ST. STEPHEN

St. Stephen, Nov. 21.—The Nurses of the Chipman Memorial Hospital tendered a "Welcome home" to Miss Branscombe their beloved superintendent, in which they invited a few of their friends to join with them. Both hostesses and guests were in fancy dress and much merriment was caused by some of the costumes. A delightfully entertaining program was carried out. Miss Susie Sharpe, in behalf of the Nurses heartily welcomed Miss Branscombe back, after her long absence, and in response Miss Branscombe told many incidents of her trip and showed a most interesting collection of snap shots. A number of musical selections were charmingly rendered, many of which had amusing original words set to familiar music. Something doing all the time prevented a dull moment from getting even a look in. Very delicious refreshments were served and it was near the midnight hour before the party broke up and the guests reluctantly went home.

Robert A. N. Jarvis, who has been acting American Consular agent here since the resignation of B. N. Call, three years ago has received notice from the Department of State, Washington, of his appointment to the position.

In connection with the prohibition of smelt bag net fishing above Chatham for the protection of bass fishing on the upper waters of the Miramichi it is understood that bass fishing will also be prohibited for a period of two years to allow this fish to accumulate. Bass fishing has been a profitable one on the Miramichi, but of late years the taking of so many small bass in the smelt bag nets has practically ruined that industry.

SHEDIA

Shediac, Nov. 20.—Dr. J. C. Webster of Shediac, who since giving up his active duties in the medical profession, is so rapidly becoming eminent as a speaker on matters historical, was recently in Shediac, in connection with the observation of Founder's Day of Mount Allison University.

Rev. Dr. Borden, president of Mount Allison presided at the meeting, introduced Dr. Webster, paying him high tribute for his marked ability as a speaker and pointing out that he was a Mount Allison man, who had made a name for himself on both sides of the Atlantic. The speaker delivered a most interesting and stimulating discourse on the need for the development of a national spirit. He regretted the evidence of lack of patriotism for one's country. He advocated more interest being taken in Canadian history, in our public schools. He very much appreciated the efforts of the Secretary of State, Hon. A. B. Cope, in getting the Federal Government to assist in producing lantern slides for illustrated lectures on Canadian history.

At the conclusion of the gifted speaker's address Dr. Borden read a letter from Dr. Webster, in which he offered to contribute to a five year lectureship in Canadian History, value \$200 per annum. The audience full of appreciation applauded the announcement. The following is Dr. Webster's letter: "In order to stimulate an interest in Canadian History, in the University and in appreciation of the stand taken by the regents of Mount Allison in regard to higher education in the Maritime Provinces, I should like to establish a five-year lectureship in Canadian history to the value of \$200 per annum. I think there will be no difficulty in obtaining competent lecturers to give short courses."

J. CLARENCE WEBSTER.

Chilly, disagreeable weather prevails at the seaside.

A large number of our citizens were in Moncton on Saturday to be present at "Dumbells."

After some weeks absence from his pulpit, owing to the very serious illness of his wife, Rev. Mr. Ives, held service in the Methodist Church on Sunday morning. The date was a little late for the regulation Thanksgiving service, but as he had been unable to be present at that time, he felt the occasion of Sunday morning a fitting time for a service of that nature. Mr. Ives gave a very earnest address, on our many reasons for being grateful to God for all his mercies. He took as his text: "It is a good thing to give thanks, unto the God." Before starting on his discourse, Mr. Ives in very appreciative terms spoke his gratitude to the congregation and to the many friends, who had shown him and his family kindness during the time of illness in his home.

Mrs. Ives is daily recovering her health.

Arthur Bourque of Montreal, is the guest of his parents, Mr. and Mrs. J. V. Bourque.

ST. JOHN WOMEN'S INSTITUTE MEETS

Prosperity was the marked characteristic of the reports that were given at the meeting of the Women's Institute held yesterday afternoon, at the home of the president, Mrs. T. N. Vincent, 5 Garden street. Enthusiastic plans were formulated for the winter's work.

A check received from the Thrift exhibit at the exhibition amounted to \$24.60 and it was voted that sufficient should be added to this to make following donations to orphanages and other institutions: Protestant Orphanage, \$15, and the same amount to the Rose Bud Tag, for the Children's Day; to the Home for the Good Shepherd; to the Mater Misericordiae and to the Old Ladies' Home on Broad street, \$15 in all.

Mrs. Richard Hooper, treasurer, reported that the proceeds of the tea at the Natural History rooms brought \$42.82 into the funds and it was voted to add to this and give \$50 to the Health Centre, in response to the letter that was received yesterday from Miss Melkielejohn asking for annual subscription of not less than this amount. The feeling was that time would bring financial aid to the Health Centre, through its various activities, and the donation was made for this year, with no obligation for another season. The Institute will however, make a similar gift again next year, if there is need. The funds

show a balance on the right side. The comprehensive report of Mrs. John Owens was full of interest as she told of her visit to the advisory board meeting at Fredericton.

A letter of thanks was received from the G.W.V.A., giving due praise to Mrs. A. J. Mulcahy, secretary of the Institute, and her band of workers, in which were included members of the Fundy Chapter. They were earnest helpers for Poppy Day. Hon. Dr. Roberts wrote to thank the society for a gift of tickets, and Miss Melkielejohn to tell of a letter that she had received from Miss Wetmore, the nurse that is being trained at the Toronto University, by the Institute from money earned at the tea room at the Exhibition. Miss Wetmore is enjoying her work and is studying hard. Mrs. Mulcahy was made the convener of the publicity committee.

"I Was Terribly Weak After Baby Was Born"

Mrs. H. McClure, Norwood, Ont., writes:

"After my baby was born, I was terribly weak and run down, with pains across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment for a rash which broke out on the baby, and the rash disappeared completely in a short time."
