Military Buildings at Fredericton Are Turned Over to Interior Dept.

Fredericton, Dec. 14—All of the military property in Fredericton, with the exception of the armouries and drill shed and part of the parade ground on Carleton street and the old government house property on the Woodstock road, has been transferred to the Department of the Interior for disposal.

"The soldiers' barracks property on Queen street, west of Carleton street, now occupied by the New Brunswick Liquor Commission as headquarters for the distribution of liquors throughout the province under the Prohibition Act, will probably be taken over by the provincial government and retained for its present purpose. The Park Barracks property has been discussed recently as the probable site for a new high school."

"If the property passed to private ownership the result would be an immense increase in the taxable property in the city. No values on the various properties have as yet been fixed by the federal authorities, it is understood, but they will run into hundreds of thousands of dollars."

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Fredericton Y. M. C. A.
Suspends Activities

Fredericton, Dec. 14—Y. M. C. A. activities in Fredericton have been finally suspended for an indefinite period, as a result of the recent fire which destroyed the organization's property on York street, and did other damage amounting to \$100,000, leaving the association without quarters.

The board of directors at a meeting here decided to release the salaried officials of the organization as from the end of the present month, including the general secretary and the physical instructor. The former is J. C. Reid, of Halifax, who came here a few months ago.

Tenders which had been received and considered for the purchase of the Y. M. C. A. property, the ruins and site of the old building on York street, were not satisfactory and the board declined to accept any of them. It is understood that a price of \$12,000 has been placed upon the property.

N. B. FARMERS
MUST GET AID

T. W. Caldwell, M. P., in Address Tells of Reforms Needed—Fred Smith Talks.

(Special to The Journal)

Hardland, Dec. 14—Thomas Caldwell, M.P., for Carleton and Victoria Counties, addressed about thirty farmers and business men in the Neighborhood Theatre this afternoon. Mr. Caldwell briefly dealt with the Potato Grading Act, explaining that when this act was introduced it pertained only to Canadian potatoes, but he was able to get a new clause covering potatoes offered for sale in Canada. He pointed out that the freight rates were from 40 to 100 per cent less in Eastern Canada than in Western Canada.

Mr. Caldwell said that the banking act should be revised and the government should compel the banks to call in all paper money and let the government issue it instead. In speaking on the new government immigration plan, Mr. Caldwell pointed out that it was folly on the part of the government to bring settlers from other countries at the present time. He regarded the idea as a scheme whereby companies holding large tracts of land in Canada would be able to dispose of their lands to those settlers who are prepared to make a small cash payment of \$2 per acre and the government guarantee to pay the balance.

Finally Mr. Caldwell took up the financial difficulty which faces the farmers at present. He is endeavoring to get the strength of the farmers together and petition the legislature to grant a loan to the farmers as is being done in Manitoba. The loan would be of a 30 year duration at six per cent interest.

Fred Smith, M.L.A., also spoke of the cold reception which the farmer committee headed by Mr. Caldwell received from the provincial government and said the chances to get a loan for the farmers from the Foster government were slim.

William Raymond, chairman, also spoke a few minutes, impressing upon the listeners to keep in mind the good advice received from Mr. Caldwell.

The Empty Stocking; Poverty's Nightmare

This cartoon portrays vividly the nightmare which is hanging over many St. John mothers as Christmas approaches. The husband is dead, sick, out of work, gone. The children have nothing but the mother's instinct to protect them; the mother nothing but the memory of a romantic girlhood and the ghastly facts of present poverty.

Christmas, not a happy season for

her, crowds into her little world like a nightmare, for she cannot fill the empty stockings of her needy brood. Will YOU help her and will YOU help to fill the hundreds of empty stockings which will be unfilled this Christmas in St. John unless "somebody cares?"

Send in a cheque, a bank note, some loose change, to The Journal's Empty Stocking Fund. Think how happy you

plan to make your kiddies, and ask them if they cannot spare something to make other kiddies happy. This is a great appeal. Answer it today. The time is short.

Come, let us all give and see how much happier we will be Christmas morning when we think how happy we made others.

Have Dark Hair And Look Young

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy soft and beautiful.

So genuinely good is its reputation in our Home Provinces here in the East, folks who like good Tea are wont to say: "We use RED ROSE TEA."
