ointment in most of the following cases:—

SPECIAL INTIMATION

WITH REFERENCE TO

Division of Profits in 1851.

THE 25*th May*, 1853, is the last day for receiving proposals from parties desirous of securing the advantages of the present year's entry, and it is requested that all such proposals be lodged with the Agents of the Company, at home, or abroad, on or before that date.

THE COLONIAL Life Assurance Company.

GOVERNOR,

The Right Hon. The Earl of ELGIN and KINCARDINE, Governor General of Canada.

Head Office—22, St. Andrew Square, Edinburgh.

BOARD OF DIRECTORS IN ST. JOHN, N. B.:

The Hon. JOHN ROBERTSON, *Merchant*,
CHARLES WARD, Esquire, *Merchant*,
WILLIAM H. Street, Esquire, *Merchant*,
JOHN WISHART, Esquire, *Merchant*,
JOHN DUNCAN, Esquire, *Merchant*.

THE COLONIAL LIFE ASSURANCE COMPANY has been established for the purpose of affording to the Colonies of Great Britain the advantages of Life Assurance, and its regulations have been so framed, as to attain that object in the most efficient manner under the most liberal covenants. The progress of the business has been attended with complete success.

From the wide basis of its constitution, and the extent of its resources, the Company affords advantages which no local institution can confer; and it has good ground for asking public preference and support over other British Offices doing business in the Colonies, not only with reference to the facilities which it affords, by receiving premiums and paying claims in any British Colony where its Policy Holders may reside, but on the ground that, in seeking business out of Great Britain, it does so not as an after thought, its Colonial arrangements not being mere extension of or addition to a home business, but as part of its original scheme and intention.

The Profits of the Company for the period from 1846 to 1854,

fall to be divided as at 25th May, 1854, and parties who assure during the present year will participate.

☞ Every information as to the Company, and its terms and conditions for Assurance, can be had on application to

DUNCAN ROBERTSON,

Secretary to the Local Board in St. John, N. B.

REVIEWS OF THE WORK.

"MANHOOD, by J. L. Curtis.—We agree with the Author that, so far from works of this class being objectionable in the hands of youth, or difficulties being opposed, every facility should be given to their circulation; and to strengthen our opinion, we need but refer to the recent distressing events at our Military and Scholastic Academies at Carshalton and Woolwich."—*Naval and Military Gazette, 1st February*, 1851.

"We feel no hesitation in saying, that there is no member of society by whom the book will not be found useful—whether such person hold the relation of a parent, preceptor, or a clergyman."—*Sun*, Evening Paper.

"Curtis on Manhood.—Fortunate for a country would it be, did its youth put into practice the philanthropic and scientific maxims here laid down—one cause of matrimonial misery might then be banished from our land, and the race of the enervate be succeeded by a renewal of the hardy, vigorous spirits of the olden time."—*Chronicle.*
