COMMITTEE TO MEET EXECUTIVE,
OF Y. M. C. I. ON SKATING MATTER

President White of Maritime Association Made Statement Before Citizens' Committee Yesterday — Joe Page of Montreal Told How St. John Was Given Publicity in Large Centres and Made Suggestion—Hope That Some Arrangement Will be Made and International Meet Will be Great Success.

A meeting of the Citizens' Committee in connection with the International Skating Championships to be held here this winter was held yesterday afternoon in the Board of Trade rooms with R. Downing Paterson presiding. As was pointed out by the chairman that any communication between the Maritime Association and the Y. M. C. I. was not the business of the Citizens' Committee it was decided that the letter in answer to the Y. M. C. I. protest as sent to that body be read. In brief the letter stated that in accordance with the by-laws and the word received from President Taylor of the Canadian Association the Maritime Association was within its rights in granting the sanction as they did.

President White of the Maritime Association read a statement in which he said led up to the controversy between the Maritime Association and the Y. M. C. I. He said that last winter at Saranac Lake he talked the matter over with Mr. Taylor regarding St. John receiving the sanction for the International meet, that Mr. Taylor stated that they wanted the International for Montreal, but he was quite willing that St. John should have the International and Montreal, should take the Canadian championships.

Mr. White informed the committee that he had requested the Y. M. C. I. to make application for the meet, so that if a citizens' committee composed of affiliated clubs would not take the handling of the said meet that the Y. M. C. I. would. He said that there was a story going abroad that there was some personal feeling between him and the Y. M. C. I. in regard to a transaction last winter when the Y. M. C. I. had requested the sanction for the Canadian championships over his head as he had been the representative of the Canadian Association for 23 years, that the Y. M. C. I. had apologized for their action in the matter, that he had every respect for the Y. M. C. I. who had handled the Canadian championships in a capable manner and that he thought that every inducement should be made to have that body become interested in the handling of the International this winter. They had the arrangements well in hand last winter and he was sorry that that body could not see eye to eye with the Maritime Association. He was quite satisfied that the representatives of the different clubs in St. John could handle the championship events just as well as any other body.

When asked how the different clubs represented on the citizens' committee became affiliated with the Maritime Association, Mr. White replied that when the Maritime Association was being formed invitations were sent to different clubs and that those clubs who sent delegates for the organization then became affiliated. There was no representative of the Y. M. C. I. at yesterday's meeting and Ronald McAvity pointed out that the letter from the Maritime Association had not been sent to the Y. M. C. I. until yesterday morning and that it had not given sufficient time for that body to even reply to the same, and although the matter was between the Maritime Association and the Y. M. C. I. and the Citizens' Committee had nothing to do with it, but he thought that nothing further should be done as organization until the Y. M. C. I. had come to reply to the letter. Mr. McAvity pointed out that the Y. M. C. I. had done considerable toward the

benefit and the development of amateur sport in the city and that every inducement should be held out for their co-operation in the handling of the big International Meet and making it a success.

A. W. Covey in a brief address took exception to the remarks of Mr. McAvity regarding the Y. M. C. I. and said that the Y. M. C. I. were only after events where some money could be made from it.

Mr. Covey then dwelt on some points that the Y. M. C. I. had held in which he thought were not really for the benefit of the amateur game in the matter that they had asked for a reduction in the price asked by the East End ground when there was a shortage in the receipts, and quoted other instances where the amateur association had run sports with a deficit without asking for any rebate.

This matter was not discussed by the committee and it was the general feeling of the speakers that the Y. M. C. I. should be requested to assist in the holding of the International.

Mr. White said that it had been his intention to make this International a big affair for St. John and that was the reason he wished all of the clubs to take part.

