MANUFACTURERS OF THE

Improved Salamander Safes,

BOSTON.

THE Certificates and Premiums given to our manufacture and the decided preference shown to it by all who regard the subject unbiassed by interest or unprejudiced in any way, surely warrant us in urging upon the community, with strong emphasis, its acknowledged if not unequalled merit. Considering the cheapness of the article, it is surprising so few of our merchants and business men provide themselves with Safes. The cost is very trifling compared with their value—the interest on the price of a medium one being but four or five dollars a year—yet hundreds of persons who are doing an extensive business, and who would not for a day suffer their buildings or other property to be uninsured, have no hesitation in risking the loss of their Books and Papers, often far more valuable. We never knew the owner of a Safe, however, who would part with it for ten times the cost, provided he could not get another. Our Safes have been repeatedly tested in the hottest fires, and in every instance the contents have been found unscathed.

Safes of all sizes manufactured, to suit any desired location. The interior arrangement can be constructed in any way that the purchaser may require. We have appointed

FARM for Sale.

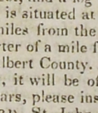

THE Subscriber offers his FARM, on the Post Road leading from Annapolis to Digby, and 1½ miles from the Town of Annapolis, for sale. The Farm contains 330 acres, consisting of tillage, pasture and wood land, with 20 acres of dyked marsh, and there is upon the Premises an extensive Orchard of Apple trees, the most of which are engrafted with the best kinds of fruit. The Buildings, which are mostly new, consist of a comfortable Cottage, three large Barns, sheep sheds, woodhouse, piggery, &c. &c.; all of which are in good repair, and have been during the past summer covered with fire-proof paint.

The situation is remarkably fine, and commands a most extensive view of the surrounding country. The soil consists of rich red loam, produces heavy crops, and is not easily affected by drought. There is upon the premises, and within 100 rods of the barns, a Peat Bog, from which any quantity may be taken for the preparation of composts, and the river flats along the whole front of the farm afford an inexhaustible supply of marsh mud, an excellent manure for grain and grass. The facilities for the shipment of produce, with the fast increasing importance of St. John, and the growing market in the United States, offer in the purchase of the above a safe and desirable investment, and is well worthy the attention of intending purchasers. Application to be made to the Subscriber, who will afford any information which may be desired.

N. B.—A portion of the purchase money may remain on Mortgage if desired.

GEORGE S. MILLIDGE.

REVIEWS OF THE WORK.

"Manhood, by J. L. Curtis.—We agree with the Author that, so far from works of this class being objectionable in the hands of youth, or difficulties being opposed, every facility should be given to their circulation; and to strengthen our opinion, we need but refer to the recent distressing events at our Military and Scholastic Academies at Carshalton and Woolwich."—*Naval and Military Gazette, 1st February*, 1851.

"Curtis on Manhood.—Fortunate for a country would it be, did its youth put into practice the philanthropic and scientific maxims here laid down—one cause of matrimonial misery might then be banished from our land, and the race of the enervate be succeeded by a renewal of the hardy, vigorous spirits of the olden time."—*Chronicle.*

"We feel no hesitation in saying, that there is no member of society by whom the book will not be found useful—whether such person hold the relation of a parent, preceptor, or a clergyman."—*Sun*, Evening Paper.

Health for a Shilling!

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION, AND DETERMINATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lloyd, of Erw-..., near Harlech, Merionethshire.

To Professor Holloway.

Sir,—I avail myself of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming, that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do. He kindly recommended your Pills; I tried them without delay, and after taking them for a short time, I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.—I am, Sir, your obt. servant,

June 6th, 1852. (Signed) JOHN LLOYD.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8th, 1852.

To Professor Holloway.

Dear Sir,—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skilfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy; and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks. (Signed) EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEADACHES.

Extract of a Letter from Mr. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14th, 1852.

To Professor Holloway.

Dear Sir,—I am requested by a lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the liver and stomach, indigestion, loss of appetite, violent headaches, pains in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result. At last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further, she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy.

(Signed) S. GOWEN.

DANGEROUS LIVER COMPLAINT AND SPASMS IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr. Bostock, Druggist, of Ashton-under-Lyne, dated July 31, 1852.

To Professor Holloway.

Dear Sir,—I have much pleasure in handing you a testimonial of the efficacy of your Medicines. A person in this neighbourhood with whom I am well acquainted was afflicted for a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stooping position which he was obliged to assume in his business. The spasms were of an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following them up in accordance with your directions, they have acted so wonderfully in cleansing the liver and stomach, and strengthening the digestive organs, that he has been restored to the enjoyment of good health.

I remain, dear Sir, yours faithfully,
(Signed) WILLIAM BOSTOCK.

Keating's Cough Lozenges are free from every deleterious ingredient; they may, therefore, be taken at all times, *by the most delicate female and by the youngest child;* while the Public Speaker and the Professional Singer will find them invaluable in allaying the hoarseness and irritation incidental to vocal exertion, and consequently a powerful auxiliary in the production of melodious enunciation.

IMPORTANT TESTIMONIALS.

Copy of a Letter from COLONEL HAWKER, (the well-known Author on "GUNS AND SHOOTING."

Longparish House, near Whitchurch, Hants, October 21st, 1846.

Sir,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your Lozenges. I had a cough for several weeks that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. Keating, 79, St. Paul's Churchyard.

Melbourne, Port Philip, May 16th, 1848.

Dear Sir,—I duly received per Maitland the case of Lozenges, and have much pleasure in saying that they have met with a ready sale,—therefore, send another the value of ten pounds, that is, double the last and packed in two cases with tins, &c. as before.

The Lozenges require only to be tried, and I am sure the sale will be immense. I am not an advocate for Proprietary Medicines in the general way, but assure you that the Lozenges have done so much good in almost every case in which we have recommended them, that I believe them better adapted to this climate than anything else we have seen used.

Believe me, dear Sir, your's faithfully,
Mr. Thomas Keating. DANL. R. LONG.
