WEDDINGS

Hinton—Milliken
Calgary Daily Herald (Oct. 13)—A very pretty wedding was solemnized at the residence of Dr. and Mrs. R. C. Robinson, Elbow Park, when the marriage of Frances Mildred, youngest daughter of Mr. and Mrs. Thomas L. Hinton, of Summerside, P. E. I., and William Blair Milliken of Vancouver, B. C., was solemnized by Rev. A. Mc Taggart.

The house was beautifully decorated for the occasion and the fireplace mantel in the living room were banked with autumn leaves and baskets of 'mums'.

The bride, who was given away by her brother-in-law, Dr. Robinson, was charmingly gowned in ivory tulle, with a court train lined with shirred pink georgette. The long veil was held in place with orange blossoms and old lace and she carried a shower bouquet of roses and ferns. Little Lillian Matthews, carrying a basket of roses, made a charming flower girl. Miss Helen Ketcheson played the wedding march, and during the signing of the register, Mrs. William Gray sang "O Promise Me."

After the ceremony a dainty buffet supper was served from the bride's table, which was centred with the wedding cake, surrounded with tulle, lace, fern and rosebuds. Mr. and Mrs. Milliken left later in the evening for the coast where they will visit several cities, the bride traveling in a smart three-piece model of brown with a small hat to match. Mr. and Mrs. Milliken will make their home in Vancouver.

(Miss Hinton was a student at the Ladies' College in 1919-20, while Miss Ketcheson was on the Conservatory Staff of Mt. A.)

W. C. T. U. Hears
Fine Addresses

Speakers Tell of Travelers' Aid—Delegate Reports Interestingly Convention at Woodstock.

The work of the Travelers' Aid was brought forcibly to the minds of the local W. C. T. U. at its regular weekly meeting yesterday afternoon. Mrs. James F. Robertson, Mrs. Percival Foster, of the Y. W. C. A. and Mrs. H. P. Newcombe, a noted temperance speaker gave most illuminating and interesting addresses, that left no doubt, as to the need of the Travelers' Aid here and of the efficacy with which it is being conducted. The report of the convention at Woodstock was given by the official delegate, Mrs. J. D. Seely and evoked great praise from her fellow members and from the visiting ladies.

Mrs. Hope Thomson, President of the W. C. T. U. was in the chair and led the devotional service reading from Matthew 28. She brought out the thought of "Some worshippers, some doubted," and the solemn question was: "Are we worshippers?" A reading that gave a clear exposition of the Bible passage was given by Mrs. Thomson called "Perpetual Promises of the Living Christ." Mrs. George Colwell led in prayer with others following, all joining in the benediction.

Mrs. James F. Robertson gave a great many concrete examples of actual happenings in the work of the Travelers' Aid, and made clear the need for more equipment to meet the growing demands, when so many women and girls are obliged to travel alone. Her appeal was to acquaint the W. C. T. U. with the work already accomplished and to solicit thereby financial support for this branch of the work over which Mrs. Robertson has been convenor since the inception of the Y. W. C. A. She felt that the W. C. T. U. would co-operate and the visiting ladies, who were most sympathetic.

Mrs. Foster, who is the new General Secretary of the Y. W. C. A., spoke in a very pleasing manner and impressed her hearers with her particular adaptability to the work to which she has been appointed. She spoke of the pleasure that the devotional service of the meeting had given her and stated that she felt certain that it was the main reason for the continued success of the W. C. T. U. in its splendid undertakings. Mrs. Foster gave a few cases of the carrying on of the Travelers' Aid, and dwelt with sincere appreciation upon the splendid accomplishments of Miss Hoyt and Miss Kirke the Travelers' Aid workers, and the house mother, Mrs. Forbes. One and all, they were untiring in their efforts, thinking only of what they could do to help, rather than of any gain to themselves. Their work and worth could not be measured by financial standards they meant everything to the furtherance of the endeavor, with their devotion and knowledge of what was required.

Mrs. H. P. Newcombe, the noted Canadian temperance speaker, but internationally known, began her address with pleasing reference to the happy relations that are always established when the white ribboners meet, and also referred to the meeting with Miss Archibald, the mission-ary from India, who has won the hearts of so many in St. John. It was at the convention of the Nova Scotia, W. C. T. U. that these two women met and Mrs. Newcombe was delighted to continue the acquaintance here on Monday at the crusade in German street Baptist church. Mrs. Newcombe also said in part that

one can see that in New Brunswick the Prohibition law is very adequately enforced. From the evidence quite apparent, one is led to believe that there is a determined negligence on the part of that department in the province, whose duty it is to see that all our laws are enforced and that there is a desire to bring the Prohibition law into contempt through lack of proper enforcement. It is true that the government of this province is the guardian of the law, but there is a power higher than the government, namely, the people. It would behoove the present government of New Brunswick to think carefully over the results of the two by-elections in Ontario, Monday, where anti-prohibition candidates were overwhelmingly defeated. The people of Ontario are not the only people in Canada who can guard the honor of its prohibition laws. The government must understand that the prohibition law is as important as any other laws and it is the official duty to respect and enforce the same.

A collection was taken for the flower fund and a vote of thanks was cordially given to the speakers, one and all, for their inspiring addresses. Plans were completed for the ads for the Year Book and for the White Ribbon Tiddies and all the members were urged to subscribe to encourage the work and to get first-hand information.