Joe Page of Montreal who was an invited guest at the meeting was called on by the chairman for a few remarks and stated that the International meet was being booked all over the United States and was proving a big boom for St. John. The skating racing last year where such a large gathering was present, and the ability of Hilton Belyea the St. John skaterman worked wonderfully as a boost for St. John, and that he was satisfied that should the International meet be put over as successfully as the Canadian last year, there was no doubt but that St. John would be in line for the World's Championship sports. He was always interested in sports, and especially in boosting St. John and had heard remarks passed about the able manner in which the Y. M. C. I. conducted the meet last winter. He was not favoring any one club, but he was anxious that there should be no hitch in the coming meet, but that being run successfully it meant a great deal to the city as far as publicity was concerned. From what he had learned from reading the papers the Y. M. C. I. was quite willing to act with any one affiliated body in holding the International, and as a suggestion he thought that perhaps a citizens club could be formed giving the Y. M. C. I. an equal number of votes and in this manner the difficulty could be overcome.

The suggestion made by Mr. Page appeared to be quite favorable to the majority of the delegates and it was decided not to proceed with the appointing of committee until more definite word was received from the Y. M. C. I.

On motion of Kenneth Haley, seconded by Ronald McAvity the chairman was requested to appoint a committee to act with President White to interview the executive of the Y. M. C. I. with a view of coming to some agreement, and that this committee have power to act.

After some further discussion the resolution was carried with only two members dissenting. The committee chosen are Kenneth Haley, Norman P. McLeod, C. Mersereau, and R. Downing Paterson. The meeting adjourned until the call of the chair.

THREE LEADING CHAMPIONS ARE
YOUTHFUL STARS OF THE LINKS

LEFT TO RIGHT: GENE SARAZEN, GLENN COLLETT, JESSE SWEETSER

By Billy Evans

Youth reigns supreme in golf. When Glenna Collett won the recent women's national championship over the White Sulphur Springs course her victory rounded out the triumvirate of youthful national golf champions, Gene Sarazen, Jesse Sweetser and Glenna Collett.

Gene Sarazen, who has just turned 21, was the first to break into the spotlight of golfdom. Sarazen, by his remarkable victory at Chicago over one of the greatest fields ever gathered together in a national tournament, produced the greatest golfing upset of the season.

Sarazen's victory was first regarded in the nature of a fluke. He had a good day and more than his share of golfing luck, said the experts. However, it didn't take Sarazen long to prove that he was more than a mere flash.

Sarazen No Mere Flash
When he won the honors in the

professional golfers' tourney, and later followed it up by decisively defeating Walter Hagen in a special match. Sarazen proved that he was justly entitled to be ranked with the greatest golfer of the year.

Sarazen's victory over Hagen really established him more firmly in golfing circles than his two other great wins. He met Hagen in the world series of golf and after trailing him for 36 holes he came from behind to win.

Jesse Sweetser, who won the national honors by defeating the great "Chick" Evans in the finals, scored a victory that was almost as sensational as that of Sarazen when he beat the country's best.

Sweetser was born April 13, 1902, which means that he has yet to cast his first vote. Sweetser is a student at Yale. In 1920 he won the intercollegiate golfing honors.

Scored a Great Triumph
In many ways even more remarkable than the triumphs of Sarazen and Sweetser was that of Glenna Col-

lett in winning the national women's championship.

Only a 19-year-old girl pitted against the game's greatest players, she upset the dope of the critics by playing consistent golf that couldn't be denied.

The final match certainly had an international flavor. Miss Collett being paired with Mrs. W. A. Gavin, one of Great Britain's leading players, who has enjoyed a much wider experience as a golfer.

When asked for her golfing formula so that all women golfers might be enlightened thereby, Miss Collett simply said:

"I don't know how to account for my success other than that I love the game. Some folks take to golf like a duck to water. They seem to have a natural aptitude for it. Perhaps it is so in my case. That explains part of my success, the major portion of it is due to the efforts of my instructor, Mr. Alex. Smith."

QUESTION OF FOUL
UNSETTLED BY FILM

Movement of Siki's Feet
Noticeable and Carpenter's Fall Is Clearly Shown.

