Mr. Max A. and Mrs. Pooler, are guests at the home of Mrs. C. J. Coster, who has taken over the beautiful residence so long occupied by the late Senator and Mrs. Ellis, 219 Princess street.

Dr. S. Huestis, who was formerly of Halifax, has been visiting old acquaintances there, and renewing old associations. He will return this week to the home of his daughter, Mrs. Geo. Dana, in Sussex, where he now makes his residence at the Methodist parsonage.

Mrs. W. M. P. Webster, of Halifax, is entertaining as guests her sister, Mrs. Chateaufort, of Quebec, and her son, Peter, who has been visiting here, and will join her mother in Halifax on Tuesday.

Miss Darrell, Miss Smith and Miss Woods, of Bermuda, returned home yesterday, after a pleasant visit with Mrs. Coster, 219 Princess street. Though the weather was not as cheery as they might wish, the ladies were pleased with the place, and enjoyed thoroughly their entertainment with Mrs. Coster. Other tourists from the south will arrive this week.

Mrs. J. J. Wall was recently a guest of Mr. and Mrs. Jenner, Moncton. Mrs. Josephine Loretto, and Miss Florence Wall were with her.

Miss M. McCabe, of Montreal, is at the Clifton, making preparations for demonstrating at some point in the city, the virtues of the prepared coffee put up by the G. Washington Co. of New York. This seems to be a new branch of work that is being largely controlled by the women all over the country, and is opening a field of endeavor for women who are obliged to earn their living, or who wish to see something of the world and cannot do so without paying their way. Miss McCabe will be in the city for two or three weeks. She came here from Three Rivers, Quebec, where she was working there for the company.

The tourists still continue to pour into the city and as easily flow out, the claim of many when asked the reason for this sudden exit being that there is no history here, such as the story of Evangeline. If only someone would write a poem about all or some of the people that have lived and died here, who did not have to go up and down the country chasing a lover, there might be some interest shown in St. John. Poets are so morbid!

They were expected to arrive in Montreal on Monday and it is not known as yet, whether they will be much interested in hearing what they have seen on their trip.

An area, some seventy-five acres in extent, was covered.

The setting of a fire without permit is a serious offence and action in this matter is probable.

The fire on Jacquet River, which was reported a few days after the Coal Branch fire, is under investigation. A considerable area of the land of the River Louisa Lumber Company was covered.

A fire on Cain's River was reported at the same time as the Coal Branch fire. Men sent in to investigate have reported that thought there was smoke no fire was discovered. It is possible that the persons responsible for the blaze extinguished it themselves.

Weather conditions now are unfavorable to fires.