For The Foreign
Work of Y. M. C. A.

Ladies Auxiliary Voted \$75—Reports Received and Committees Appointed to Superintend Teas.

Seventy-five dollars was voted unanimously for the foreign work of the Y. M. C. A. at the meeting of the Ladies' Auxiliary of the local work, yesterday afternoon, when they met in regular session in the reading room of the Y. M. C. A. building.

Mrs. Campbell presided and was met by enthusiastic support, when the forming of committees was the order of business. The Secretary, A. M. Gregg, had asked for three committees of ladies to mother, or superintend three groups for teas monthly throughout the winter, and they were appointed as follows: The Young Men's Club, Mrs. F. A. Dykeman, Mrs. James Christie and Mrs. Plumptre; Senior Class, Mrs. F. Z. Fowler; T. H. Carter, and Mrs. John Tilton; Business Men's Club, Mrs. A. E. Gil-mour, Mrs. George Noble, and Mrs. Wilfrid Campbell. There will be no soliciting, as each of the thirty men, who compose each group pays for his supper, the cost being borne by the committee and this is made easy by lists that have been reserved from last year, which give full data about the buying and other necessities. Those who have done the work other years are eager to assist again, the labor is so little compared to the satisfaction afforded to all. Thursday evenings are reserved for these events, the groups meeting on different Thursdays.

A new member, whose name had been given in, Miss McColgan, was unanimously accepted, to be welcomed at the next meeting, being known as a most earnest worker in all good causes. The report that was given verbally by Mrs. Plumptre, one of the energetic committee that made the rummage sale a success, showed a good sum of money realized, part of which was put into the fund that is designated for the foreign work. The opening banquet for the season was also a great success and great credit is due Mrs. Pendrigh, who assisted Mrs. Plumptre at the former event. A vote of thanks was passed to Mrs. H. O. Evans for her generous assistance in loaning her car and her services to collect the goods for the rummage sale.

Mrs. Ralph Fowler is to act as Treasurer for the remainder of the year, and Mrs. F. A. Dykeman is the able secretary, who is always on hand to give her support to this very important work.

for the foreign work in Canada for the Y. M. C. A. Has been released from duty in this country, as the funds are too low to pay his salary. He is now in the United States, and is working from there as head of the movement, which is North American in its functioning. It is to this work that the ladies have subscribed their support, making their grant the same as last year, as the need of money is very great, the work having to be curtailed because of the lack of funds. A campaign to rally the members of the Ladies' Auxiliary to meet the needs of the busy winter that is in prospect will be made, with a most enjoyable social afternoon at the home of the President, Mrs. Wilfrid Campbell, on the next regular meeting day. Mrs. F. H. Carter made a very interesting suggestion that will be carried out, and it is expected that every lady will present herself, with so much to look forward to.

MARIAN HALE TELLS YOU HOW TO PUT
ATMOSPHERE IN WITCH DAY FETE

THE SHOPS ARE FULL OF FIRST AIDS TO ATMOSPHERE, AND YOUR HALLOWEEN REDECORATING WILL BE THE CHEAPEST SORT YOU CAN EVER ATTEMPT.

By Marian Hale

One hears a great deal these days about the importance of atmosphere, but at no time is it more important than at a Halloween party.

In fact, if the atmosphere is right the guests are bound to enter into the spirit of the affair and contribute their own entertainment.

If you must transform your Dutch Colonial or early Italian living-room into a witch's den you will find crepe paper, used lavishly, will create amazing atmospheric changes.

At the time you purchase the crepe paper get a supply of black cutouts of owls, witches and cats that come in assorted sizes.

You get a very elaborate effect if you cut the paper into inch strips and fasten it from the outer edges of the wall to the central chandelier. Make your window curtains and draperies of the strips, then loop them back after the manner of fabric curtains.

Some Suggestions

If you have an indirect lighting system your inverted bowl will lend itself nicely to decoration. To cover it with yellow paper, decorated with cats or witches, is a simple method, but a more novel idea is to use the globe for a head, covering it with paper and adding appropriate features.

Then build a body of cardboard and stuff and dress it. Crepe paper fringe makes very effective hair. Long

or as elaborate as one wishes. The table cover may be of figured or plain crepe paper, fringed or plain, with paper napkins to match.

For the centerpiece, the time-honored jack-o'-lantern, filled with fruit, favors or flowers, is always good. A witch's cauldron, suspended from three sticks, from which toy cats, witches and hobgoblins are scrambling, is in keeping with the Halloween spirit. Shocks of corn, apples, pumpkins and autumn leaves may always be used to good advantage.

Place favors may be paper flower cups, filled with candy or nuts, or small boxes with figures of witches or cats prancing above them.

A novel idea is to write fortunes on pieces of white paper, which will roll into tubes the size of a cigar. Stick together with a gold band, and tie a yellow ribbon around it.

Fancy caps add to the gaiety of such an affair. They may be of yellow crepe paper, sewed together with black yarn or pasted together and fringed.

Very lovely effects may be obtained by the use of paper flowers, patterns and directions for which may now be purchased at the favor counter. These are very easy to make.

Gummed seals with appropriate Halloween markings come by the box and give a festive touch to invitations and place cards.

Paper cups, plate and bonbon boxes may also be bought in a variety of styles.

If you live in the city you may have autumn foliage by the yard and frames for pumpkins when the garden variety is unavailable.