Whether Battling Siki fouled Georges Carpentier in the sixth round of the contest which wrested the title from the head of the popular French idol is a question which cannot be answered by viewing the film. The fall of Carpentier is clearly shown, although the actual blow is not apparent. As the Frenchman went to earth with his back to the camera the subsequent proceedings cannot be distinguished. It is true that the movement of Siki's feet may be seen but it is probable that he was merely recovering his balance after Carpentier had been felled. However, those who are interested and sufficiently curious may sit in judgment each for himself by visiting the New Grand St. Catherine street west and there viewing the pictures of the fight, which are exhibited several times daily, both afternoon and evening.

The film is an interesting one, but the distance between the camera and the fighters is so great that the detail is not always clear. There is a great deal of hugging and holding and the lens did not always record what effect this fighting had on either fighter. The film, which had been taken at the usual rate is shown in contrast with film taken at a speedy rate, which gives the observer a more time to seize upon some of the points made. However, even the fast film does not offer sufficient detail to settle the disputed question.

In the first round there was a great deal of holding and Carpentier is shown as frequently giving way, although it would appear that the Senegalese was not particularly aggressive. In the second round each fighter landed on the other, but on the whole it was Carpentier's round.

In the third round Carp was more aggressive, although Siki slammed him into the ropes on one occasion. In the fourth Siki first carried the fight to Carp and was rewarded by a merry fusillade, in which the Frenchman appeared to have landed frequently. The negro took his punishment and was fighting at the end, having the better of the last stage of the round.

In the fifth round Carpentier sent Siki down, but the latter was up promptly. Later Carp slipped against the ropes and the big black helped him to his feet and the Frenchman was again busy with his opponent.

In the sixth round Carpentier was felled near his own corner and went down with a real slump. He is shown plainly trying to regain his feet, but is impotent, and an instant later has drawn one arm across his face, the action of a dazed man. He was helped to his feet, but after being revived in his corner walked unassisted to his dressing room.

MALONE AND SHADE
NOW HEAVY HITTERS

These Two Eminent Boxers
Seem to Have Started Knockout Campaign.

In the results of two boxing bouts recently there is food for reflection on the part of Mickey Walker, the new welter champion, and also for Dave Rosenberg and other contenders for the middleweight crown.

Dave Shade, chief thorn in the championship side of Walker, knocked out Jack Perry in the seventh round of a bout in Boston, and as Perry is not accustomed to being knocked out by the best of the welters the victory would seem to indicate that Shade is developing a knockout skill. If he retains this quality when he meets Walker the resultant combat would be doubly interesting.

Jack Malone, who claims to be the middleweight champion of the West (this despite the insistent claim that he is the St. Paul welterweight) knocked out Johnny Shea of Cleveland in the fifth round of a bout at the Queensberry A. C., Buffalo. Shea lacks the class of Perry, yet Malone, who is not in the habit of stopping his opponents, must also be acquiring a knockout blow. It is to be hoped that Shade and Malone soon will have an opportunity to exhibit their newly found clout before a New York assemblage.

Reports are in circulation to the effect that an official at the Broadway Exhibition Association, Brooklyn, was attacked and brutally beaten last Monday night by the manager of one of the contestants in the main bout between Terry Martin and Eddie Anderson.

The decision of the judges was a draw, to the satisfaction of the manager on the official is said to have taken place in the dressing room after the contest in the ring had been finished. As the office of the Boxing Commission was closed yesterday no official confirmation of the report could be obtained.

Dave Rosenberg and Mike O'Dowd are to meet at the Ring S. C., Brooklyn, Thanksgiving Day afternoon and will weigh 160 pounds at 9 a. m. on the day of the combat. The former champion is said to be in excellent physical condition at the present time.

Willie Hoppe is AGAIN CHAMPION
New York, Nov. 22.—Willie Hoppe is again the 18.2 ball line billiard champion. He regained the title last night in the final match of the international 18.2 ball line billiard championship, defeating Jake Shafer, title-holder, 500 to 285. He won in the 12th inning with an unfinished run of 106.

CARPENTIER MAY
MEET BECKETT
OF ENGLAND

French Fighter Still Suffering
from Bad Hands and Unable to Resume Training.

Paris, Nov. 23.—Georges Carpentier still suffering from bad hands, is unable to resume training, but there is much talk in sporting circles of a match between Georges and Joe Beckett of England, as well as a deal of speculation as to whether Carpentier will enter the competition officially opened by the Boxing Federation for the light heavyweight title made vacant by the disqualification of "Batling" Siki, conqueror of Carpentier. Neither Carpentier nor his manager, Francois Deschamps, however, are ready to say what the plans for the future are. It is thought that Georges is waiting to see what sporting opinion is likely to be regarding the ex-champion's entrance into the competition to regain his lost title and also to get an idea as to the prospects of the tournament's successors.

"SOLDIER" JONES
WON IN ENGLAND
Stopped Ken McLaglen in the Fifth of What Was Scheduled as Twenty Round Fight in London.

London, Nov. 23.—(Canadian Press) "Soldier" Jones, the Canadian pugilist, defeated Ken McLaglen, of Chiswick, last night, at Shepherd's Bush, London, in what was to have been a twenty round bout, but ended in the fifth with McLaglen's retirement. It was a very one-sided contest from the start. McLaglen showed little relish for his work. Jones felled him in the first round with a right to the jaw for the count of eight, and in the second round he drove McLaglen all around the ring. In the third, however, McLaglen landed a series of lefts to Jones' face, but the Soldier was plainly holding himself in reserve. He sent McLaglen to the floor twice in the fourth. In the fifth Jones attacked McLaglen fiercely, and after the latter had taken considerable punishment the towel was thrown into the ring and Jones declared the winner.

Eric Thomson
Wins Trophy
Pinehurst, North Car., Nov. 23.—(Special to the Journal)—Donald Par-

son, of Youngstown won the Carolina tournament at Pinehurst today, with a 3 and 2 final victory over E. J. Bar-

ney of Knollwood. The Governor's trophy, to the winner of the second sixteen, went to Eric D. Thomson of Rothesay, N. B. Thomson played against H. C. Fowles, the Oakmount veteran, and won 2 and 1.

Healey puts out
Moncton youth
Halifax, Nov. 23.—Nedder Healey, Halifax, welterweight, who recently entered the pro ranks, knocked out Harry Lyman, of Moncton here tonight in the eighth round of a scheduled ten round bout.

Yankees will
Train in New Orleans Mar. 10
Paris, Nov. 23.—M. Hellers, manager American baseball club announced today that the team again would train in New Orleans next spring, rejoining March 10.

The players will remain in New Orleans until April 4.

All is fair in love and war and when a man says, "Is it cold enough?"

FOOTBALL IN THE
UNITED STATES

With Yale and Princeton in the
Limelight This Afternoon
It Is the Chief Game of Interest—Harvard Will Play
Brown—Other Games.

New York, Nov. 23.—With Yale and Princeton in the leading drama, football will stage another host of spectators on eastern gridirons tomorrow. While the Tiger and the Bulldog grapple at Princeton, other contests of scarcely less interest will bring together Harvard and Brown, Pittsburgh and Washington and Jefferson, Pennsylvania State and Pennsylvania, Colgate and Syracuse, and Dartmouth and Columbia.

The victory in several of these games, will hinge on the mood of the pigskin gods. This is particularly true of the Yale-Princeton contest.

In no respect does one team stand out as strongly superior to the other, and as was the case in the Princeton-Harvard clash last Saturday, the human equation, the fumble or the brilliant individual feat—may tip the scales.

Princeton, with sensational victories over Chicago and Harvard, is a team tried and ready for its closing battle of the season. The players will enter the contest confident, but not dangerous, realizing the worth of their opponents.

Princeton has strong offense with good running plays and an overhead attack capable of holding the secondary defense deep in its own territory. In addition there is the football alertness and keen ball-following intuition which has stood the Tigers in such good stead.

HOOVER IS NOT
GUILTY, HE SAYS

Madison, Wis., Nov. 21.—Walter Hoover, world champion sculler, pleaded not guilty when arraigned here today on a charge of fourth degree manslaughter. The charge resulted from the death of Herbert Seeley of Oregon, while in an automobile accident in which Hoover figured. The athlete, whose home is in Duluth, was released on \$10,000 bail. A preliminary hearing will be held tomorrow.

JACK JOHNSON
FEARS LITTLE MEN

New York, Nov. 23.—Jack Johnson heavyweight boxing champion once thinks smaller men are more dangerous than big.

He said so recently during his examination before Herman Hoffman of 237 Broadway, referee, to determine if Johnson were served legally with a subpoena in supplementary proceedings growing out of the alleged non-payment of a theatrical contract with Barney Gerard.

Nathan Burkan, representing Barney Gerard, asked Johnson if he were afraid of Louis Gerard, who claims to have served the subpoena.

"I'm always afraid of a smaller man," was the reply. "They're more dangerous than big men. They're cunning. They can run around your legs quicker."

Worcester, Mass., Nov. 23.—Jackie Clarke of Scranton, Pa., was awarded the decision over Pal Reid of Boston at the end of their ten round bout here tonight. The men are middleweights.

Radium
Radium, most serious substance in the universe, drops to the lowest price ever. Seventy thousand dollars a pound as much as \$120,000 bought six months ago.

It is dangerous with cancer. It is dangerous, the marvel healer, is subject to the same law of supply and demand as everyday necessities. The price is down because supply exceeds buying—though the total supply of pure radium in the world is not much more than five ounces.

LOCAL BOWLING

GAMES LAST NIGHT.

In the City League on Blacks' Alleys last night the Lions took three points from the Juniors.

In the Commercial League on Blacks' Alleys, the Atlantic Sugar Refiners captured three points from Ames-Hol-

tonight Emerson and Fisher and Maritime Nall Company will roll.

In a matched game in the Armouries Alleys last night, the Postal Service and Dominion Income Tax teams split with two points each.

In the Garrison League on the Armouries Alleys last night the R.C.O. C. took all four points from the Fusiliers.

In another match of the Garrison League, the C.A.S.C. defeated to the Headquarters team.

In the C.P.R. League, in the two men matches, No. 4 team won three points from No. 8 team. No. 3 team won three points from No. 1 team.

On the Imperial Alleys last night, Thomas Jenkins rolled an exceptionally high score of one hundred and fifty three in the C. P. R. League.

In the Wellington League, on the G.W.V.A. Alleys, the C.N.R. team took three points from Schofield Paper Company.

In the Canadian Fairbanks-Morse match, the office staff took all three points from the shipping room on the Y.M.C.A. Alleys.

Last night in the Y.M.C.I. House League, after a most interesting game, the Owls won three points from the Robins.

Last night on the Victoria Alleys, in the Clerical League, the Sugar Refiners team took three points from the Jays.

Just when people were feeling better toward Germany she begins exporting musical instruments.

SOME QUESTIONS

St. John, N. B., November 22, 1922.

The Sporting Editor,

The Daily Journal:—

Dear Sir:—May we beg the favor of space in your columns to ask Messrs. White and Covey some questions which the sporting-public-at-large are desirous of having answered.

At the meeting held on Monday, Mr. White claims that Mr. Taylor stated that the C. A. S. A. has held several meetings and he does not see why the M. A. S. A. cannot hold the meet—the M. A. S. A. is not going to hold the meet as they have handed it over to the Citizens' Committee (a committee which is here today and gone tomorrow) to run; if the M. A. S. A. for one reason or another did not want to hold the meet—why did they not hand it over to an affiliated club to run on their own resources and not draw the city in to the extent of two thousand dollars.

Mr. Covey states in the Telegraph of Tuesday that the M. P. B. A. A. U. of C. has no control over skating or rowing; then, why did the said gentleman prohibit Miss Robinson from performing at the Professional Skating Races held here last winter?

And since the M. P. B. A. A. U. of C. has no control over rowing, why did the said gentleman try to prevent that benefit game from being played, what I mean is that he tried to prevent Hilton Belyea from receiving the proceeds obtained by the said game.

Thanking you in anticipation for your valuable game, we are,
The Board of Directors of Tamany Hall.

U. L. WILLIAMS, Jr., Secretary.

Bachelors are always at large.
